SPORTING.

A home run by Catcher Gibson enabled the Pirates to win from the Giants, 2 to 1.—Page 8.

Local tennis players show fine skill in the tourney and close contests are the rule.—Page 8.

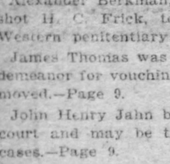
Jesse Tannehill pitched a great game for the Boston team and defeated Chicago 10 to 1.—Page 8.

FINANCIAL.

Pittsburgh Coal preferred broke to the lowest price of the year, foreshadowing the passage of the dividend. New York stocks extremely dull and closed fractionally lower. Wheat made a slight rally.—Pages 12 and 13.

THE WEATHER

Fair weather with continued high temperature are the predictions for Pittsburgh and vicinity furnished by the official observer at Washington. The maximum temperature in Pittsburgh yesterday was 93 and the minimum 75 degrees. The sun rose clear at 5:03 o'clock and set cloudy at 7:49. The daily report, furnished by the local weather office, follows:



Fair.

Time.	Baro.	Tem.	Hum.	Wind.	Weather.
8 a. m.	30.04	78	74	W.	Clear.
8 p. m.	29.88	86	51	W.	Cloudy.

Comparative temperature and precipitation for July 18:

Five Deaths and Fourteen Prostrations in Pittsburgh District.

HOTTEST IN YEARS

The Street Thermometers Range All the Way from 100 to 115 Degrees.

PREDICTIONS GIVE NO RELIEF

Encouraged by its success of Monday, the mercury started out yesterday morning with renewed ambition and saw the 92 degree limit of the previous day and raised it one, registering 93 degrees in the official weather bureau thermometer on the roof of the Farmers Bank building at 3 o'clock yesterday afternoon. The suffering throughout the city was intense and was most keenly felt by infants and those employed in the mills. At a late hour last night 5 deaths and 14 prostrations had been recorded in this vicinity. The following was the official registration by hours, beginning at midnight on Monday:

12 midnight	78	12 noon	88
1 a. m.	77	1 p. m.	88
2 a. m.	76	2 p. m.	89
3 a. m.	60	3 p. m.	93
4 a. m.	68	4 p. m.	91
5 a. m.	69	5 p. m.	91
6 a. m.	70	6 p. m.	89
7 a. m.	72	7 p. m.	88
8 a. m.	78	8 p. m.	86
9 a. m.	82	9 p. m.	83
10 a. m.	86	10 p. m.	81
11 a. m.	87		

A peculiar coincident with the high mark of yesterday, 93 degrees, is the fact that on July 18, 1904, just one year ago, the same high mark was reached, and that 93 degrees is the highest temperature recorded on that date in this city in the last nine years. Yesterday was the first July 18 in nine years in which there was no rain. The humidity yesterday ranged from 74 to 51.

While the figures given above are those of the local weather bureau, and were registered on the highest extremity of the Farmers building, street thermometers registered anywhere from 100 to 115 degrees yesterday, according to their position in respect to the sun.

Official registrations show that Philadelphia and Baltimore were the hottest cities in the country yesterday, both attaining a maximum temperature of 98 degrees. New York and Washington reached a maximum of 96 each, and St. Louis and Chicago 94 each.

The following is a list of deaths and prostrations, though a score of the latter received home treatment and were unrecorded:

THE DEAD:

JOSEPH VORIS WALKER, aged 5 months; died at the home of his parents, 1313 Margaret street, Munhall.

JAMES ROOSEVELT CLARK, aged 7 months; died at noon at the home of his parents in Fourth street, Rankin.

PETER M'DEVITT, aged 70; found dead in club house near Calhoun park; death due to heat.

JOHN WICKHAM, aged 42, of Butler extension; overcome on the Sharpsburg bridge while returning from work Monday evening and died at his home yesterday morning.

JOHN WIX of Seeley avenue, near Butler street; overcome while working on the Six Mile dam yesterday morning and died shortly after.

PROSTRATED:

WALTER A. CRAIG, foreman at 40-inch mills, Homestead; overcome yesterday morning and taken to his home in Frank avenue, Whitaker, in serious condition.

LOUIS HEMMINGER; overcome while working in the Howard axle works, Homestead. Taken to his home in Lincoln place and condition pronounced critical.

FRANK KEASHA, a Pole of Dookers hollow, North Braddock; driven temporarily insane by the heat and found naked under a train in the Bessemer railroad yards yesterday afternoon; taken home.

ANDY SCHINKO, aged 26; overcome in American locomotive works in Woods Run yesterday morning while carrying a bar of steel. Bar fell upon his feet, crushing both. He was taken to St. John's hospital.

FRANK BRICTO, aged 35, of Spring Hill, Allegheny; overcome while walking along Vintal street. Taken to Allegheny General hospital.

JOHN FERENTO, aged 16, of Sharpsburg; overcome in Sharpsburg street car at Penn avenue and Sixteenth street and fell off the car. Was taken home.

GEORGE SNYDER; overcome in the 38-inch mill at Homestead and taken home.

GEORGE SUMMERS, aged 18; overcome in the 18-inch mill, Homestead, and taken home in ambulance.

TONY BOLONAR, repairman of the P., V. & C. railroad; overcome while at work and taken to his home in Cochran.

J. J. O'LEARY, aged 35, of 500 Avery street, Allegheny; prostrated last night at 9 o'clock while walking along Resaca place. He was removed to the Allegheny General hospital.

ANDREW JOHANA, aged 30, of 1485 Gladstone street, Allegheny; dropped while at work yesterday afternoon at the American locomotive works, Preble avenue. Taken to St. John's General hospital.

CHARLES A. GIVEN, druggist of Chartiers avenue, McKees Rocks; prostrated yesterday noon and remained unconscious until 9 o'clock last night. He is in a serious condition.

JOSEPH MILEN, aged 40, of 21 South Eighteenth street; overcome at his home and removed to the South Side hospital. Condition critical and not expected to recover.

UNKNOWN MAN, foreigner; overcome while at work in the Jones & Laughlin mill and removed to the South Side hospital.

The extreme heat of the past two days has made a notable increase in the applications at the public baths, and while hundreds of men and women have been accommodated it was necessary to deny the privilege to some. The demand upon the swimming pool of the Carnegie club in Braddock has become so heavy that the management has decided to restrict further admission during the season to ticket.

The official forecast as given by the Washington observer last night does not offer much hope for relief for today or tomorrow, the prediction being for continued clear and warm weather for both days.

President Sleeps Out With Boys.

OYSTER BAY, N. Y., July 18.—President Roosevelt, with three sons, accompanied by a party of cousins and friends, left Sagamore Hill this afternoon on their annual camping out expedition.

New York's Death List Runs Up to Twenty Before Sunset.

RECORD ELSEWHERE

Parks Are Thrown Open to Afford Relief to Suffering Poor of Cities.

KEEPER IN THE ZOO DIES

[By Associated Press to The Gazette.]

NEW YORK, July 18.—An area of oppressive heat that brings to mind with unpleasant vividness the record-breaking summer of 1901, has settled down over the eastern and New England states, already numbering hundreds among its victims and causing indescribable suffering to thousands in this and other cities.

From all points tonight came the story of the hottest day of the summer, attended with frequent prostrations and not a few deaths. Philadelphia reported a maximum temperature of 98.3, the highest figure officially noted. In this city the weather bureau's high mark was 96, while in Boston, where the sun's rays are wont to be tempered by an east wind, a temperature of 94 was recorded.

The official thermometers located in exposed places above the street did not, however, indicate the temperature in which the ordinary mortal moved, and many street thermometers indicated a temperature of 100 or higher, some reliable instruments registering 104 and 105. Following are the maximum temperatures officially recorded in the larger cities, with the known cases of prostrations and deaths:

Deaths and Prostrations.

City.	Max. Temp.	Prostrations.	Deaths.
New York	96	190	26
Philadelphia	98.3	50	5
Baltimore	97.3	5	..
Washington	95	3	..
Boston	94	4	1
Buffalo	78	2	1

The above figures by no means represent the sum of human suffering today, as an endless number of victims who collapsed at home, in the office or workshop were privately attended. Tonight there was no sign of relief, and the roll of fatalities must necessarily be increased by many who having thus far withstood the ordeal, are so weakened as to leave them more susceptible to the heat of tomorrow.

Score Dead in Gotham.

Twenty persons were killed and 58 were prostrated in New York before sunset. Ten of the deaths occurred in Brooklyn. The heat was of the dry variety—most likely to produce sunstroke.

The police reports of deaths and prostrations began to come in early, the stifling atmosphere proving especially deadly to babies. It was stated at the offices of the board of health this afternoon that from figures already at hand the number of deaths from heat on Saturday, Sunday and Monday was 33. For the week ending Saturday noon there were 46 deaths from heat or sunstroke, as it is officially recorded.

The suffering was intense, especially in the crowded tenement districts, where scarcely a breath of air relieved the stifling atmosphere. Thousands who could afford the holiday flocked to the beaches, but even in the crowds, women and children fainted and men were overcome, making the trip from home a doubtful experiment, so far as securing any comfort was concerned.

Children's Friend a Victim.

"Jake" Cooper, keeper of the monkey house at Central park, famous as an elephant trainer, and the idol of the children who frequent the "zoo," was among today's victims.

The expected strike of ice men today did not materialize. A few ice wagon drivers stopped work, but deliveries continued.

Prompt action was taken today by the police and park commissioners to alleviate in some degree the suffering of the public. Orders were issued keeping open throughout the night the park gates, and permitting those who would to spend the night in these places. Thousands of men, women and children deserted their crowded and stifling apartments tonight for a bed upon the cool grass. Thousands of others, too exhausted to reach the recreation grounds, slept upon the pavements in front of their homes.

PHILADELPHIA, July 18.—Five deaths and 45 prostrations due to the continued high temperature were reported in the city up to 10 p. m. The maximum temperature was recorded at 3:35 p. m. when the government thermometer on the roof of the federal building registered 98.3 degrees, and the minimum for the last 36 hours was 77.

Ticket Came Too Late.

LINCOLN, NEB., July 18.—Mrs. J. B. Pickrel died today as a result of the heat. Her husband went to his home with a railroad ticket which his wife was to use in traveling to a cooler place, and found her dead.

NEW HAVEN, CONN., July 18.—Reports from all sections of the state show that between 3 and 4 o'clock in the afternoon the mercury almost touched the 100-degree mark in several cities, but despite this fact there were only two deaths, one in Meriden and one in Greenwich.

SCRANTON, July 18.—Lewis P. Davis of Taylor, died from sunstroke today, and an unknown Polander was prostrated.

CHICAGO, July 18.—This was the hottest day of the year for Chicago, the mercury registering 95 degrees for two hours this afternoon. Up to 10 o'clock tonight, five deaths and 17 prostrations had been reported to the Chicago police.

WEATHER OBSERVER GIVES HIS ADVICE

WASHINGTON, July 18.—Prof. Henry, the weather bureau forecaster, says if people will not eat so much heat-producing food, will drink no alcoholic beverages, and will walk slowly, they can stand the heat strain of the next few days very well.

PRINCIPALS IN THE LOCKJAW TRAGEDY

Frederick Carlton and His Two Wives.

WEAVER SELECTS NEW COUNSELLOR

Julian T. Davies Will Advise Philadelphia Mayor in His Battle.

AWAITING BELL'S RECOVERY

THE PITTSBURGH GAZETTE BUREAU, Press Building, PHILADELPHIA, PA., July 18.

The accident of which District Attorney John C. Bell was a victim, has forced a change in the plans of Mayor Weaver and his legal advisers. The suggestion of Elihu Root that the co-operation of Mr. Bell should be sought in the prosecution of the criminal cases which it is proposed to institute, is to be followed, and out of courtesy to Mr. Bell all action will be deferred until he has recovered from his injuries sufficiently to discharge the active duties of his office.

Another important development today was the announcement by Mayor Weaver that he had chosen a legal adviser to succeed Mr. Root. The new counsel is Julien T. Davies, of the firm of Davies, Stone and Auerbach, of New York. Mr. Auerbach is also interested in the cases, being counsel of the committee of 70.

Announcement of the various steps that had been decided upon was made today immediately after a conference between Mayor Weaver and former Judge Gordon, his counsel. They met at Broad street station, and walked to the mayor's private office in South Penn square. There they separated, but within half an hour they were closeted in city hall.

The second conference lasted nearly an hour, and at its conclusion Mayor Weaver gave out the following statement:

"At Mr. Root's suggestion I have retained Julien T. Davies, Esq., of the New York bar, to succeed Mr. Root and act with my Philadelphia counsel and the lawyers representing the various committees."

Shortly after the mayor had given out his statement Judge Gordon issued one in which he outlined the course that would be taken in regard to prosecutions. He said:

"I am not at liberty to state now who will be included in the future criminal proceedings, but you can rest assured that the course of the mayor will follow the law in the facts impartially and consistently to their logical and just end."

MURDER AMERICANS AND ARE PUNISHED

WASHINGTON, July 18.—The state department has received the results of the decision of the Mexican courts in the cases of those tried for the murder of two American citizens, Clarence Way and Edward B. Latimer. Francisco Castro, the principal, was sentenced to death and the accomplice, Fidel Carrasco, was sentenced to 10 years' imprisonment.

Troops Protect Negro from Lynchers.

SALMA, ALA., July 18.—The Dallas Dragoons, the cavalry company, left Selma at 5:30 o'clock tonight for Linden, the county seat of Marengo county, on a special train. It is reported that the militia was ordered by the governor to protect a negro who had committed some grievous crime.

CRIMES PILING UP ON CARLTON

New York Police Certain They Will Convict Him of Wife Murders.

IDENTIFIED AS E. J. MARTINEZ

THE PITTSBURGH GAZETTE BUREAU, Herald Building, Herald Square, NEW YORK, July 18.

Frederick E. Carlton of Brooklyn, under arrest on a charge of having swindled J. B. Schaub, a machinist of the submarine boat Porpoise, in a real estate transaction, was arraigned in Adams street court this morning. His examination was adjourned until Thursday.

Following accusations which had not been made public previously, Dr. Charles A. Goldsmith, of Stamford, Conn., identified Carlton today as E. J. Martinez, who, he said, robbed him of $500 in cash and $1,000 worth of jewelry in the St. Clair house, No. 120 Park Row, in January, 1900.

Dr. Goldsmith said that he was drugged by Carlton and left unconscious in his room. When he came to his senses he was stripped of his last penny. Martinez disappeared. Detective Flay was sent to work with Dr. Goldsmith to find Martinez. After scouring New York the quest was given up. Dr. Goldsmith recognized Carlton by a photograph in a newspaper, and at Raymond street jail today picked him out from among 12 other prisoners.

Mrs. Mary Gorman Carlton's body will be exhumed at 11 o'clock tomorrow morning in the presence of Dr. O'Connor, representing the board of health; Dr. J. Edward Carroll and a representative of the coroner's office.

Inspector Cross does not expect the analysis of the body of Carlton's wife will result in evidence against Carlton. The case upon which he is at present at work, he says, is of a more sensational character.

"The evidence will convict Carlton," said the inspector. "I cannot make any of the details public now without hurting my case. I expect to have a detailed account of Carlton's criminal record within 24 hours."

PLACE HUNTER STRICKEN.

Man Who Wanted South American Consulship Crazed by Heat and Arrested.

WASHINGTON, July 18.—John C. Eckleston, 28 years old, of Philadelphia, was arrested shortly after midnight at the White House, where he was caught climbing over a high iron fence.

He said he was anxious to see the president, and carried letters addressed to the president, offering suggestions for government methods and also had letters from a United States senator and representative from Pennsylvania, recommending him to a consulship at Rosario, Argentina republic. Eckleston was prostrated by the heat last Monday.

Japan Lands Army Above Vladivostok.

LONDON, July 19.—The Tokyo correspondent of the Daily Telegraph says that a Japanese army has been landed north of Vladivostok and that a complete envelopment of the fortress is imminent.

TO ASK FOR RECOGNITION

Norway Is Prepared to Present Her Request to United States.

ENVOYS ARE HERE

They Have Been Drawing Up Informal Document to Be Used as Feeler.

BACKED BY LEGAL OPINION

[By Associated Press to The Gazette.]

CHICAGO, July 18.—The independent Norwegian government is prepared to ask official recognition from the United States, as special envoys have been in this country for some time looking over the ground as private citizens, prior to the assumption of diplomatic powers with which they have been invested. This fact developed today with the return from New York of F. Herman Gade, mayor of Lake Forest, Ill. Mayor Gade is an active worker for an international status for Norway. He has been in New York for the last 10 days in conference with J. Irgens, a special Norwegian envoy, who a few years ago was secretary of the Norwegian-Swedish commission that dealt with the consular question. The conference included Christian Hauge, who, up to the time of his resignation, a month ago, was the charge d'affaires and secretary of the Norwegian-Swedish legation at Washington. After consultations with such eminent international authorities as Prof. Moore of Columbia university and John W. Foster, an informal document was drawn up for presentation to the state department to serve as a "feeler" for official documents which may be expected to follow.

The communication, which has been prepared to be presented in the name of Mr. Hauge as a private citizen, asks some pertinent questions of the state department, as follows:

"Will the United States government officially receive diplomatic envoys and recognize consuls appointed by the Norwegian government?"

"Will the United States government be inclined to permit its consular officials in different countries to take charge of the interests of Norwegian citizens there that may require attention until such consuls can be appointed and sent to such countries by the Norwegian government?"

In connection with these questions the following statements are made, among others:

"The recent events in Norway have in nowise created any new state or sovereignty, nor has there been any splitting up of or separation from any sovereignty. The king's household, including all the officials therefor, has been separate and distinct in each country.

"Still more significant, perhaps, is the fact that the tariff systems of the two countries have been entirely different, one being practically free trade and the other protection; that there has been no tariff reciprocity between the two countries, and even that goods from one country were subject to full tariff duty on entering the other.

"By virtue of its separate sovereignty, Norway has entirely, by itself independent of and unjoined by Sweden, concluded numerous commercial treaties with foreign nations.

"It will further be seen that the form of government has, by the recent events, undergone no change but remains a kingdom and a constitutional monarchy. There neither has been nor is there a question of altering the constitution of the country, except only as such refers to the union with Sweden."

"Recognition will be asked from the United States first," explained Mayor Gade today, "because of the stand which this nation has already taken in international questions of this kind, and also because of the prestige of the United States in international diplomatic circles. We were assured by the authorities on international law with whom we consulted in the east, and have not the slightest doubt ourselves of our right to recognition."

BIGELOW IS NOT EXPLICIT

Director Gives Chamber of Commerce Some "Hump" Information.

MUCH MORE WANTED

W. S. Guffey Paves the Way for Securing the Facts Taxpayers Desire.

DIRECTOR SHY ON WAIVERS

While Director E. M. Bigelow yesterday gave some information to the chamber of commerce concerning the hump cut, there are still many things the people want to know. W. S. Guffey has submitted a list of questions which the director has agreed to answer. If his replies are full and complete, the taxpayers will be in possession of the knowledge to which they are entitled.

The director gave the chamber his estimates of the cost of making the improvement from house line to house line. His totals are $1,249,818.50. This amount simply covers the cost of the work. There is nothing definite about the amount the city will have to pay in damages. There is not even an estimate of the claims which can be collected for loss to business, in rents and by the violation of insurance. The waivers mentioned are not explained. The chamber knows nothing of their conditions. Some of them were given a year ago and will not hold now.

Public Service Corporations.

Public service corporations with a couple of exceptions have not agreed to bear any of the expense of changing their property to suit the new grade. It is the general belief they should pay all of this cost. There is nothing said about the grades of the alleys. It may be a second bond issue is to be floated to pay this expense.

On the question of the time which will be required to do the work, there is not a positive statement from the director. He says several contractors have told him they could do the work in a year. He does not say so.

Some of the members of the chamber appeared satisfied with his statement. Others were not. R. C. Hall pointed out the city would be paying $1,200,000 for securing a change of 2 per cent in the grade of Fifth avenue. Director Bigelow admitted this. W. H. Sayenash was not satisfied with the information. He asked the director many questions and developed numerous flaws in the "scientific" plan of campaign. Wesley S. Guffey had the following resolution adopted, with the provisions of which Director Bigelow has agreed to comply:

Bigelow Promises to Answer.

To the end that the taxpayers of the city of Pittsburgh may have reliable information concerning the proposed hump removal, and may vote intelligently on the question of issuing bonds for the cost thereof, the Hon. Edward M. Bigelow, director of the department of public works, is requested to furnish to the chamber of commerce, for the use of the public, the following information:

1. A detailed statement of the extent of the proposed change of grade; the particular streets and alleys affected; between what points on the several streets and alleys the grade will be changed, and the depth to which the cuts on the several streets and alleys will be made.

2. The names of the several individual owners of all property which will be damaged, either directly or consequentially, by the proposed change of grade, the amount of frontage owned by each, and the location of the buildings of each of such owners.

3. The names of all of the several owners of property which will be damaged by the proposed change of grade, who have executed and delivered to the proper officers of the city, waivers of the damages which may accrue to them by reason of the proposed change of grade.

True and Complete Waivers.

4. True and complete copies, including the dates and the names signed thereto, of all of the waivers of damages, which may accrue by reason of the proposed change of grade, which have been executed and delivered by property owners to the officers of the city, and the amount and location of the frontage covered by such waivers.

5. What public service companies and corporations will be affected by the proposed change of grade; whether any such companies have executed and delivered to the officers of the city waivers of damages or other agreements touching the same; and, if such waivers and agreements have been executed and delivered, true and correct copies, including the dates and names signed thereto, of all such waivers and agreements.

6. An estimate, giving details of the length of time which will be required to making the proposed change of grade.

7. An estimate, giving details of the probable cost of the proposed change of grade; the number of cubic yards of excavation required; and, in this connection, an explanation of the method of making the estimate, and by which the total cost is determined.

Is Given a Week.

Director Bigelow claims he gave the chamber all of this information yesterday, but agrees to reduce it to writing. When he takes up the seven questions, he will find there is a great deal of information still to come. Mr. Guffey said he would expect an answer in about one week.

The meeting of the chamber was fairly well attended. It was presided over by President John Eaton. Mr. Bigelow was introduced and it was announced he would give complete information. He said he did not expect the improvement to cost the taxpayers one cent. In his judgment the cost will be borne by the increase in taxes in the benefited district. He gave this estimate of the cost of the work:

227,778 cu. yds. excavation, at $2.25	$512,498 50
20,750 sq. yds. paving, outside tracks, at $3.50	107,780 50
1,666 sq. yds. paving, inside tracks, at $2.50	37,500 00
12,760 sq. ft. crossing, at 75c	9,570 00
28,666 lin. ft. curbing, at $1.35	41,549 70
169,167 sq. ft. sidewalks, at 25c	42,291 75
25,114 sq. ft. sidewalks over vaults, at 25c	12,757 50
11,648 lin. ft. 36-in. sewer pipe, at $7	81,536 00
139 catch basins, at $100	13,900 00
46 manholes, at $75	4,350 00
439 9-in. house connections, at $50	21,950 00
	$927,443 95
Add 20 per cent for contingencies	185,788 05
Total	$1,113,232 00

Cost to Corporations.

The appended list of companies estimate the expense to each in adjusting their interests.

MR. HYDE TENDERS HIS RESIGNATION

Chief Statistician of Agricultural Department Is Weary of Fighting.

HIS RECORD IS UNTARNISHED

[By Associated Press to The Gazette.]

WASHINGTON, July 18.—The resignation of John Hyde, statistician and chief of the bureau of statistics of the department of agriculture, was handed to Secretary Wilson today, and promptly accepted. Willett N. Hays, the assistant secretary of agriculture, has been placed in charge of the bureau temporarily and will continue to act pending the investigation of the cotton scandal and until a competent statistician is found.

Mr. Hyde's withdrawal from the department created wide interest. Secretary Wilson and other officials of the department have stated that Mr. Hyde has not been implicated in any manner in the irregularities that resulted in the dismissal of Edwin S. Holmes, the associate statistician, whom secret service operatives

John Hyde.

charged with being guilty of giving to brokers advance figures of cotton crop statistics. In his letter to the secretary Mr. Hyde takes notice of the fact that he will be criticised for resigning under fire, and in defense says there has never been a time when he was not under fire. He declares that an organization, meaning the cotton growers, is bent upon getting him out of the government service, and that his health will not permit him to continue so unequal a struggle.

Gossip About Hyde's Successor.

There is considerable speculation as to the probable successor of Mr. Hyde. One name that has been suggested is B. W. Snow of Chicago, statistician for well known farm journals and once an assistant statistician under J. R. Dodge, who was chief of the bureau about 12 years ago. Mr. Dodge was in charge at the time the present system of gathering crop statistics was devised. Col. Henry Hester, secretary of the New Orleans cotton exchange, in a conversation with Secretary Wilson, contended that the salary paid by the department is inadequate to get the right kind of a man for the place.

The following is the text of Mr. Hyde's letter of resignation and Secretary Wilson's reply thereto:

Dear Mr. Secretary:

During the last four years, or since I succeeded in making the crop reports of the department reasonably accurate and correspondingly valuable to the agricultural and commercial interests of the country, my administration of the office I have the honor to hold has been constantly under fire from one side of the market or the other. Five times it has been investigated and on every occasion I have been vindicated. In January, 1903, I was awarded $5,000 damages in a libel suit against a prominent firm of cotton brokers by a jury of their own friends and fellow citizens.

Always Under Fire.

These results have been very gratifying to me, but I have the highest medical authority for the statement that the continued fight upon me has already considerably shortened my life. At the present time it is an accepted fact that a powerful organization is bent upon bringing about my retirement, by one means or another. Now, I do not think the position I hold is worth the fight necessary to its retention, and the organization in question is welcome to whatever satisfaction it can derive from my withdrawal from the unequal struggle. If any of my friends think that I ought not to retire under fire, I would have them remember there is never a time when I am not under fire. I have the honor therefore to tender you herewith my resignation of my appointment as chief statistician and chief of the bureau of statistics of this department.

With much appreciation of the uniform courtesy and kindness you have shown me and of the many tokens of confidence I have received from you, I am,

Most respectfully yours,

JOHN HYDE.

The Secretary's Reply.

Mr. John Hyde, Statistician, Dept. of Agriculture:

Dear Sir: I am in receipt of your resignation as statistician of this department. In accepting it, I cheerfully testify to the ability with which you have discharged the heavy and difficult duties of the office since you were first appointed. The accuracy of your reports has been recognized by the public generally, and I am glad to be able to testify with regard to the charges made against the integrity of the bureau of statistics, that no facts have been brought to my attention implicating you in any way.

I am familiar with your devotion to your work and with the untiring efforts you have made to render the bureau of the highest service to the growers, manufacturers and consumers of farm products in our country. I regret that failing health should compel you to bring your work to an end.

Very truly yours,

JAMES WILSON, Secretary.

Hyde Feels Relieved.

Mr. Hyde, at his house tonight, said he felt he had cast off an immense burden from his shoulders. He had fully intended to resign some time during the coming autumn, he stated, and therefore he had only advanced his resignation by a few weeks.

As regards the investigation now being conducted by the district attorney, Mr. Hyde said he had calculated to assist in every way in getting to the bottom of the case, and that even now that he is out of office, he will, if called upon, be only too happy to aid in the investigation.

OCEAN INTELLIGENCE.

Arrived, July 18.

Glasgow—Astoria, from New York via Moville.

Liverpool—Victorian, from Montreal and Quebec via Moville; Southwark, from Montreal.

Antwerp—Finland, from New York via Liverpool.

Bremen—Kaiser Wilhelm II., from New York.

Queenstown—Merion, from Philadelphia, for Liverpool; Caronia, from New York for Liverpool, and both proceeded.

Sydney, N. S.—Aorangi, from Vancouver via Honolulu and Brisbane.

Auckland—Ventura, from San Francisco via Honolulu for Sydney, N. S. W.

New York—Friedrich der Grosse, for Plymouth, Cherbourg and Bremen; Prinz Albert, for Naples and Genoa.

Sailed, July 18.

Liverpool—Ivernia, for Boston via Queenstown; Lake Erie, for Montreal; Laurentian, for St. Johns, N. F.

Christiana—Hellig Olav, from Copenhagen for New York.

Genoa—Nord America, for New York.

Passed, July 18.

Fastnet—Caronia, from New York for Queenstown.

Scilly—Graf Waldersee, from New York for Dover and Hamburg.

TODAY'S AMUSEMENTS.

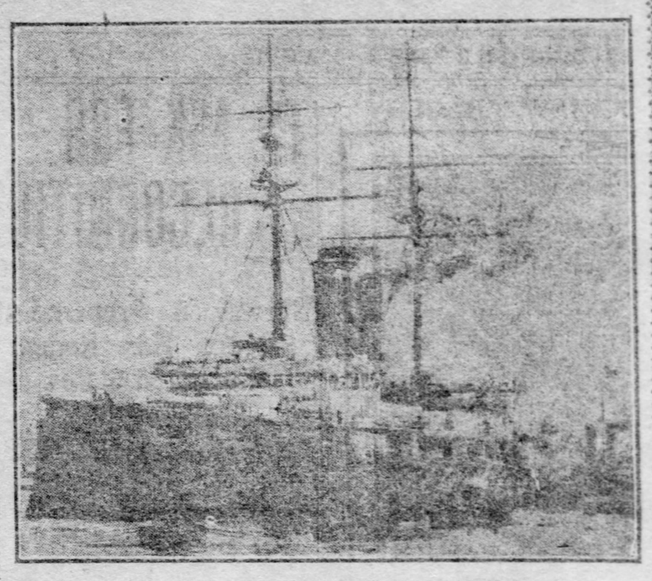
LUNA PARK—Craig street, near Grant boulevard; open from 10 a. m. to midnight. This week, Government Indian band, Lockhart's Trained elephants, Stugart and Lavarde in high wire bicycle act, and Aga and Dida in illusions.

KENNYWOOD PARK—Concerts by Rocerello's band afternoon and evening; Dare Devil Nelson in balloon ascensions, and Valdis sisters.

SOUTHERN PARK—Hanley and Valesca, Amos and Hartley, Al. H. Burton, the Brownings and others; afternoon and evening.

CALHOUN—Cummins and Gore in "A Warm Match."

JAPAN REPAIRS WEAK SPOTS IN HER NAVY



The Battleship Katori.

The recent launching of the battleship Katori for the Japanese navy at Barrow, England, is the latest demonstration of the determination of the mikado's goverment to maintain supremacy of the Oriental seas. The length between perpendiculars is 420 feet and over all 435 feet 9 inches; the breadth is 78 feet and the depth to upper deck 44 feet. The draught in fighting condition will be 27 feet, when the displacement will be 15,950 tons. The speed is to be 18½ knots. The Katori represents the highest conception of naval power at the date when she was designed.

CZAR'S SUNKEN WARSHIPS ADDED TO JAPAN'S NAVY

Bayan and Peresveit Will Soon Be Docked for Repairs, While Palladia, Retvizan and Pobieda Are Being Raised.

[Associated Press Cable to The Gazette.]

TOKYO, July 18.—An officer who has returned from Port Arthur reports that the extent of damage to the sunken Russian ships was slighter than was anticipated. It has been known the Russians applied explosives inside the vessels before they were abandoned and the resulting damages were expected to be serious.

It has been found, however, that the vital portions of the ships were strangely uniurt. The Bayan, which sustained very severe damage, has been taken in tow and the Peresveit is navigable with her own engines. Both of these vessels will soon be brought here to complete the necessary repairs.

Even the Palladia, which sustained the heaviest damage, is expected to be refloated by the middle of August, and before this the Retvizan and Pobieda will be afloat.

PUBLIC MISTAKES THEM FOR ANGELS

Japanese Minister Claims No Celestial Attributes for His People in Peace Talk.

WANT ALL THEY CAN GET

[Associated Press Cable to The Gazette.]

LONDON, July 18.—Baron Hayashi, the Japanese minister here, said today that Russia had appointed good men as peace plenipotentiaries. Nevertheless even M. Witte and Baron Rosen had not inspired Japan with confidence in a favorable outcome of the negotiations. "We do not know," added the minister, "what powers have been delegated to them and after the events of the past 18 months Japan puts faith only in accomplished facts. The terms will be communicated only at conference. Then we will discover what powers the Russian plenipotentiaries possess."

The Associated Press representative suggested that the general opinion prevailed that the Japanese terms will be moderate. "I cannot see where people get such an idea," replied the minister, "the public evidently mistakes the Japanese for angels."

Minister Hayashi intimated that Japan was ready to continue the war unless she secures suitable terms. He called attention to the fact that practically the entire sum realized by the last two loans was unexpended and said the capture of the islands of Sakhalin was not precipitated by the approach of the conference, but was a natural sequence of the Japanese campaign, the plans for which had not been altered since Russia acceded to a conference. An earlier attack on the island was not undertaken principally because of the severe winter and because the summer season was more preferable for campaigning and the establishment of a new government in the island.

ST. PETERSBURG, July 18.—It is announced that 475,426 men will be called to perform military service during the present year.

M. Witte had a final interview with Emperor Nicholas at Peterhof today. Foreign Minister Count Lamsdorff was present, showing the complete harmony of views between M. Witte and the foreign minister. M. Witte leaves St. Petersburg for Paris tomorrow, accompanied by Mme. Witte. At Paris they meet their daughter, who is the wife of the secretary of the Russian legation at Brussels. Mme. Witte has no intention of joining her husband later in America.

NEW YORK POLICE HAVE MYSTERY OF A YACHT

Wealthy Owner Found Dying and Unconscious on Deck of His Deserted Boat.

[Special Telegram to The Gazette.]

NEW YORK, July 18.—What the police think will prove to be a murder was disclosed this afternoon when friends found William J. King, a wealthy yacht owner of Emerson and West Two Hundred and Tenth street, this city, lying unconscious, from several pistol wounds, in his yacht, the Aglaia, which was moored at the foot of Twenty-second street, Bath beach.

The wounded man, unable to speak or recognize those about him, was taken to the Norwegian hospital by Dr. Lane, an ambulance surgeon, who made heroic efforts to rouse his patient and hurried him to the hospital for further attention. The man was shot in the left temple and the right shoulder, his lower jaw was broken and his head and body a mass of cuts and bruises.

From the appearance of the cabin it is evident that a terrific struggle preceded the tragedy.

Supposed to Have Drowned.

August Hilf of Marie avenue, Avalon, is supposed to have been drowned yesterday while fishing in the Beaver river at Rock Point. Hilf attended the Avalon Presbyterian church picnic at Rock Point yesterday and went fishing. In the evening his coat and fishing tackle were found on the bank, but Hilf could not be found up to the time of the departure of the train for Avalon.

Land Fraud Cases With the Jury.

PORTLAND, ORE., July 18.—In the land fraud cases today, United States District Attorney Francis J. Heney delivered his opening argument against Congressman Williamson, Dr. Van Gessner and United States Commissioner Biggs. At the conclusion of Heney's argument, the defense announced that its case would be submitted without argument.

NINE INJURED IN HALLSTON WRECK

Express on Bessemer & Lake Erie Crashes Into Waiting Freight Train.

NO ONE IS FATALLY HURT

[Special Telegram to The Gazette.]

BUTLER, July 18.—A head-on collision at Hallston station, on the Bessemer & Lake Erie railroad at 11:15 o'clock this morning, resulted in injuries to nine passengers of the express train and to the fireman and engineer. None of the injured were unable to continue traveling. The injured:

JOSEPH PRICE, Sharon.
JOSEPH A. GANTER, Pittsburgh.
A. CRAWFORD, Conneaut.
G. D. DINGMAN, Callery.
J. M. DINGMAN, Callery.
T. D. WILLIAMS, Oil City.
MRS. A. D. KNAPP, Frazier; her baby was seriously bruised by fall.
CHARLES VAN HORN, Munhall.
MRS. A. M. FRICK, Wilkinsburg.
S. B. BROWN, engineer of express train.
FIREMAN J. C. LANG.

A freight train was standing on a siding near the station waiting for the express to pass. The latter was going 30 miles an hour and at the curve at the switch jumped from the main track to the switch, and plunged into the freight engine. Both engines were practically demolished, and the baggage car of the express was splintered at the front end.

Engineer S. B. Brown and Fireman J. C. Lang jumped a moment before the collision occurred, and were struck by splinters from the baggage car. The passengers were hurled from their seats at the impact, and landed in heaps on the floor of the cars.

After nearly two hours' waiting, an engine reached Hallston from Butler, and started with the train toward this city. Another wreck was probably averted at Oneida station. It was found that a trestle bridge over Connoquennessing Creek was ablaze, and upon examination it was decided to run the train over before the fire gained further headway, as there was no fire fighting apparatus about. This was done, and two hours late the train reached Butler.

That many were not killed in the collision is charged to the coolness of Engineer Brown, who maintained his place in the engine cab and applied the emergency brakes until the engines were almost touching.

PITTSBURGHERS ELECTED.

Glassworkers Pick Local Men for Officers of Their Association.

CLEVELAND, O., July 18.—In the election of officers of the Amalgamated Glass Workers today, C. W. Lawrence, of Arnold, Pa., was elected vice president, C. L. Tarr, of Pittsburgh, secretary, and William Armstrong, of Pittsburgh, treasurer.

The trustees are George W. Bell of Sandusky, O.; Peter Pemberton of Pittsburgh, and George Dandroy, of Hartford City, Ind. The glass blowers' new wage committeeman is Frank Bostock, of New Bethlehem, Pa., the holdover being John H. Fees of Reynoldsville, Pa.

Idle Plants Will Resume.

NEW CASTLE, PA., July 18.—(Special.)—Three of the four local furnaces of the Carnegie Steel Company will resume Thursday, after a month's idleness. The Shenandoah valley steel plant will follow Monday, when it will commence operations. More than 2,000 men will be affected. The Shenango and Greer tin workers will also resume this month giving work to more than 4,000 tin workers and insuring good times here this summer and fall.

Pittsburghers Pleaded Guilty.

ERIE, PA., July 18.—(Special.)—On account of the oppressive heat in the third floor of the government building, Judge Archbald transferred the United States district court to the large room of the county court house today. James Stewart, John Whitney and John N. Reed, who were arrested in Pittsburgh, charged with raising money orders, pleaded guilty. Elmer Snyder is on trial for passing counterfeit money.

DIRECTOR BIGELOW TALKS ABOUT THE "HUMP"

Continued from First Page.

properties to suit the proposed changed conditions in the "hump" district to be as follows:

Central Dist. Printing and Tel. Co.	$117,000 00
Manufacturers Light and Heat Co.	1,000 00
Pittsburgh Railways Company	120,000 00
Philadelphia Company	57,500 00
Peoples Natural Gas Company	20,000 00
Postal Telegraph-Cable Company	15,000 00
Western Union Telegraph Company	10,000 00
Allegheny County Light Company	60,000 00
Pittsburgh and Allegheny Tel. Co.	100,000 00
Total	$500,500 00

The above estimate of the companies has been modified in that the Pittsburgh Railways Company makes no claim, and the Philadelphia Company and Allegheny County Light Company reduce theirs 50 per cent, the expense of adjusting the several properties being now as follows:

Central Dist. Printing and Tel. Co.	$117,000 00
Manufacturers' Light and Heat Co.	1,000 00
Pittsburgh Railways Company	
Philadelphia Company	43,750 00
Peoples Natural Gas Company	20,000 00
Postal Telegraph-Cable Company	15,000 00
Western Union Telegraph Company	10,000 00
Allegheny County Light Company	30,000 00
Pittsburgh and Allegheny Tel. Co.	100,000 00
Total	$336,750 00
Bureau of construction, block stone paving, Sixth ave. widened	$572,728 20
Bureau of water	77,540 80
Bureau of electricity	5,000 00
Total	$972,268 20

This makes a grand total of $1,249,018 20.

The director read a list of the cuts to be made and what the grades of the streets will be after the hump is lowered. It follows:

Fifth avenue—Smithfield street to Grant street, 5.8 per cent grade; cut at Cherry Alley, 5 feet, at Scrip alley, 7 feet, at Grant street, west side, 8.5 feet, at east side, 9.5 feet; Grant street to Wylie avenue, 1 per cent grade; cut at Wylie avenue, 15 feet, Wylie avenue to Sixth avenue, 1 per cent grade; cut at Ross street, 12 feet, at Sixth avenue, 9 feet, Sixth avenue to Tunnel street, 22 per cent grade.

Does Not Mention Alleys.

Diamond street—Smithfield street to Grant street, 6.1 per cent grade; cut at Cherry alley, 4 feet, at Scrip alley, 5 feet, at Grant street, 4.5 feet; Grant street to Ross street, .95 per cent grade; cut at summit, 11 feet, at Ross street, 16.8 feet; Ross street to point 200 feet east of angle, 8 per cent grade.

Fourth avenue—Smithfield street to Grant street, 3.2 per cent grade; cut at Cherry alley, 4 feet grade at Grant street. Grant street to Maloney alley, 1 per cent grade; cut at Maloney alley, 3.5 feet; Maloney alley to Ross street, .75 per cent grade.

Third avenue—Smithfield street to Grant street, 2.3 per cent grade; cut at Cherry alley, 3.5 feet.

Sixth avenue—Cherry alley to Grant street, 6.1 per cent grade; cut at Grant street, west side, 2.5 feet, east side, 4 feet; Grant street to Wylie avenue, 3 per cent grade; cut at Webster avenue, 9 feet, at Wylie avenue, 2.9 feet; Wylie avenue to Fifth avenue, 2.9 per cent grade; cut at Fifth avenue, 4 feet and 3 feet; Fifth avenue to Diamond street, 2.9 per cent grade.

Webster avenue—Grant street to Sixth avenue, 8 per cent grade; cut at Grant street, 9.5 feet, at Sixth avenue, 9 feet; Sixth avenue to Chatham street, 4 per cent grade; cut at Tunnel street, 8 feet, at Chatham street, 6 feet; Chatham street to Seventh avenue, 1.3 per cent grade.

Wylie avenue—Fifth avenue to Sixth avenue, 8 per cent grade; cut at Fifth avenue, 15 feet, at Sixth avenue, 2.5 feet; Sixth avenue to Tunnel street, 2.2 per cent grade.

On Grant Street.

Grant street—Strawberry alley to Sixth avenue, 3.8 per cent grade; cut at Sixth avenue, 2 feet and 2.8 feet; Sixth avenue to Fifth avenue, 1.5 per cent grade; cut at Oliver avenue, 9.5 feet, at Fifth avenue, 2.7 feet; Fifth avenue to door of Frick building, 1 per cent grade; cut at door of Frick building, 5 feet; door of Frick building to Diamond street, 1 per cent grade; cut at Diamond street, 4.8 feet; Diamond street to Fourth avenue, 3.4 per cent grade.

Ross street—Fifth avenue to Diamond street, 1 per cent grade; cut at Fifth avenue, 12 feet, at Diamond street, 10.5 feet; Diamond street to Fourth avenue, 2.2 per cent grade.

The waivers were not presented to the chamber. Director Bigelow had a blue print of the hump district and from it he read the names of property owners who had waived this year or last, or who were expected to waive claims for damages. He gave none of the conditions of the waivers. In some cases they are for an 18-foot cut and have been withdrawn. He says waivers are not needed in Webster and Sixth avenues, as these thoroughfares are to be widened and the question of damages and benefits will be cared for under separate ordinances. His list follows:

Mr. Bigelow's Waivers.

Fifth avenue—A. W. Mellon, 120 feet; Leader Publishing Company, 70 feet; R. C. Fridy, north side, 240 feet, and south side, 100 feet; K. Solomon, 70 feet; L. M. Yoder, 9 feet; R. M. and W. A. Elsner, 41.66 feet; S. M. Powell, 28 feet; C. Magee, 70 feet, north side, and 83 feet on the south side; W. P. Magee, 42 feet; C. Magee, Jr., 44 feet; R. T. McCagh, 176 feet; John McNulty, 20 feet.

The eastern waivers in Fifth avenue is the triangle at the intersection of Old avenue.

Grant street, beginning at Seventh avenue and going south—L. Wang et al., 20 feet; Third ward school, 150 feet; First Evangelical Lutheran church, 120 feet; H. C. Frick, 220 feet, between Sixth and Oliver avenues, 240 feet the old cathedral street, and 240 feet the Frick building; R. D. Berger, 70 feet; J. B. Corey, 28 feet; W. I. Berryman, 24 feet; J. M. Park, 24 feet; J. F. Baxter, 24 feet, F. F. McMorris, 24 feet; K. Solomon, 96 feet; J. M. Park, south of Diamond street, 32 feet; D. H. Hostetter, 92 feet; A. G. Bals, 24 feet; J. E. Exler, 48 feet.

Sixth avenue, starting at Smithfield street—City of Pittsburgh, 53 feet; H. Samson, 27 feet; Consolidated Gas Company, 36 feet; M. May, 29 feet; A. B. Ramsey, 20 feet; M. A. Lanahan, 40 feet; W. H. McElvey, 26 feet; German Beneficial union, 40 feet; H. C. Frick, 240 feet, D. and J. S. McGough, 27 feet; H. J. Bailey, 20 feet.

Oliver avenue, starting at Smithfield street—Hotel Duquesne, Leader Publishing Company, 55 feet; O. S. Hershman, 25 feet; H. C. Frick, 246 feet on both the north and the south sides.

Diamond street, starting at Smithfield street—E. M. O'Neill, 20 feet; Mary E. Schenley, 165 feet; A. W. Mellon, 60 feet; H. C. Frick, 200 feet; the Frick building and its annex. Beyond Sixth avenue the waivers on Fifth avenue all run back to Diamond street.

In Fourth Avenue.

Fourth avenue, starting at Smithfield street—H. J. Bailey, 20 feet; J. C. Reilly, 40 feet; R. B. Berger, 34 feet; D. H. Hostetter, 36 feet; S. Wilson, 48 feet.

Third avenue—J. W. Craig, 64 feet; Bailey-Farrell Company, 77 feet; W. W. McBride, 54 feet; A. and S. Wilson, 68 feet.

Seventh avenue—G. H. Dauler, 21 feet.

Wylie avenue—L. M. Yoder, 44 feet; R. M. and W. P. Elsner, 28 feet; F. D. Gist, 20 feet; W. P. Magee, 42 feet; F. P. Blythe, 23 feet; C. Magee, 44 feet; C. Magee, Jr., 21 feet.

Webster avenue—R. T. McGeagh, 49 feet; C. Magee, 69 feet.

Ross street—Bailey-Farrell Company, 126 feet; W. W. McBride, 62 feet; I. M. Weller, 22 feet; K. Robinowitz, 24 feet; J. M. Wallace, 20 feet; S. M. Powell, 140 feet.

Cherry alley—The city property and the Frick, Mellon, Hershman, Leader and German Beneficial properties, all of which flank on Cherry alley, with a combined frontage of 120 feet.

Mr. Bigelow said he did not have waivers for Kaufmanns, the Carnegie building, some of the county buildings, the Fourth Avenue Baptist church, and a number of other large properties. M. F. Maloney has withdrawn his waiver, as he wants an 18-foot cut. K. Solomon is for the same cut. He has no signers for the old "battery," nor has the owner of the Maeder building in Fifth avenue waived.

Eaton Saved Him.

One of Mr. Bigelow's auditors wanted to know how many squares of property were involved in the hump cut. The director said there were seven. He was then asked:

"If it took two years to grade and pave two squares in Diamond street, how long would it take to grade and pave seven squares in the hump district?"

President Eaton at this point expressed a desire to hear from C. A. Cooper who had made an estimate of the hump cut a year ago for the chamber. Mr. Cooper was heard and then the president ruled:

"If questions are asked they shall relate exclusively to the removal of the hump. Diamond street and other improvements have no place here."

W. H. Stevenson had many questions to ask. Some of them were answered and others were not. He wanted to know the number of properties affected, but Mr. Bigelow could not tell him offhand. It was during Mr. Stevenson's remarks Mr. Bigelow said the number of waivers did not count, but the question was entirely confined to the securing of waivers from the property owners who would be entitled to the largest damages.

Within Block Lines.

Mr. Stevenson wanted information from Mr. Bigelow concerning the cost of excavating on private property within the block lines. He recalled the chamber's engineer had reported a year ago this cost would be $1,495,476, making the total cost of the hump $2,581,806. Mr. Bigelow could give no estimates on the private excavating or as to the loss of business, loss of rentals and insurance. He said it would be guesswork.

Mr. Stevenson said it was the duty of the chamber to furnish the people the real facts. He also pointed out that Mr. Bigelow's estimates are not always correct. He said if the hump costs $3,000,000, an additional mill will be added to the tax rate. This would make an extra three mills, as the filtration and the South Side improvements will each cost a mill. He called attention to the fact H. C. Frick had offered to contribute $100,000 toward the improvement, which indicates Mr. Frick believes the people benefited should pay the cost. Questions as to the conditions contained in the waivers elicited little information. Mr. Stevenson said there was no demand for the hump cut, except from persons interested in the district.

Hall Not for Cut.

R. C. Hall is not for the cut as proposed. He says the city will be spending 2,000,000 to secure a change of two degrees in the grade of Fifth avenue. "If it is the intention to make a plateau on the hill for the benefit of the property there," said he, "then take away the market house and do some things in Liberty avenue, so my property in that part of the city will be benefited."

J. I. Buchanan indorsed the hump cut. He thinks the hill should be removed. He announced even if he knew the boulevards and the parks had cost double, he would favor them. He also favors the buying of more park land. He complimented Director Bigelow and said he was satisfied to have him carry out the details of the hump cut.

President Eaton said the hump would be referred to the municipal affairs committee. L. A. Clark wanted the committee discharged and the chamber at once act on the proposition. His views were not accepted. Col. A. J. Logan objected to the Clark proposal. He said the committee was composed of honorable men and it would make a report in due season.

Director Bigelow made the promise the next tax rate would not be increased because of the hump removal. It is a long time until that question is disposed of and hump votes are now wanted.

ELECTRIC POWER FOR LONG ISLAND ROAD

First Train Operated on New $40,000,000 Suburban Railway Yesterday.

[By Private Wire to The Gazette.]

NEW YORK, July 18.—First of the electric trains, which are to be used for suburban traffic on the Long Island railroad, two motor cars were run today from Wood Haven to Flatbush and return to test the clearances of the contact shoes on the third rail. This is the first practical test of the new electric equipment, on which the road is spending $40,000,000. Tomorrow a train of five cars will make a trial trip to Rockaway Beach.

It is expected that by the first of next week electricity will take the place of steam on the whole Rockaway Beach division. A speed of 20 to 35 miles an hour was maintained without difficulty on the elevated portions of the track.

Cars which will be put in general use next week are entirely of steel, with fireproof headings and floors. They are equipped with the multiple control system and airbrake. By means of special safety devices the brakes would be automatically set in case of accident to the motorman or to connections with the third rail.

The wooden covering protects the third rail so completely that it is possible to get a shock only by thrusting a hand through an aperature in the boards.

ELEVATORS MUST BE MADE SAFE AND KEPT SO

Mayor Weaver Not Satisfied With Report of Inspectors on Philadelphia Accident.

[By Private Wire to The Gazette.]

PHILADELPHIA, July 18.—"The elevators of all buildings where hundreds of persons go daily must be made safe and kept in a state of safety."

This was an order issued by Mayor Weaver today. The elevator inspectors had made one investigation of the Land Title accident and sent a written report on it to the mayor. But he was not satisfied. The report was too meager, he said. It did not explain the cause of the accident.

District Attorney Bell's condition was none too good today. He is in a private room at the University hospital. He suffered considerably and was allowed to see no one except Mrs. Bell.

ALLEGHENY MAN CHOSEN TO SUCCEED DR. BROOKS

UNIONTOWN, PA., July 18.—(Special.)—Out of 61 applicants coming from almost every eastern state the Uniontown school board last night elected Prof. Edward P. Johnston of Allegheny principal of the Uniontown schools for the coming year, to succeed Dr. H. F. Brooks, who had one year to serve, but was dismissed by the board, after absconding with tuition funds to England, where he is under arrest and awaiting extradition.

GLASS WORKERS TO BE ASKED TO ACCEPT CUT

COLUMBUS, O., July 18.—A reduction of 12½ per cent in the wages of employes of the National Association of Window Glass Manufacturers was regarded as necessary today, at a meeting held by the manufacturers' scale committee. The employes at a joint meeting with their scale committee, to be held on July 27, at Atlantic City, N. J., will be asked to accept the cut, necessary as a result of the introduction of machines.

Another Death From Heat.

Joseph Miller, aged 46, of 21 South Eighteenth street, died at the South Side hospital at 1:45 this morning from the effects of heat prostration, which he suffered yesterday. He was employed by the Keystone Lumber company and was married.

Death from Peculiar Accident.

BUTLER, PA., July 18.—(Special.)—As the result of a peculiar accident Edwin C. Austin, an engineer of Tyrone, Pa., died today. Austin was oiling an engine a few days ago when the oil can was struck by a bolt and hurled against his neck. The long tongue of the can penetrated the throat and [illegible]

CHICAGO POLICE HAVE PRISONER WANTED HERE

He Is William Jones, a Negro, Said to Have Committed Hold-Up and Robbery.

Detective Superintendent McQuaide last night received word from Chicago that William Jones, who held up J. R. Hice of Philadelphia, in the hill district on the night of July 10, robbing him of $150 and a three-karat diamond ring, was arrested in that city yesterday. Detective Cole will go to Chicago this morning and bring the prisoner here.

Hice was traveling east. He had several hours to lay over at Union station and wandered about the city. He met Jones and asked the negro to conduct him to a place where he could get a drink. Jones took Hice to a colored club on the hill. Hice could not enter as he was not a member, but Jones, being a member, bought the beer and with Hice drank it in the street.

Hice started for the station and Jones volunteered to show him a short route. The negro led him through a number of dark streets and then knocked Hice down and robbed him. The case was reported to the bureau of detectives, but they were unable to learn the name of any member of the club who robbed Hice. Last Saturday night the club was closed and the officers placed under arrest.

While in the station house McQuaide and Superintendent Wallace told the officers they would either give them the name of the negro who robbed Hice, or there would be no club on the hill Sunday morning the officers were released and Monday the police were told that Jones, who had taken his wife and two children to Chicago to live, had committed the robbery. The police of that city were immediately asked to arrest him.

PITTSBURGHER IS OVERCOME.

Mrs. Westinghouse Starts for Europe, but Is Compelled to Return to Summer Home at Lenox.

LENOX, MASS., July 18.—(Special.)—This has been the hottest day in Lenox in several years. Mrs. George Westinghouse started for New York this afternoon expecting to meet Mr. Westinghouse and to sail for Europe tomorrow on the Cedric.

When she reached Merrinsville, Conn., Mrs. Westinghouse was overcome by the heat and had to return to Erskine park, where she now expects to spend the rest of the summer. Mr. Westinghouse and son George, Jr., will continue the trip of six weeks to Europe as planned.

WHOLESALE ARRESTS OF ELECTION OFFICERS

PHILADELPHIA, July 18.—(Special.)—Every one of the election officers except one, in the Twelfth division of the Fourteenth ward, and Thomas Harlan, leader of the division, were arrested this evening on charges of fraud in connection with the last municipal election. The warrants were sworn out at the instance of the City party, which has been getting the testimony against the accused men.

SWEDISH PARLIAMENT IN CRITICAL TANGLE

STOCKHOLM, July 18.—Both houses of the riksdag were in secret session yesterday and today almost uninterruptedly. It is understood the senate has concluded the preliminary discussion of the relation between Sweden and Norway, and that when the chamber arrives at a decision both houses will meet and jointly endeavor to adjust their very material differences. It is reported the government bill will be rejected and that the cabinet will resign.

Tourist Club to Take River Trip.

The Ben. Jonn G. Beltz Tourist club will hold an outing on the river this evening. The steamer Island Queen will leave the wharf at 7 o'clock, and total abstainers and friends of the club will be welcomed by the members.

Read about the "Word Hunt" on page three. $50 in prizes each week.

FALLS OVER HALF MILE FROM AN AEROPLANE

Maloney's Machine Sails for Awhile, but Finally Drops Operator to Death.

[By Associated Press to The Gazette.]

SAN JOSE, CAL., July 18.—Daniel Maloney, who had made numerous successful ascensions with Prof. Montgomery's aeroplane, today fell 1,500 feet to his death at Santa Clara.

Maloney made an ascension from the grounds of Santa Clara college. About 1,500 persons watched with interest the machine as it shot upwards from the college garden attached to a huge balloon. At a height of 4,000 feet, Maloney cut loose from the balloon and began maneuvering the aeroplane. He sailed gracefully about, then essayed a deep dip. Suddenly the machine swerved, hesitated and then turned over. It righted itself, sank down a considerable distance and turned over again. Maloney was clinging desperately to his seat and evidently endeavoring to regain control of the aeroplane, but all his efforts were in vain. Again the aeroplane turned in the air, the wings came together and the man and the machine plunged straight downward, while the horrified spectators gazed helplessly.

A number of cadets carried him to the college hospital. His skull was fractured and blood was flowing from his ears and mouth. He died within a short time. The aeroplane was demolished.

Sues Wife for Gross Neglect.

YOUNGSTOWN, O., July 18.—(Special.)—Justice of the Peace William R. Hazeltine of East Youngstown has again commenced suit for divorce against his wife, Kittie R. Hazeltine of Buffalo. The charges are gross neglect of duty and cruelty.

Allegheny Man Loses Leg.

T. P. McDonald of Allegheny was run over by a car on the Pittsburgh & Charleroi street railway yesterday morning at North Charleroi. His left leg was severed between the ankle and the knee. He was taken to D. B. R. Sloan's office in Charleroi, and afterward was removed to the Memorial hospital, Monongahela.

Broker Dies in His Office.

YOUNGSTOWN, O., July 18.—(Special.)—C. C. Haines, local manager of C. B. Richardson & Co. of Pittsburgh in this city, dropped dead today in his office. Haines came here from Greenville. He leaves a wife and two daughters.

Sustained a Broken Arm.

SHARON, PA., July 18.—(Special.)—Four persons were injured here tonight in an automobile accident, the most seriously hurt being Miss Alice Hollenbeck of Sharpsville, one of whose arms was broken.

McClintock Co.

STRAW MATTINGS PORCH RUGS

For this week only we offer the entire stock of China and Japanese Mattings and Algerian Porch Rugs at

25% DISCOUNT from regular prices. There is a big stock to choose from, and the colorings and patterns are the choicest productions of the world's best makers—

It's an opportunity not to be slighted; one that doesn't come every day. The window display tells part of the story.

Oliver McClintock Co., 219 Fifth Avenue.

Straw Hat Reduction Sale.

The present straw hat season has been the most successful we have ever had—
Which fact is accounted for in various ways—
Straws are unusually popular—
Our stocks are large—styles correct—
And we anticipated our customers' wants exactly—
There are two months of straw hat weather yet to come—and it is our policy not to carry any stock over—
So, while the season is still at its height, we announce a liberal reduction—
All hats are clean and fresh and of the latest styles—

25 dozens of the celebrated Knox Sennits at $2.25 each—
Paulson's Sennits and Split Braids at $1.50 and $2—

Make your selection early.

MAY'S FIFTH AVE. & MARKET ST. THE MAY CO. PITTSBURGH

HIS DYNAMITE COST HIM $2,000

Before Luna Park Was Possible Ingersoll Had to Blow the Earth Off.

OTHER INTERESTING FIGURES

Frederick Ingersoll, the genius who evolved Luna park, thereby proving himself one of Pittsburgh's leading benefactors—for Pittsburgh never before had such a charming amusement resort—found it necessary to spend $2,000 for dynamite before he could open the gates to the public. And he is not a noisy personage, either. On the contrary he is very quiet, modest and retiring. But he is terribly in earnest when he starts to do a thing, and if necessary, he will rip things. To make Luna park he had to rip things and that made the dynamite necessary.

The work of constructing Luna park began on the old Aspinwall property, then only a hillside, on February 10 last, and was pushed forward night and day until in June the gates were thrown open. It was necessary before any work could be done to overcome a grade of more than 200 feet. A 900-foot cut to the depth of 35 feet was made along Craig street, and the earth taken therefrom was banked along the hillside, thereby securing for Luna a level foundation.

More than 100,000 cubic yards of excavation was necessary, and at the time the work of grading was undertaken, the earth was frozen to a depth of five feet, so that dynamite had to be used on nearly every shovelful that was removed. Booth & Flinn had the contract for grading, and to them alone Mr. Ingersoll paid $80,000 for the work done by them.

Lumber Buried in the Mud.

When the spring thaw occurred, the grading had been practically completed, but the work of hauling in the lumber for the construction of the various pagodas and villas which now surround the quadrangle, was in progress. There were 5,000,000 feet of lumber used and the mud through which it was hauled became so deep as to be impassable for wagons, and a large proportion of the lumber had finally to be carried in on the backs of employes.

Thousands of feet of this lumber was used to make a foundation over which teams might pass in the muddy season, and it is estimated that more than $20,000 worth of lumber and wire cables are at the present time buried beneath the surface.

There were thousands of operatives employed in the construction of Luna, and Mr. Ingersoll is authority for the statement that $188,000 was paid out in payrolls during the four months consumed in the work. The immense lagoon at the foot of the shoot the chutes, 150x400 feet, was excavated to a depth of six feet with steam shovels in two days. The lagoon was then filled in with concrete to a thickness of three feet, leaving a depth of three feet of water. It was necessary to fill in to a depth of 40 feet in front of what is now the entrance to the scenic railway, and even at the time the Japanese village was being built it was 20 feet above the ground, which has since been filled in, and the only means of entrance to the minaretted buildings was by a 20-foot ladder. After the buildings had been erected the work of the electricians began, and by actual count 62,000 incandescent lights now shed their effulgence upon the park nightly.

Another matter that had to be given attention by the engineers was the proper drainage of the park, and an eight-inch water main, circling the entire property, was constructed, with connections into every one of the buildings. A fire plug was also constructed at every 100 feet, and in addition to the pressure derived from the city pump, Mr. Ingersoll installed a centrifugal pump, so that the well-organized fire department maintained at Luna need not rely upon city aid in case of fire.

Mr. Ingersoll possesses a genius for amusement construction and conduct, and when one realizes the condition the Aspinwall estate was in when he secured it, and the work accomplished under his direction in the four months occupied in Luna's construction, he can but marvel at the miracle that was performed.

Not satisfied with the park as it now stands, Mr. Ingersoll has had his engineers draft plans for many improvements, and as soon as the summer season closes a large force of workmen will once again enter the park and demolish much of that which now lends beauty to the resort and start the construction of a greater Luna. The lagoon will be doubled in size; the capacity of the shoot the chutes will be at least doubled, and a scenic railway a mile and a half in length will be constructed through the valleys and over the tops of the buildings.

New Features Will Be Wonders.

"Fire and Flames," one of the greatest scenic productions in the world, will be a new feature of the greater Luna, and any number of new attractions will be added, including an immense hippodrome, which will be constructed over the center of the lagoon.

When all of this is done and Luna opens its gates for next season it will be a million-dollar resort, and will rival, both in size and in grandeur, any of the Coney Island amusement places. Mr. Ingersoll is already negotiating with Sousa, the Banda Rosa and other famous musical organizations for long engagements next season, and he will build a new bandstand for them, that will be a beauty.

OBJECT TO RESIGNATION.

Policemen Think That Supt. Wallace Should Not Have Accepted Capt. Frederick's Withdrawal.

A large majority of the employes in the bureau of police are protesting vigorously against Superintendent Wallace's acceptance of the resignation of Capt. J. N. Frederick, who was suspended pending a hearing on charges of having detailed officers to private corporations and accepting payment for the same, which he is said to have withheld and then charged the policemen with having been doing regular duty on the city payrolls.

The members of the police pension fund contend that Frederick's case should be heard by the trial board, and that that body should make some disposition of it. Since Wallace has accepted the resignation, Frederick can be reinstated again. The older members of the force are of the opinion that only officers who have conducted themselves honestly during their term of service should be permitted to qualify for retirement on half pay. There will be some 15 policemen and officers from the South Side attend the hearing of the police trial board this morning.

Prisoner Jumps Into River.

Detective A. W. Stewart of the Pittsburgh & Lake Erie police service yesterday arrested Tom Jones, Luke Posten, John Walsh and an unknown Italian for trespassing in the railroad yards at Schoenville. The Italian escaped and jumped into the Ohio river just below the Lake Erie tracks. Stewart fired his revolver into the water, but failed to frighten the fugitive, who was landed on Neville island by two men who rowed out in a skiff. The other prisoners were sent to jail.

Woman's Action Causes Excitement.

Considerable excitement was caused on a Heidelburg car last night by a Polish woman. She boarded the car at Heidelburg and rode to the city and on the return trip tried to jump off. The conductor restrained her until No. 8 police station, West End, was reached, when he had officers take her from the car. An interpreter could not get the woman to tell her name or place of residence. It is thought she is demented.

Five Bathers Are Arrested.

Five swimmers were arrested at the foot of South Seventh street yesterday and taken to the South Thirteenth street station house. The police are determined to break up the practice of bathing in other than the regular bathing stations and swimming without trunks. There are three bathing stations on the South Side and West End.

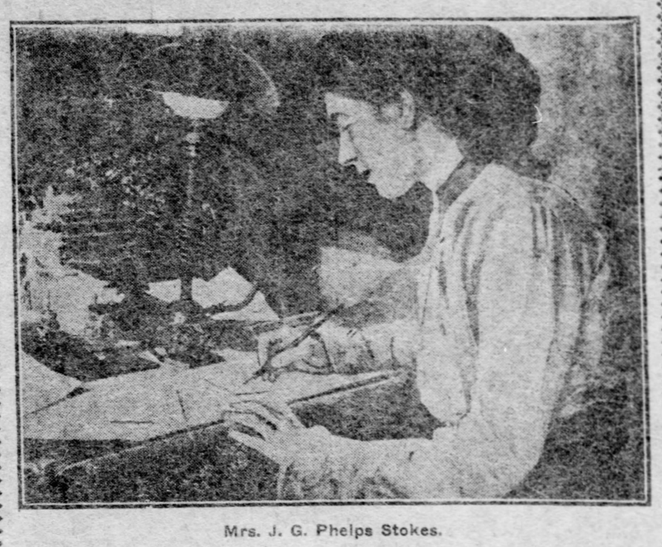
FROM FACTORY GIRL TO WEALTH



Mrs. J. G. Phelps Stokes.

STAMFORD, CONN., July 18.—After a wedding that was in many respects unconventional, John G. Phelps Stokes and his bride, formerly Miss Rose Harriet Pastor, went to New York this afternoon in an automobile that was covered with a shower of rice from the home of the Stokes family. The automobile was in charge of a chauffeur, and the couple stopped at a Stamford drug store for soda. They are to stop in New York or its vicinity tonight and will sail for Europe tomorrow.

In the little Episcopal church of St. Luke, Noroton, the marriage took place at noon, in the presence of about 125 relatives and friends. When the bride and bridegroom entered the matron of honor, Mrs. Henry Rauh of Indianapolis, formerly Miss Mayer of Cleveland, and the best man, Kellogg Durland, a resident worker in the University settlement, were seated in a pew.

The bride and bridegroom entered the church together, and were joined at the chancel, to which they went unattended, by the matron of honor and the best man. As they passed up the aisle the ushers, instead of preceding them, stood at either side. The ushers were Mr. Stokes' brothers, I. N. Phelps Stokes and Harold Phelps Stokes, and his brothers-in-law, Robert Hunter and John Sherman Hoyt.

Because the bride was not given away the ceremony was shortened. The officiating clergyman was the Rev. Louis French, rector of St. Luke's. He was assisted by the Rev. Anson Phelps Stokes, Jr., secretary of the Yale corporation and brother of the groom. Gerrett Smith at the organ, played the bridal chorus.

The breakfast and reception at the "Brick House," the Stokes home, a couple of miles distant from the church, resembled a happy summer fete. All the members of both families were there.

On their return from Europe in two months Mr. and Mrs. Stokes will make their home on the lower east side of New York city.

RYAN TRANSFERS HIS STOCK TO TRUSTEES

George Westinghouse Confirms Statement That Equitable May Purchase It.

[By Associated Press to The Gazette.]

NEW YORK, July 18.—The majority stock carrying the controlling interest in the Equitable Life Assurance society which was acquired by Thomas F. Ryan by purchase from James Hazen Hyde has been formally transferred to the board of trustees which is headed by former President Cleveland. This announcement was made today by George F. Parker, secretary of the Equitable trustees, in the following statement:

"Messrs. Grover Cleveland, George Westinghouse and Morgan J. O'Brien, trustees of the majority of the Equitable stock, announce that all of the 502 shares of the stock of the Equitable Life Assurance society delivered to them by Thomas F. Ryan has been transferred to their names as trustees and that it is now represented by a single certificate held by them subject to the trust agreement."

Mr. Westinghouse made the following statement.

On June 13, when the deed of trust was signed by Messrs. Cleveland, O'Brien, Ryan and myself, Mr. Ryan volunteered the statement he had made the purchase of stock with no expectation of profit and to solve a difficult situation, and that he was determined to convince the public he was acting in the interest of the policy-holders. He and Mr. Root, his counsel, both assured the trustees at that meeting that his stock would be available at cost under a plan for the acquisition of the stock by the society or for the benefit of the policyholders, and I understand he has given a written assurance to the same effect to Chairman Morton of the Equitable board.

MINERS' UNION MAKES NO GAINS IN PAST YEAR

Extreme Heat Forces Cessation of Business at First District Convention in Scranton.

[By Associated Press to The Gazette.]

SCRANTON, July 18.—Owing to the excessive heat but one session of the United Mine Workers of the first anthracite district was held today. The only business transacted was the reading of the annual reports of the officers. President Nichols reported the membership at present was 24,153, there being practically no increase during the year.

The conciliation board disposed of 14 cases during the year, three miners cases being sustained and one not being sustained. Three cases against miners had been sustained and eight had been withdrawn.

Secretary-Treasurer Dempsey reported that on June 30, 1904, there was a balance in the treasury of $17,585.71, and that during the year the sum of $56,000.91 had been received from all sources, making a grand total of $71,586.62. The expenses were $57,579, leaving a balance of $13,986.89.

President John Mitchell will address the delegates tomorrow morning.

M'ILVAIN IS IGNORED.

Water Committee of Allegheny Councils Listens to Director's Speech, but Disregards His Wishes.

The committee on water of Allegheny councils last night ordered printed two resolutions providing for the payment of $63 25 to Ferd Peters and $22 to William Bolster, employes of the bureau of water, who were injured while in the performance of their duty. This action of the committee followed a speech by Director McIlvain, who spoke against the payment of such claims, and declared they were illegal.

An ordinance that provides for the purchase of a pump of 5,000,000 gallons capacity for the Howard street pumping station was ordered printed, as was the measure for the erection of a new steam line and the changing of the feed line at the same station. The employment of a supervising engineer for the construction of a new manifold system at the Montrose station was authorized.

A claim for $1,885 85, made by J. M. Gilchrist's Sons for the erection of a coal elevator at the Howard street station, was negatively reported, as it was asserted that the elevator was built by the company when it had the contract for furnishing coal to the city, and that the city had no interest whatever in the elevator.

Rott's Membership Is Questioned.

There was a lively argument in the Homestead school board yesterday over the question of the membership of L. Edwin Rott, cashier of the Homestead National bank. President David Rodgers declared that Rott could not sit as a member of the board from the Fourth ward, as he is now a resident of Munhall borough. Rott contended that his residence is in the Fourth ward and he was sustained by the other members, who refused to stand for a ruling otherwise by President Rodgers.

Cripple Has Lively Time.

Joseph Keimmel, of 19 Johnston street, Millvale, was sent to the workhouse for 30 days yesterday, on a charge of disorderly conduct. After buying three quarts of whisky on Monday, he got a hatchet and started to break up the house furniture. Keimmel, who has an artificial leg, ran when a policeman appeared and when finally caught struck the latter over the head with a cane.

Is Chosen Public Works Director.

Ingram council, at a special meeting last evening, elected L. H. Dougherty director of public works of Ingram. He received four votes, two more than his nearest competitor, C. F. Devos.

GOVERNOR IN NO HURRY FOR NEW SECRETARY

Will Take His Time to Select Man to Succeed the Late Frank M. Fuller.

[By Private Wire to The Gazette.]

HARRISBURG, July 18.—Gov. Pennypacker is not in a hurry to appoint a secretary of the commonwealth to succeed the late Secretary Fuller. He said today that he does not contemplate making the appointment until after he returns from the encampment of the Second brigade at Erie. The governor returned to his duties today, after a week's absence and will leave for Erie tomorrow night. He does not care to discuss the matter of the appointment of a secretary of the commonwealth, and declined to say whether his appointee will be a western man.

"Wait until he is appointed," said the governor, "and then you will know his address."

"But will geographical location enter into the appointment?" he was asked.

"It is quite likely that it will," he answered.

The fact that Banking Commissioner MacAfee had a long conference with the governor today led to the story that Mr. MacAfee would likely be the appointee, but he denied emphatically that he had discussed the matter with the governor.

ARGUMENT ABOUT HUMP STARTS A STREET FIGHT

Assessor Elmer E. Siebert and Ex-Alderman Henry Gram Quarrel Over Politics.

In a discussion over the cutting of the hump, Eighteenth ward politics was injected into the talk and a fight resulted, during which, it is alleged, City Assessor Elmer E. Siebert struck ex-Alderman Henry Gram in the right eye with his fist. Siebert was arrested, but was permitted to go on his own recognizance by Alderman Owen Kelliher of Butler and Fifty-second street, before whom Gram made an information, charging assault and battery.

Siebert, the ex-alderman, Deputy Sheriff James Haggarty and Patrick Brennan, a saloonkeeper, met in Butler street, near Fifty-first. The party went into a saloon and had a drink. While at the bar the removal of the hump came up and soon the four men adjourned to the sidewalk. Siebert demanded of Gram to know what business he had in the hump question, as he is a Republican.

Gram retaliated by telling Siebert of the different political parties the latter is charged with training with in past years, and Haggarty entered an objection. Gram thereupon accused Haggarty of being a job hunter and also of having been an adherent of the old Municipal league. Both Siebert and Haggarty replied, and it is said that in the volley of words Siebert charged Gram with wrecking a former financial institution of Lawrenceville. Gram passed the lie and the mix-up between the men followed.

Haggarty and Brennan pulled the men apart, but Siebert wanted to continue. Gram is in his 57th year, while Siebert is only 42, and Siebert's action riled the elder man considerably and he declared it would take a better man than Siebert to whip him.

A large number of people were running to the scene to learn the cause of the excitement by this time, and Gram went to the office of Alderman Kelliher and swore out an information charging Siebert with assault and battery. A warrant for Siebert's arrest was given to Constable Archibald Miller, who found Siebert at Fifty-first street.

Siebert accompanied the constable to Kelliher's office, where he was told he could go and would be notified of the date the hearing in the case would be held.

After Siebert was released he disappeared among the crowd about the alderman's office, while Gram went to his home in Stanton avenue, near Morningside road.

Install the Rev. Mr. McClintock.

The Rev. Edwin McClintock was installed pastor of the Esplen United Presbyterian church last night. The Rev. W. A. Phillips, moderator, presided, and the Rev. J. M. Briceland of the Union church preached the sermon. The address to the people was made by the Rev. Dr. W. R. Thompson of the West End church, and the Rev. R. M. Blackwood of Coraopolis charged the pastor.

Team Falls Off Incline.

A horse belonging to Shankey brothers, commission merchants, was killed yesterday by falling into the pit at the foot of the Penn incline at Seventeenth street. Through some misunderstanding of signals the car was started just as the team was about to step on it. Both horses fell a distance of 75 feet. The second horse was badly cut and bruised.

There are many reasons why you can buy

Piano Factory: Greensburg.

DOCTORS FAVOR ARTESIAN WELLS

Several Physicians Tell Committee the Purest Water Can Be Got This Way.

MUCH BAD MILK IN THE CITY

The councilmanic committee on artesian wells yesterday listened to a number of doctors give their opinion of the feasibility of the scheme. The plan is to have Pittsburgh spend $10,000 in sinking wells throughout the city. Nearly all of the physicians approved of the idea.

The committee consists of three members of councils, who are doctors, E. R. Walters, W. H. Weber and W. D. O'Brien. Yesterday they listened to addresses by Dr. E. G. Matson, city bacteriologist; Dr. J. W. Asdale, Dr. J. S. Stevenson and Dr. W. F. Bartley and president of the Pennsylvania State Jersey Cattle association. Others present were City Controller Larkin and Councilman Roenigk. Mr. Roenigk said the object of the ordinance is to place pure cool water at points where it can be reached by the people. He said the ordinance had been indorsed by the Pittsburgh board of trade, Homewood board of trade, Eighteenth Ward board of trade, and by physicians and others.

Dr. E. G. Matson said artesian well water would be more palatable and cooler than the water that would be distributed from the filtration plant. A little iron or lime in the water, he said, does not hurt, but rather improves its taste. There is 10 times more lime in the Howe spring water than in the water from the Allegheny river. Dr. Matson was asked by Dr. Weber, if he did not think filtrated water would not be better than well water. Dr. Matson said he thought filtered water could be made safe, but many people did not like to drink it.

Dr. J. W. Asdale said no medical man should raise objections to the putting down of artesian wells. He thought there should be wells at every school house. There is a well at the Passavant hospital and its water is used for the patients. This water is pure and wholesome, and eagerly sought by the people of the neighborhood. Typhoid fever, he said, came from impure water and he told the committee it should not refuse to spend $10,000 to give pure water and save the lives of hundreds of people. The city, said Dr. Asdale, is polluted with typhoid fever as every physician knows and contaminated water and milk are responsible.

Dr. W. H. Lehner, said: "You cannot imitate nature, and no filtration plant you can build will give you water 93 per cent pure. No filtered water is as good as nature gives you from the bowels of the earth. I believe that the water that comes from underneath the rock is the purest that man can drink."

Dr. W. F. Bartley said a great many typhoid fever cases come from milk. "There is no doubt," he said, "the milk which comes to Pittsburgh is the most unhealthy of foods. The water is not entirely responsible for typhoid fever. Go through some of the big milk stores and I am sure you will never use milk again. Milk you get from them will keep for a long time because it is full of preservatives."

Dr. Walters said if he could get any other water, he would not drink artesian well water, and he was opposed to the putting down of artesian wells.

Dr. J. S. Stevenson preferred water from a well to filtered water. The committee meets again tomorrow at 3 p. m.

BABY'S AWFUL SKIN HUMOR

Doctors and Hospitals Called it Chronic Eczema and Said Sores Never Could Be Healed—Child Was Getting So Bad Mother Didn't Know What To Do.

CURED BY CUTICURA AT EXPENSE OF $1.75

"Words cannot express my gratitude for what Cuticura Soap, Ointment, and Resolvent have done for my son, who when two years old had Eczema as bad as any child could have it. I had several doctors, but when they stopped treating him his head would begin to get sore again, almost the next day. It got so bad I really didn't know what to do. At last we took him to the hospital, where the doctors said he had Chronic Eczema. They gave me a wash for it, but said it was foolish to think of it ever being cured.

"The child was failing so I thought I must do something, and reading about Cuticura, I went to the nearest drug store and purchased a set of Cuticura Remedies. I used half of it and found some relief and improvement, but thought the change for the better was only temporary, as it had been with all the other medicines ordered by the doctors. But by the time I had used one and a half boxes of Ointment, one small bottle of Resolvent, and one cake of Soap, the cure was complete and permanent, with not a sign of a sore from that day to this,—over two years. I shall never be without Cuticura Soap, I find it so good for the toilet and for the children.—Mrs. J. Schepperle, 218 Frost St., Brooklyn, N. Y., Feb. 9, 1905."

Complete External and Internal Treatment for Every Humor, from Pimples to Scrofula, from Infancy to Age, consisting of Cuticura Soap, 25c., Ointment, 50c., Resolvent, 50c. (in form of Chocolate Coated Pills, 25c. per vial of 60), may be had of all druggists. A single set often cures. Potter Drug & Chem. Corp., Sole Props., Boston.

"How to Cure Baby Humors," free.

Gray Hair Banished

One Bottle of Wyeth's Cream of Sage and Sulphur performed a miracle.

My hair was as white as snow when I commenced using Cream of Sage and Sulphur. One bottle restored my hair to its natural dark brown color. As I am now 70 years old, I consider the result most remarkable. It is an agreeable and refreshing hair dressing, keeping the hair soft and glossy, without being in the least greasy or sticky.

WYETH CHEMICAL CO.
Rochester, N. Y.

and you will receive a package by return mail prepaid

For pleasing results use Dr. Kilmer's Swamp-Root, the great kidney remedy. At druggists. Sample bottle by mail free, also pamphlet. Address Dr. Kilmer & Company, Binghamton, N. Y.

JOSEPH HORNE CO.

Weather—Fair. Wednesday, July 19, 1905.

Cor. Penn Ave. and Fifth St.

Gentlemen who would be pleased to own a Fancy Vest can today purchase $3.50, $4 and $5 Vests for the price of $2.50.

In considering your vacation trip consider, also, that our Mail Order Department can serve you in many ways. Write us.

One Thousand White Waists, $1.85 Each

Worth from $3.00 to $5.00.

As an example of how manufacturers seek us for help in cleaning up a season's stock—these are from one of the foremost makers in the country.

He literally sacrificed these waists, seeing that cotton is on the upward jump, with a promise of going higher than for many months. Had they not been made up, and had we given an order for them to be made in the same style, we would have had to pay much more than the price we are asking you.

Best styles and best sewing we have seen this season. The embroidery employed is of neat design and of very fine texture, while the laces, neatly inserted, are of the quality that will enable us to guarantee many washings.

With this lot we have gathered together several numbers from our own stock which have been with us too long. Altogether the most wonderful collection—ready this morning.

$16.50 for $25 to $50 White Summer Dresses.

With utmost frankness we have to say to women that had not these gowns been made for samples, and served their purpose as models, it would have been almost impossible to quote such a price as $16.50. They show signs of having been handled, but not so much as to hurt them. Finest lot that we have offered this season and direct from the maker. Included are Paris muslins, dotted Swiss, plain lawns and nainsook. They are particularly pretty and particularly summery. The skirts as well as the waists are effectively trimmed. Laces have been elaborately used, as well as tucks and folds.

$2.50 and $3.50 White Skirts for $1.75

We have 125 of them, therefore 125 fortunate women can buy these skirts today at about the cost of material. A goodly number of styles. They are round length skirts, and altogether are about as dapper a skirt as any woman could well wish to wear in hot weather.

What Men Can Save on Summer Clothes

Hadn't you better come and see and relieve us of re-quoting the prices that are reduced to a very low point?

Better clothes were never made for the first prices at which they were sold, and now that they are under the clearance hammer they become wonderful values.

Let us talk to you today about your suit—either the three-piece Summer suit, or the two-piece suit.

Another "Word Hunt" Next Sunday.

$50.00 IN PRIZES

For Four Words Selected From

NEXT SUNDAY'S GAZETTE

Rules and Conditions of the "Word Hunt."

The hunt consists of selecting four words from the advertisements appearing in next Sunday's issue of The Pittsburgh Gazette.

In selecting such words you are privileged **to use each letter of the alphabet four times, but no more.**

Each letter of the alphabet has a value in points, according to its location in the alphabet. For example, A is one point; B, two points, C, three points, etc. This would make the letter Z count twenty-six points.

The persons selecting the four words aggregating the greatest number of points (on the basis described above) will receive the prizes. We give below examples to demonstrate the difference in value of words. Take the word "Furniture."

6—21—18—14—9—20—21—18—5
F—U—R—N—I—T—U—R—E

It contains nine letters and represents 122 points, whereas, you take the word "Handkerchief."

8—1—14—4—11—6—18—2—8—9—5—6
H—A—N—D—K—E—R—C—H—I—E—F

It contains twelve letters, which only represent 92 points.

Answers must give the words selected, explain from what ad. they were taken and where the ad. is located in the paper. This is necessary to properly check the answers.

LIST OF CASH PRIZES

First Prize	$15.00
Second "	10.00
Two Prizes $5.00 each	10.00
Four Prizes $2.50 each	10.00
Five Prizes $1.00 each	5.00
13 Prizes	$50.00

After each word must be given the number of points it represents; at the bottom of the sheet the total of the points represented in the four words. Sign your name and address plainly.

Should two or more contestants be tied for certain prizes, such prizes will be distributed pro rata among such contestants.

Every person is eligible to enter the Hunt except employes of The Pittsburgh Gazette and members of their families.

All answers must be sent in on the blank form provided in The Sunday Gazette.

No contestant will be awarded more than one prize.

All answers must be in The Gazette office by 9:00 a. m. of the following Thursday.

Answers must be addressed to Manager "Word Hunt," The Gazette, Pittsburgh, Pa., and either sent by mail or delivered in person at our Business Office.

Any answer which does not comply strictly to the foregoing rules will not be considered.

Any points not covered in the above rules will be decided in an equitable manner by the Sunday Editor of The Gazette and the Manager of this contest.

(Copyrighted, 1905, by I. F. Bailey, Pittsburgh, Pa.)

NOTICE—The Manager of the Hunt reserves the right to make any changes in the rules that he may deem necessary for properly conducting the contest. Be sure to read the rules next Sunday.

No Person Knows the Answer. It's Up to You.
Enter the Contest---You Have All to Gain and Nothing to Lose.

AMUSEMENTS.

The Pittsburgh Gazette receives the full report of the Associated Press every day of the week, as well as the special telegraph and cable news of the New York Herald, and in addition has private wires to its bureaus in New York, Philadelphia and Harrisburg.

TERMS:
Daily Edition by carrier in Pittsburgh, Allegheny and surrounding towns for 6 cents a week.
Sunday Edition, 5 cents per copy.
Rates by mail within the United States and Canada, outside of the City of Pittsburgh:
Daily Edition at the rate of $3 00 per year.
Sunday Edition, $2 50 per year.
Daily and Sunday Editions, per month, 50 cents.
Daily and Sunday Editions, per year, $5 00.

Anyone unable to purchase a copy of The Pittsburgh Gazette on trains or at news stands will confer a favor by reporting the same to this office.

Wednesday, July 19, 1905.

Lieut. Peary's ship, the Roosevelt, is equipped with wireless telegraph apparatus that may be of some value to the expedition. It is the first Arctic exploration vessel to carry such equipment and the experiments with its power to flash messages over the ice fields will be very interesting. There are wireless stations in Alaska and Labrador and the waves may carry for long distances in the northland.

Every improvement of the freight terminals of Greater Pittsburgh is to be welcomed. That planned in Allegheny by the Pennsylvania interests promises to be a long step in advance. It will provide a freight depot convenient of access to down-town Pittsburgh as well as Allegheny. Approached by elevated tracks, it will relieve the congested streets of crossings at grade and thereby add doubly to traffic facilities.

Momentary interest is aroused by the approaching release of Alexander Berkman from the penitentiary and his transfer to serve a term in the workhouse. No false sentiment need be invoked for the occasion. Berkman has been justly punished for his crime. If his regeneration is as complete as his captor, W. H. McKelvey, hopes for, there is a fair world before him in which to do some good. There is no room in it for red-handed anarchy.

Kingsley House is giving another large consignment of children a delightful outing at Valencia—a timely relief from the heated atmosphere of the city. This is a splendid work for humanity, one that cannot be too much appreciated and encouraged. The town work of Kingsley House is of great importance to the community, but appeals less directly to average sentiment than this taking of the children from the tenements to the cool breezes and beauties of the country.

By the death of Dr. John P. Sterrett, Pittsburgh has lost one of its foremost physicians. He was a physician in the true sense of the term, devoting himself assiduously to relief of the sufferings of humanity. Ever active in the study of disease and its alleviation he attained to high rank in his profession and to wide fame. It was given to him to reach the fullness of years in this high calling, so that while he will be missed and mourned, there is thankfulness that he was so long permitted to minister to the needs of his patients.

High temperatures prevail throughout the country and there is much suffering in consequence, especially in the cities. The conditions are not new. They are expected every year. They cannot be prevented and so must be endured. To this end there is nothing better than the exercise of common sense and the refusal to worry about the thermometer. Common sense will dictate cessation of excessive activity and other excesses. Plenty of cool water, outside and in, will help some, but ice cold drinks have no place in the calculation.

Japanese officers directing the work of salvage of the Russian naval vessels sunk in Port Arthur harbor report unexpected success. The Russian ships were not as much damaged as had been expected and all of the larger craft can be floated and repaired. These will compensate for the Japanese naval losses during the war. No effort has yet been made to examine the wreck of the Petropavlovsk, Admiral Makaroff's ill-fated flagship, outside the harbor, and it is probably in too deep water to attempt raising it. The Japanese are, however, skillful and thrifty.

Another effort is to be made to compel the equipment of street cars with fenders. The matter may be taken into court if the railways and the department of public safety show no better disposition. The movement is worthy of encouragement, for while the fender tests have not been satisfactory the belief is prevalent they may save life in certain circumstances. This belief is stronger in cities where fenders are in use than in Pittsburgh, particularly favorable reports coming from Cleveland. It is not believed that all fatalities can be avoided, but one life is worth many fenders.

Director Bigelow's Statement.

Director Bigelow gave to the chamber of commerce yesterday more information than had previously been accessible, affecting the reduction of the hump. It affords a basis for definite consideration of the project, though the director's statement leaves much yet to be desired. The character of waivers has not been made plain; the probable damages, physical and consequential, that have not been waived have not been definitely stated. It is known the waiver of Mr. Frick contains a conditional clause that may render it of no value. He is the largest owner of property in the district. It is pertinent to ask how many more have made reservations.

Of the figures given by Director Bigelow it may be said there is ground for serious question. Excavation at $2.50 per cubic yard does not cover solid rock. The fact that Grant hill exists implies extra hardness of material which resisted erosion to a greater degree than the adjoining formations. Observation of the excavations for the court house, Frick buildings and others confirms the geological inference. Contractors will not overlook these items.

Mr. Bigelow's statement of expense for altering the properties of corporations is far from satisfactory. In the abstract it makes no allowance for contingencies. In the concrete, but one company waivers all damages, two agree to bear one-half of the expense, the remainder waive nothing. All of the corporations affected should make alterations wholly at their own expense and waive claims for losses by reason of interruption of their operations. Every property owner should, at least, waive damages. Mr. Bigelow's own figures leave no adequate margin for the payment of any damages whatever. In these particulars the director's showing is unsatisfactory. His further statement in reply to specific questions contained in W. S. Guffey's resolution will be awaited with interest.

Pittsburgh Coal.

The passage of the quarterly dividend on the preferred stock of the Pittsburgh Coal Company should not be construed as symptomatic of trade conditions in the territory covered by the operations of that corporation. Neither are the stockholders warranted in losing confidence in their property. The Pittsburgh Coal Company is in a condition described as "land poor." Since its incorporation a little less than six years ago it has purchased more than 100,000 acres of coal lands in addition to the acreage acquired at the time of organization. These purchases, while giving it a body of coal acreage that cannot be duplicated anywhere in this country and placing it in a commanding position in the bituminous trade, absorbed the funds which might otherwise have accumulated as a reserve for dividends and working capital. In the policy of acquisition it also obtained control of the Monongahela River Coal and Coke Company, but the income from that investment was cut down by the interruption to navigation and other causes prevailing during the first half of its fiscal year. In addition to this, competition for the lake trade was unusually severe this year, and earnings from that source were reduced. The bituminous coal trade as a whole has not shared in the prosperity of the anthracite coal trade during the first half of 1905, but the prospects for the last half of the year are extremely bright, and the recuperative powers of this hundred-million-dollar corporation are very great.

Norway's Status.

Norway's purpose to ask the government of the United States to recognize its separate existence may give Secretary of State Root a strenuous half hour or two. It has been the American custom to promptly recognize de facto governments, but the Norwegian case presents some peculiar aspects. For example the statement of Norway's claims, as given to the press, includes the assertion that it is no new country and that it has not changed its form of government.

There is obviously no new government to recognize, merely one that has been diplomatically represented through other channels. Secretary Root may deem the absence of precedents sufficient warrant for taking ample time to consider. Meanwhile the relations between Norway and Sweden may be more effectively adjusted. Norway may obtain a king to rule over its people, which will give it a better diplomatic standing. In any event recognition or the lack of it by the American government will not make or break the kingdom of Norway, in search of a king to reign over its destinies. There is no hurry.

Instruction in Lumps.

By way of inaugurating the "campaign of education" for hump reduction, the Dispatch gave the greater part of its first page yesterday to showing what is "back of" the proposed cut. According to our cotemporary, the improvement now under discussion is merely an "opener." It is to be followed by the extension of Sixth avenue, at the reduced grade, straight through to Fifth avenue east of Federal street; by a new city hall and park north of the court house; a county building in Fourth avenue, occupying half of the square and a park occupying the other half next to Diamond street. There are other details, most of them proportionately expensive.

While the Dispatch does not insist these improvements must be made immediately, "but what can be affirmed is that it is a good example of the possibility, and that it, or its equivalent, will follow the realization of the fundamental improvement." The "fundamental improvement" is the cutting of the hump.

As a bit of educational campaigning this is highly instructive if not edifying. The people are to be permitted to pay $2,000,000 and then some to cut 15 feet off the rocky crest of the hump. This will be a preparation for permission to pay another $25,000,000 to make other improvements for the benefit of property owners in that section. The aggregate being a bit more than the municipal borrowing capacity the county taxpayers are to be let in for a portion. We are glad to know it is this scheme and not a "real estate speculation" that is "back of" the hump removal project.

Our Growing Foreign Trade.

The returns of our foreign commerce for the fiscal year ended with June 30 have been compiled by the government and they show that a new record has been established in the trade of the country. Combined exports and imports of merchandise foot up $2,635,970,333, an increase of $184,000,000 over the highest previous total. The exports of merchandise increased more than $57,000,000 and the imports more than $126,000,000. The showing is all the more remarkable because of the fact that during the first half of the fiscal year the exports of breadstuffs fell off more than 50 per cent as compared with 1904, and the total was only $101,000,000, against $142,000,000 the year before and $213,000,000 for the year ended June 30, 1903. The classification of the trade shows that while our exports of agricultural products fell off nearly $40,000,000, our exports of non-agricultural products increased $86,000,000. These figures prove that we are obtaining foreign markets for more diversified products, and that shipments of manufactured articles are more than offsetting the falling off in shipments of breadstuffs.

The balance of trade in favor of the United States for the fiscal year was slightly below $401,000,000. This total has been exceeded but six times in the history of the country. While the financial well-being of this nation has always been gauged largely by the excess of our merchandise exports over imports, this factor is not now so important as it was in former years. When a large percentage of our government and railroad bonds was held by foreign investors, we were compelled to send either gold or merchandise in settlement of interest paid thereon. We were a debtor nation, and our attitude toward foreign nations was somewhat similar to that of the individual debtor toward his creditor. We are now, as a nation, more in the position of a man who has liquidated the puchase-money mortgage on his house, accumulated a surplus and has an income from investments in mortgages on the houses of his neighbors. As a nation the United States holds several hundred millions of the obligations of other nations, chiefly those of Japan, and within the past half-score of years we have bought back a large amount of our obligations held by foreign investors. Interest and dividend money formerly sent abroad now remains at home. And while we have accomplished this change from a debtor to a creditor nation, we have become better manufacturers and better salesmen, and have succeeded in getting larger and more diversified markets abroad than ever before in our history.

Magistrate Moke has no sympathy for the man who defends a lady from insult. This may be good law, but it's not poetic justice.

Japan is acquiring a new navy, but it would be a mistake to say it is at small cost. Our own is cheaper and better.

Peary is taking the wireless telegraph up for an introduction to the aurora borealis and the magnetic pole.

Surely what the controller has said to the South Side is not sufficient to cause the rise in temperature.

Lord Roberts has not withdrawn his opinion that the British army is unprepared for war.

Director Bigelow can forget the heat making replies to all of W. S. Guffey's questions.

Norway is not satisfied with independence, it wants to be recognized.

Fenderless cars continue in vogue, trimmed with excessive loading.

Peary is the object of envy. Going to the north pole and eternal ice.

Whatever Pittsburgh may be suffering, New York is suffering more.

The Post has unmistakable views about the controller's duties.

Former Statistician Holmes is not enjoying his vacation.

Apparently the tornado belt has moved to the north.

Mountain breezes are becoming more popular.

Everything is melting except the hump.

The Lion Skin.

The skin of the lion, the king of beasts, is among the most valuable of the rare skins. It is kingly, even as was the animal himself, and reveals the great strength and courage of the mighty form that it once protected. The skin of the full-grown lion is about three yards long and one and one-half yards wide. Its hair is neither bright nor pretty, but its great shaggy mane crowns it like a rare jewel and makes it valuable.—Shoe and Leather Reporter.

In a Butte Garden.

Come into the garden, Maud,
For the gladsome spring is here;
Take a quinine capsule before you come,
And then you need not fear.

Put on your rubbers, Maud,
And your chest protector, too;
And we'll stroll on the plank that leads to the gate;
'Tis the best that we can do.

We shall see the wallflower, Maud,
At the casement across the way;
She'll see us, too, you can bet your life!
And I wonder what she'll say!

Your eyes have a watery gleam look Maud,
And your nose is a red-rose tint;
Let us hasten away from the garden plank,
And mix us a bowl of mint!

—Butte Miner.

QUIET OBSERVATIONS

By ERASMUS WILSON.

This is fine weather, very fine.

Maybe you think this is said in fun, but it isn't, for it is very true.

It is typical harvest weather, and as for corn weather it couldn't be better, hence the farmer man is in his glory, and all the world rejoices because of the bounteous harvests that are being garnered.

Of course you have a right to kick and complain to your heart's content, take to the woods, seek satisfaction in the deep waters, or swelter under your own roof. Fortunately for the rest of humanity your kick will have no effect on the temperature, nor on the humidity, nor on the crops, nor on anything except yourself and a few of those who are compelled to share your company.

And while you are grumbling and complaining the farmer man is having the time of his life, grinning and sweating, and making things hum. True, weeds are growing like sin, but he learned long since that weeds grow fastest in good corn and grass weather, so that the extra work required to keep them under control will be paid for in corn, and well paid, too.

What will you get for your kicking and complaining? More than likely you will get something, indigestion, maybe, or possibly sunstroke, or some such prostrating sort of thing.

* * *

Yes indeed, this is fine weather, and no mistake. Hot! Of course it is hot, but none too hot for comfort—for your comfort and mine next winter. Were the weather cool and suited to your taste we would be without the comforts of life in a few months, and then there would be universal growling—one long, incessant, angry growl.

No doubt if you had sufficient standing in the court of heaven to get the ear of the court for a few seconds you wouldn't hesitate to ask for a considerable drop in temperature.

What a lucky thing that you haven't such good standing there.

It hasn't been a year since you were petitioning for an old-fashioned winter. And don't you remember how you kicked and howled when it came in all its glory.

Now that its mate, an old-fashioned summer, is here you are again inking a mokey of yourself. Possibly you don't see yourself in that shape, but there are those who do, and they are laughing, too.

This sort of weather suggests exercise enough to cause you to perspire a pint or two each day. This is nature's way of keeping you cool and healthy.

* * *

No sir, the weather couldn't be finer, nor more nearly to the right point. In fact, you couldn't make it better if you had the making of it yourself.

Go read the crop reports, hog and cattle statistics, and note the weakening of the gamblers and high rollers on Wall street, and you may be led to conclude that the weather is all right.

Those who haven't anything to do but to work and eat ought to be rejoicing loudly on account of this weather, for it means plenty of food, which means cheap food.

And then turn to another column and read that the steel mills are literally swamped with orders, and that the rush for rails and structural steel is so great that there will be an unusual demand for mill help and for construction.

All this is largely due to the fatness and fullness of the harvest, which, in turn, is largely due to the weather conditions against which you are railing so vehemently, and so ineffectually.

Don't you think you are very, very silly, if not sinfully ungrateful?

And don't you know that your silly rage only effects you and your immediate associates, and that the effect is bad and far reaching, for you are developing the kicking habit so strongly that it will sooner or later become chronic.

* * *

Were you ever a farmer boy?

If so you know all about new mown hay—a whole lot more than the poets who have written about it.

The only place, really, to get all there is in new mown hay is up in a close haymow with a couple of lusty pitchers trying to bury you under the hot, dusty, odorous stuff. And that is where the boy is always placed, it being too hard for men. At least that is the boy's notion.

Of all the close, stifling, dusty places this is one of the worst, particularly if the hay has the usual quantity of weeds and things mixed with it, such as yarrow, sour dock, dewberry briars, thistles and dead clover. For odor this can't be beat, and you surely get a fill of it, for you have odorous hay dust in your nose, eyes, mouth, ears, hair, clothes, and everywhere that it can find lodgment.

Gee! how it makes you itch, and how the briars do scratch, and how the dirt makes your chapped feet burn.

There is some fun lolling on a windrow of fresh mown hay, if you can find a shady place and the grasshoppers are not too pesky plenty and frisky, and there are no signs of rain in the heavens.

If you want to learn all about new mown hay ask some man or woman who harvested hay when they were on the old farm.

* * *

Laying all joking and funning aside, this is splendid July weather, and is atoning for the shortcomings of May and June, which made spring planting late.

The farmer who, like yourself, only seems to recognize the disagreeable things in life, was in a great stew because he didn't get his corn planted early in May, and had to replace it in June, ought to be ashamed of himself now, for his June planted corn is right up to date, if not a little ahead, and growing to beat the band, but not to beat the weeds, for they were not made to be beaten easily.

No doubt you are getting a fine and variegated lot of discontent and misery out of this weather while the philosophic chap who looks at things through commonsense spectacles, is hopeful and happy, and not feeling the heat hardly any, at least not more than he has good reason to expect, and not more than he hoped to feel.

Anyway, we make most of our misery and if we were to endure it all ourselves there would be no good cause for complaint, but unfortunately we are almost certain to compel others to share it with us.

"What in me is dark
Illume, what is low raise and support;
That to the height of this great argument
I may assert eternal Providence,
And justify the ways of God to men.
—Milton.

Point of View.

"How beautiful!"

Two men stood on the edge of one of the largest coal mines in Pennsylvania. The native was showing the other one of the grand industries of modern civilization.

"It is indeed a beautiful sight," continued the stranger, waving his arm round nervously.

"While there is a lack of natural scenery," he added, "the absence of foliage does not disturb me. These noble workmen are a grand sight, and I don't think I ever took in such a varied assortment of air. It must be inspiring in those cavernous depths. It certainly appeals to me greatly."

His host looked at him inquiringly. "I did not think the beauty of this region would impress you," he said drily. "It is useful, perhaps, but its aesthetic significance never revealed itself to me. May I ask where you get your idea?"

His guest sighed a homesick sigh.

"My dear fellow," he replied, "haven't I been living for the past year on the line of the New York subway?"—Puck.

According to Chicago.

"No, sir! This strike will go on until the cause of the oppressed triumphs. It can't be stopped, it can't be crushed. It is a struggle to a finish."

"How would about $50 for your personal needs strike you?"

"As I said before this strike can't be crushed—but I didn't say it couldn't be called off. Where's the money?"—Cleveland Plain Dealer.

TALKED OF IN GOTHAM

By FRANK A. PARKER.

[By Private Wire to The Gazette.]

"I sentence you to 14 years in state prison. I wish I could send you to the electric chair, for you have committed a crime which deserves that punishment." With these words, Judge Foster, in general sessions court today, meted out punishment to August Tebsch, 49 years old and a native of Germany, with an address at No. 110 Charles street. The man had pleaded guilty to a charge of abduction. On June 19 he was caught with two little girls, five and four years old, respectively, near Newark, N. J. The girls had been coaxed by him from their homes in Manhattan.

"Knock Down the Conductors."

"I know from what I have witnessed that passengers getting on and off cars at the New York terminal of the Williamsburg bridge are handled worse than cattle. Their treatment by the railroad officials is certainly sufficient grounds for any man, when either he or his family is abused, to knock down the inspectors and conductors," said Magistrate Wahle in the Essex market police court when he discharged from custody Adolph Markell of Brooklyn, who was arrested on complaint of William Rosebuck, who accused him of causing a disturbance on one of the cars. Witnesses declared that he had been assaulted by both the conductor and Rosebuck. In dismissing the complaint the magistrate scored the railroad officials, saying such treatment as is shown at the New York terminal would not be tolerated in Brooklyn. The railroad officials, he also said, looked upon poor persons in Manhattan as those whom they could treat as they liked. Pigs, he concluded, were shown more consideration.

Quarantined Ship Allowed to Dock.

The British steamer Indrani, from Chinese and Japanese ports, detained at quarantine yesterday for examination for symptoms of bubonic plague among the crew, was allowed to proceed to her dock today under her own officers and a new crew. The regular crew, comprising 48 Chinese and Lascars, was taken to Hoffmans island for observation. They will be kept there for 10 days at least to see that no other cases develop. Meanwhile Dr. Doty, health officer of the port, expects to learn the nature of the disease that caused the two deaths on the Indrani. He thinks it was bubonic plague, though it may have been beri-beri.

Fornes May Succeed Hearst.

If the plans of Charles F. Murphy are carried through Charles V. Fornes will be sent to congress next year from the Eleventh district, now represented by William R. Hearst. Mr. Fornes will not be a candidate to succeed himself as president of the board of aldermen, and it is believed that "Little Tim" Sullivan will obtain the nomination on the Tammany ticket. Mr. Fornes had intended to stand for re-election until his return from Europe several weeks ago, when he learned that the terms of the mayor, controller and president of the board of aldermen had been lengthened from two to four years by the legislature. He did not feel he could afford to take the time from his business for four years, and after talking the matter over with Mr. Murphy it was agreed that his duties as a representative in congress would be more congenial and he decided on the change.

Novel Cause for Appeal.

The district attorney's office received word today that the attorneys for Emma Nash, a negress, who was found guilty on July 10 of killing her common law husband, Joshua Whitebural, on March 27, and sentenced to 10 years in Auburn prison, would appeal the case. The appeal is to be based on the novel ground that Barton S. Castles, one of the jurymen, was allowed to receive reports from the cotton exchange, and to send orders to buy and sell from the jury box. Castles is a cotton broker. The attorneys for the convicted woman will take the stand that the receipt of such reports must necessarily divert a juror's mind from the case.

Deserted a Suicide's Body.

Clara Matson, who lived with a family named Fause at No. 104 East Seventy-eighth street, committed suicide by swallowing carbolic acid on Saturday. Coroner's Physician Lehane made the usual investigation and issued a death certificate. Today the coroner's office was notified that the Fausts had moved out of the house and had left the body of the suicide behind. The police are investigating the matter.

Death of Prominent Leading Man.

Frank J. Evans, a well-known and veteran actor, died yesterday at No. 472 Sixth avenue, from erysipelas, aged 63. He played in support of Forrest, Booth, Davenport and Barrett, and was leading man with Neilson, Mary Anderson and Mrs. Lingard. His most popular performance was in Bartley Campbell's play, "The Galley Slave," in which he played the chief part for many seasons.

Sea Animals in Desert.

Scientists of the University of California who have been searching for prehistoric animals on the Nevada desert for the past few months have succeeded in finding skeletons of some sea marauders on the dry wastes. One of the specimens is 20 feet long, and packed occupies 54 boxes. This specimen was found on the great 40-mile desert in Humboldt county and is considered one of the most valuable fossils ever unearthed. Before finding this one the scientists succeeded in locating several smaller reptiles, which must have lived in that region ages ago.—San Francisco Chronicle.

A Too Suggestive Welcome.

King Oscar of Sweden once passed through a small town which was festively decorated, and noticed a large transparent board, bearing the inscription, "Welcome, our Majesty," issuing from a house. "What house is that?" asked the king. "That is the town prison," was the answer. Whereupon his majesty, laughing, said: "That is rather too much politeness."—Kansas City Journal.

GRAFT AND GRAFTERS

What Makes Anarchists.

All the lies which professional anarchists tell about the cruelty of the rich men in acquiring their riches—all the lies which they circulate about oppression of the poor by the United States government—have proved futile in this country. They have been futile because they have been lies, or malignant perversions of small and unimportant truths.

But when pillars of society are exposed as brittle to the core—when men whom the people have widely trusted with their fortunes and the future of their families, and have believed in as models of probity and honor, are found to be but whited sepulchers—then anarchy really gains converts and the institutions of civilization are menaced. Not the lie but the truth is what kills.—Chicago Record-Herald.

More Vigilant Than Formerly.

All these revelations of irregularities in several departments do not mean that there is more graft in the government today than in the past. The government officials are more vigilant in tracing out crime now when it is committed than they were formerly. The press is more active in detecting it and in pointing out its extent and its enormity than it was half a century ago or earlier. Malefactors are being hunted down a little more vigorously than was done in the past. Neither high station nor wealth will save any official who transgresses today. The credit of President Roosevelt's administration depends, in a considerable degree, on the record for honesty and efficiency by his subordinates, and he is not likely to overlook this truth.—St. Louis Globe-Democrat.

An Action Approved.

President Roosevelt's determination to push investigation so as to get at the root of the rottenness in the department of agriculture partially exposed by the developments of the cotton report scandal will be hailed with general satisfaction. The grafters have carried their predatory advances into every branch of government—municipal, state and federal—and into all forms of corporate undertaking. They are undermining free institutions and debauching the popular conscience. The president cannot set his foot down too firmly in ridding his party of the swarms of high placed functionaries who in long years of Republican domination have fastened themselves upon the public service as a means of plundering opportunity.—Philadelphia Record.

A Disheartening Outlook.

To every man of average morality a perusal of the testimony taken by Superintendent Hendricks in the case of the Equitable Life Assurance society is simply disheartening. That the greed of gain and plain dishonesty lies at the basis of the defective administration of public affairs has been shown in recent scandals, national, state and municipal—the latest being the betrayal of his trust by Mr. Holmes of the department of agriculture. In selling the secrets of his office to speculators in cotton. In the causes of recent bank failures the same lack of moral sense, the same disregard of the obligations by trustees have been brought to light, and in the Equitable case it is the same story in exaggerated form.—New York Herald.

Will Have Cordial Support.

The investigation which followed the first disclosures of "grafting" in the postoffice department showed that many more officials were concerned in irregularities and fraud than was at first suspected. Perhaps it would be well to turn another Joseph L. Bristow loose in the office of the statistician in the department of agriculture. This administration has proved its sincere purpose to uproot "graft" and "grafters" in the government service. It has already done a great work, and it will have the cordial support of the public in continuing to probe, wherever necessary, for proofs of venality and corruption.—New York Tribune.

A Pessimistic View.

The time will never arrive when all men will be honest. Human nature is the same now as it was in the days of Solomon, and it will continue unchanged until the last man views the wreck of the universe. Consequently there will always be thieves and grafters in the government service. The thing to do is to weed out the dishonest men and raise the service to the highest possible level of decency and efficiency.—Washington Post.

The Strongest Moral.

The strongest moral of all the graft disclosures being made just now, apparently on all sides and in the most trusted concerns, is that people are very foolish to pick pockets on the streets and break into houses to rob their owners, when other people's money can be taken from them in so many other easy, safe and pleasant ways.—Baltimore Herald.

LIGHT IS NEEDED.

A Temperate and Clear Statement of the Hump Question.

From the Pittsburgh Post.

At a meeting of the chamber of commerce today an effort will be initiated to ascertain the facts regarding the cutting down of the Fifth avenue hump, toward paying for which the people of the city are to be asked to vote to contribute the sum of $1,000,000. It is very desirable indeed that full information upon the subject should be forthcoming so that the people can know just exactly what they are expected to pass upon when the time for voting comes. There are certain things which ought to be made very clear before that time. In the first place it should be known how much the whole cost of the improvement is going to be. The subject has been under discussion so long that data as to the exact number of cubic yards of earth to be removed ought to be available. Then, too, there is the cost of regrading and repaving the streets and readjusting the buildings. The cost of relocating the pipes, wires and railway tracks must also be taken into account. There are other items which every competent engineer will take into proper consideration in making up the total cost of the improvement. This cost ought to be estimated within a few thousand dollars of the actual figures. * * *

All this information is necessary to enable the people to come to a proper conclusion on the subject of the proposed bond issue. As the matter now stands they cannot tell whether all of the $1,000,000 they are asked to vote will be used to defray the share of the expense of the improvement which it is claimed the city should pay because of the alleged general benefit that will result, or whether only a fractional portion of it will be required. Neither can it be ascertained from the present showing whether the city may not be compelled to pay considerably more than $1,000,000. We have no inclination in saying that the share for which the city should be called upon to pay should be very small—not more than one-tenth of the total cost. Even the payment of such a sum would be a departure from the established principles which have heretofore governed in the matter of street improvements. * * *

It is declared that the city will in a few years get back in the shape of increased taxation whatever money it puts in. This may be true, but it is equally true that the property holders will also within a short period get back any outlay they may make on account of the improvement. Thus far it may be remarked there has been no demand for the making of the improvement except from the director of public works and a few interested property holders. In view of these facts it is difficult to understand why City Controller Lawson should have taken upon himself the role of one of the chief champions of the improvement. It is no part of his official duties to advocate large expenditures of the public money where the necessities of the city and the law do not call for such, but it is rather incumbent upon him to see that the burdens placed upon the taxpayers are as light as possible. Before going further in the matter the councils should demand that all the information indicated above shall be given to the people, so that they can themselves form a proper opinion on the subject and vote accordingly.

PICKED UP IN LOBBIES

Going to Gen. Blackmar's Funeral.

Col. J. M. Schoonmaker, vice president and general manager of the Pittsburgh & Lake Erie railroad, was a passenger on the New York flyer of the Pennsylvania railroad last night. Col. Schoonmaker was en route to Boston to attend the funeral services of Gen. W. W. Blackmar, the late commander-in-chief of the Grand Army of the Republic. Col. Schoonmaker was chief of staff to Gen. Blackmar, and his presence at the funeral services will be in that official capacity, his recent resignation not having been acted upon.

"The Grand Army has lost an able leader and a good member in the death of Gen. Blackmar," said Col. Schoonmaker. "He was widely known among the Grand Army men of the country, and was loved by everyone. By his any taking away, coming so shortly before the annual encampment, it is certain that a gloom will be cast over that gathering of the veterans. The ranks are being thinned out rapidly."

After the funeral the colonel will spend a day or two at his summer home at Sterling Lake, N. Y., where his family now is, and will then come on to Pittsburgh. He declines to discuss the Little Kanawha railroad proposition in any phase.

On the same train with Col. Schoonmaker were J. H. Tone, general superintendent of the Pittsburgh & Lake Erie, and his family. They are going to Atlantic City for a summer sojourn. Mr. Tone will return to Pittsburgh early next week.

\+ \+ \+

Bank Clerks Off for Convention.

Twenty-five bank clerks of Pittsburgh, members of the Pittsburgh chapter of the American Institute of Bank Clerks, occupied a special Pullman car on the Pittsburgh & Lake Erie Chicago train at 7:25 o'clock last evening. They will spend today in Chicago with delegations from a number of other eastern cities, and will go to Minneapolis tonight to be present for the annual convention of the American Institute tomorrow, Friday and Saturday. The Pittsburgh chapter being the largest in the institute, it is but natural that the local clerks should take a leading part in the association's affairs. Frank H. Pollard, chairman of the Pittsburgh chapter, will read a paper on "The Steel Industry." Other members will be identified with committees and other work of the convention. In Chicago today the clerks from all over the east will be entertained by the Chicago chapter and by the First National bank of Chicago. The whole delegation will go to Minneapolis in a special train over the Chicago, Milwaukee & St. Paul road.

\+ \+ \+

Colonels Are Off for Camp.

Six members of the staff of Gov. Samuel W. Pennypacker—three colonels and three lieutenants—will leave for Camp Jones in a special car, and it is probable that other members will be added to the party before starting. The party is in charge of Col. Samuel Mosly, general passenger agent of the Pennsylvania lines, and consists of Col. Mosly, Col. A. J. Logan, Col. Frank K. Patterson, Lieut.-Col. H. J. Lindsay, Lieut.-Col. John P. Penny and Lieut.-Col. J. M. Reid. The party will return to Pittsburgh tomorrow night after the inspection, unless the governor orders their stay in camp for a longer period.

\+ \+ \+

Japanese Peace Envoys Coming Here.

It is quite probable that the Japanese peace envoys to the conference with the Russian envoys at Washington will pass through Pittsburgh on their way from Japan to the national capital. L. D. Mitchell, district passenger agent of the Great Northern railway and Great Northern Steamship Company, with headquarters here, has received notice from his company's headquarters that the envoys are expected to arrive in Seattle on the steamship Minnesota of the Great Northern line on July 28. From Seattle eastward the party will travel by special train. In the peace party are Baron Komura, Japanese peace plenipotentiary, accompanied by Col. Tachihara of the Japanese war office; M. Yamawa, director of the bureau of political affairs; M. Sana, director of the bureau of information; K. M. Dennison, American adviser of the foreign office, and a number of interpreters, clerks and secretaries.

\+ \+ \+

Hotels Are Crowded.

Pittsburgh hotels are well filled at the present time. Last evening it was said that not such a heavy regular day's business had been done by the hotels in July for several years, or possibly never before except on a special day. The registers showed from 10 to 15 per cent increase over the figures days of this month. The Seventh Avenue hotel had with 300 names registered, 62 of which were for rooms. The Henry was second with 37 names, 11 being for rooms. The Monongahela House had 12 guests, 6 of whom were registered for rooms. The Colonial had 30 guests, each occupying a room. These numbers were for the single day's business and did not include the people who are stopping there for several days. The other hotels also showed an increase of patrons over the early part of this month.

\+ \+ \+

Words About Prominent Men.

J. D. Callery, president of the Pittsburgh Railways Company, was a passenger on the New York flyer for Philadelphia last night, going east on a business mission.

Among those at the Hotel Duquesne are Gabriel Gaux of Marseilles, France, and T. H. Dewey of London.

\+ \+ \+

Arrivals at the Hotels.

Monongahela—E. F. Barnes, Bermuda; C. Wilson W. Fairchild, Uniontown; W. F. Wood, Cuba; Mr. and Mrs. J. M. Moore, Tyrone; W. S. Ravenscroft, Ridgway; H. S. Borradile, Connellsville; Dr. J. H. Burket, Barrington.

Colonial—Mr. and Mrs. J. W. Fisher, Johnstown; H. H. Hollingsworth, Connellsville; J. P. Burley, Wheeling; James H. Smith, Franklin; Mr. and Mrs. R. M. Bowman, Oil City; A. M. McCarty, Oakdale; F. C. Woodside, New Brighton.

Boyer—L. B. Humphrey, Brookville; J. M. Emery, Butler; H. Montgomery, Toronto; D. J. Ryan, Carlstown; J. H. Lucas, Fairmont; W. G. Hawkins, Painesville.

Griswold—W. D. Virgil, Clarksburg; A. D. Shore, Isaac Wall and Samuel Wallace, Elizabeth; August Haas, Jeannette.

Henry—H. E. White, Youngstown; H. L. Trubier, Irwin; Fred Kline, East Liverpool; Mr. and Mrs. J. H. Field, Uniontown; A. A. Crawford, Cornwall; Charles H. King and Charles Huffman, Waynesburg; D. McNamara, Franklin.

Newell's—H. A. McMannis, Altoona; A. McMahan, McMahan; E. P. Crist, F. G. Lantz and J. F. Sampson, Parkersburg.

Duquesne—A. E. Snyder, Cumberland, Md., and Mrs. H. Nelson, Youngstown; William Bond, Carnegie Springs; J. G. Fraine, Wheeling.

Seventh Avenue—John M. McKee, Clintonville; Moses Fredericks and W. T. Betts, Lock Haven; E. F. Yeagle, Sharon; W. H. Craig, Bloomsburg; D. M. Dale, Roaring Springs; Victor J. Hoke, Point Marion; Mr. and Mrs. John H. Fisher, Blairsville.

Anderson—Frank Fisher, Johnstown; Charles Fisk, Jr., Fulton; J. W. Miller, Mrs. Washington, O. H. H. Wagner, Dayton; J. B. Reed and daughter, Laurel Hill.

Astor—W. J. Day, Bradford; J. A. Bubb, Marysville; J. T. Moffett, Chilson, S. M. Flan

NEWS OF NEARBY TOWNS AND COUNTRY

BEAVER BOLTERS GET AN UNPLEASANT BUMP

Staunch Old Newspaper of the County Refuses to Line Up With New Party.

[SPECIAL TELEGRAM TO THE GAZETTE.]

BEAVER, PA., July 18.—The fusion movement in Beaver county which made R. S. Holt the Democratic-Citizens candidate for judge against J. Rankin Martin, the regular Republican nominee, has made inevitable a heated four months' campaign. The Republican executive committee has been called by County Chairman Charles H. Stone to meet tomorrow night, the purpose of the meeting being "to devise means to defeat Holt."

Citizens Chairman Arthur C. Townsend held a meeting of his executive committee a few nights ago for a directly opposite purpose. One of the greatest surprises of the campaign came last night when the Beaver Falls Tribune of which the Hon. I. J. Mansfield is president and John M. Telford is editor, changed its politics and came out for Martin and the Republican ticket. This was the cause of jubilation in the Republican camp and dismay in the Citizens and Democratic camp, whom the Tribune has been supporting with energy.

The Tribune says in part: "In this issue of the Tribune we place in our columns the Republican ticket or list of successful candidates for nomination at the recent county primary election. The management of the Tribune has not taken this step without the most mature deliberation and has been induced to do so by the following facts:

"The recent primary election was not as corrupt as some in recent years, yet it was not without its blemishes, and acts were committed by injudicious persons that in all justice the leaders and candidates should not be held responsible for.

"The candidates on the Republican ticket as compared with those on the fusion ticket do not suffer in the least. It is for these reasons, notwithstanding the fact that the Tribune raised its voice against the use of improper means to secure success by either faction at the recent primaries, that the Tribune has decided to cast its lot with the regular Republican ticket."

DISTILLERY TO MAKE STONE.

Peculiar Transformation Wrought by New Corporation at White Rock, Near Connellsville.

CONNELLSVILLE, PA., July 18.—(Special.)—The Pittsburgh Art Stone Company, a new corporation composed of Connellsville and Pittsburgh capitalists, today closed a deal for the purchase of the property of the White Rock Distilling Company in South Connellsville including an acre of ground, the distillery building and warehouses.

The property will be converted into a factory at once and concrete blocks turned out. The company was organized by the election of the following officials: Leslie A. Howard, Connellsville, president; C. L. Edmonds, Pittsburgh, general manager; H. A. Crow, Connellsville, secretary; Peter Rutsek, Connellsville, treasurer.

OFFICER DROPPED FOR GOOD.

Connellsville Policeman, Who Was Gruff With Woman, at Last Off the Payroll.

CONNELLSVILLE, PA., July 18.—(Special.)—Peace has been restored in the Connellsville police department by an announcement that the suspension of Patrolman Thomas McDonald has been made permanent.

Burgess C. W. Patterson suspended McDonald every time the police committee reinstated him until today when he was dropped for good. The chief charge against him was that of using insulting language to women in telling them to "move on."

MEDICOS WILL BANQUET.

New Castle Physicians Will Hear Addresses by Noted Pittsburgh Physicians.

NEW CASTLE, PA., July 18.—(Special.)—The annual banquet of the Physicians club of this city will be held Thursday evening, July 27. Dr. J. C. Lange of Pittsburgh will deliver an address upon the "Early Diagnosis of Pulmonary Tuberculosis." Dr. W. T. English of the West Penn Medical college, and Dr. Andolph Koenig, president of the Pennsylvania State Society of Physicians, will also make addresses. About 200 invitations have been issued.

Trackwalker Killed in Tunnel.

GREENSBURG, PA., July 18.—(Special.)—John Faltain, trackwalker for the Pennsylvania railroad, from Greensburg to George, was run down in the tunnel at the local passenger station early this morning, dying soon afterward at the Westmoreland hospital. He was 42 years old, and is survived by his wife and two children.

Lost All His Wheat Crop.

WOOSTER, O., July 18.—(Special.)—During a heavy storm this morning the large barn of Joseph Swinehart, near Lattasburg, was struck by lightning and destroyed with all its contents. Swinehart had just finished hauling in his crop of wheat. The loss is $10,000, with no insurance.

Object to Parading With Guardsmen.

SCRANTON, July 18.—The Vandling drum corps, composed of mine workers, has notified the Carbondale Father Mathew society that the corps will not fulfill its contract to lead the society in the August 10 parade in Wilkesbarre, if there are to be any national guardsmen in line. This is the parade which President Roosevelt is to review.

United Brethren in Conference.

CONNELLSVILLE, PA., July 18.—(Special.)—The annual ministerial institute of the West district, Allegheny conference, began in the United Brethren church here last evening and will continue until Wednesday evening. Thirty ministers from all parts of Western Pennsylvania are in attendance. Rev. S. W. Keister, of Mt. Pleasant, is the presiding officer.

Carpet Tack Causes Death.

WOOSTER, O., July 18.—(Special.)—Three weeks ago Martha, aged 9, daughter of Joshua Bowman, injured her right foot slightly in stepping on a rusty carpet tack. Sunday blood poisoning developed, and her death resulted this afternoon.

Struck Big Flow of Gas.

UHRICHSVILLE, O., July 18.—(Special.)—The Commonwealth Light and Heat Company of Pittsburgh today drilled in a gas well in West Uhrichsville which shows a flow of 1,500,000 feet. The company has several hundred acres under lease, and expect to supply gas to sewer pipe factories in this vicinity.

Amusement Company Formed.

WASHINGTON, PA., July 18.—(Special.)—The Washington Amusement Company has been organized here, with a capital stock of $25,000. A site has been purchased in a central location and a large brick building will be erected.

SEEKS TO BREAK WILL OF MILLIONAIRE'S ESTATE

NEW YORK, July 18.—Declaring that William Zeigler, the millionaire baking powder manufacturer and backer of arctic expeditions, was insane and incompetent to make a will, his widow, Mrs. E. Matilda Zeigler, began suit in the supreme court today to determine the validity of the will. Mr. Zeigler left an estate of $30,000,000 to his adopted son, William Zeigler, who will be 14 years old next Friday.

$3. Chautauqua and Return $3. Pittsburgh and Lake Erie.

Week-end tickets sold for Friday afternoon and all trains Saturday, valid returning until Monday. Try the Chautauqua Flyer, dining car attached, leaving Lake Erie station 1.25 p. m., city time; or the Limited, 10 a. m., city time.

Prostrations Are One Mostly to Overwork.

Get help by reading the Want columns and take it easy during the hot weather.

The Rev. Dr. H. S. Jordan.

POPULAR PASTOR CALLED TO SAN DIEGO CHURCH

Dr. H. S. Jordan, Who Inaugurated Customs for Comfort, Wanted in California.

[SPECIAL TELEGRAM TO THE GAZETTE.]

NEW CASTLE, PA., July 18.—The Rev. Dr. H. S. Jordan, pastor of the First Presbyterian church of this city, the largest and wealthiest congregation here, has just received a call to the pastorate of the First Presbyterian church of San Diego, Cal., at an annual salary of $2,700. That is the same as he receives here. He has not yet determined whether to accept or not.

Dr. Jordan is one of the most widely known divines of the Presbyterian church and is prominent also in the Knights of Pythias, in which he was one of the grand lodge officers while residing in Michigan, before coming to this city some seven years ago.

Dr. Jordan is a man of marked sincerity and Christian piety, but he sometimes sets aside conventionalities that do not agree with his ideas of common sense. He it was who first inaugurated the style of women removing their hats in church by asking the ladies to remove their headgear. This summer he created another innovation by announcing from his pulpit one boiling hot day that the men could remove their coats and so sit in comfort while listening to the sermon. He is one of the most popular ministers of the city.

FIGHTING TO OUST STREET RAILWAYS

Arguments Heard Before Deputy Attorney General in Pittsburgh Railways Fight.

[SPECIAL TELEGRAM TO THE GAZETTE.]

HARRISBURG, PA., July 18.—Deputy Attorney General Fleitz this afternoon heard arguments in a petition for a writ of quo warranto against several Pittsburgh street railway companies to compel them to show cause why they should not be ousted from enjoying the franchises of certain streets.

The petitioner is the Marshall Avenue Street Passenger Railway Company, and its proceeding is against the Allegheny Hilltop, City View, North Side and South Side, Howard and East street, Cedar avenue, Pittsburgh, Allegheny and Manchester Street Railway companies. The allegation is that the defendant companies are occupying streets that by rights belong to the petitioner.

The argument was held behind closed doors. William Kaufman appeared for the petitioners, and Farnsworth & Wert of Harrisburg, for the defendants. During the hearing Vice President Tone and General Manager Carson of the Pittsburgh railways, were present. The decision was reserved.

To Accommodate Judge McKenna.

IRWIN, PA., July 18.—(Special.)—The committee in charge of arrangements for the reunion of the One Hundred and Fifty-fifth regiment, Pennsylvania volunteers, have fixed Wednesday, August 2, at Kennywood park, as the date and place. The date was fixed much earlier than usual on account of Judge Charles McKenna being at home in Pittsburgh, and in order that he may attend the reunion before returning to his post in Porto Rico.

Her Screams Frightened Snake.

WASHINGTON, PA., July 18.—(Special.)—Mrs. John Blake of Laboratory, a few miles east of this place, was horrified yesterday afternoon to find a blacksnake partially coiled around her 1½-year old son. She screamed for help and the snake was frightened away before it had done the child any harm. It was later killed and measured 6 feet 9½ inches.

Dies of Blood Clot on Brain.

CADIZ, O., July 18.—(Special.)—While playing on the street one evening last week Donald Timmons, aged 11, collided with another boy and their heads struck. Donald fell to the ground, again striking his head on a stone. A clot formed on his brain, and death resulted this morning.

To Furnish Sport for Hunters.

WASHINGTON, PA., July 18.—(Special.)—Marion Shriver of Waynesburg has just received a consignment of 50 fox cubs which he has turned loose on his large farm in Greene county. The foxes were received from Missouri and are expected to furnish sport for hunters next fall.

Pittsburghers Buy Coal Tract.

WASHINGTON, PA., July 18.—(Special.)—A block of 1,500 acres of coal land in Amwell township, this county, has been purchased by representatives of Pittsburgh capitalists whose names are withheld, for $100 an acre. The coal is all to be paid for in two years.

New President Elected.

SHARON, July 18.—(Special.)—At the annual meeting of the stockholders of the Sharon Foundry Company today, W. W. Shilling was elected president, to succeed Joseph Riddell.

BERKMAN LEAVES THE PEN TODAY

Anarchist Who Shot H. C. Frick, Following Homestead Strike, Now Goes to Workhouse.

ONE YEAR TO SERVE THERE

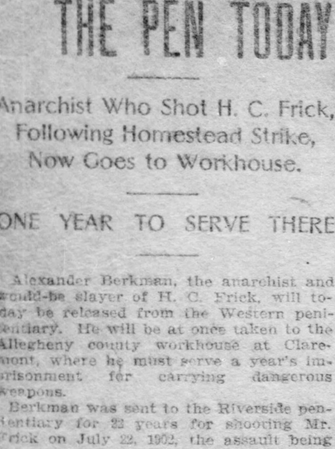
Alexander Berkman, the anarchist and would-be slayer of H. C. Frick, will today be released from the Western penitentiary. He will be at once taken to the Allegheny county workhouse at Claremont, where he must serve a year's imprisonment for carrying dangerous weapons.

Berkman was sent to the Riverside penitentiary for 22 years for shooting Mr. Frick on July 22, 1892, the assault being one of the incidents of the Homestead strike. Berkman has earned nine years' commutation by good behavior.

Sheriff Dickson yesterday detailed Deputy James Haggerty to take charge of Berkman this morning. The workhouse commitment is in the hands of Warden Johnston who has arranged to turn Berkman over to Haggerty at 9 o'clock this morning.

Several days ago Berkman informed Warden Johnston that he wished to make the trip to the workhouse in a carriage rather than travel in the street cars and train. Berkman wishes to avoid, if possible, the scrutiny of those who may gather outside the prison gates and does not wish to appear in the streets handcuffed. Sheriff Dickson had not decided last night whether or not he would grant Berkman's request.

Berkman was arrested on the day he shot Mr. Frick by Policeman John McRoberts and Garrett Crossan. They



ALEXANDER BERKMAN.
From photograph taken by Dabbs at the time the anarchist was arrested for shooting H. C. Frick.

heard the report of the shots and ran into the Hussey building in Fifth avenue, in which the offices of the Carnegie Steel Company were then located, and caught Berkman before he had left the suite of offices occupied by Mr. Frick. The would-be murderer was at once hurried to the old Central police station, Oak and Cherry alleys, and taken charge of by Select Councilman William McKelvey, then a city detective, who chanced to be in charge of the station at that hour. After Berkman was placed in a cell he was asked by McKelvey:

"Why did you shoot him?"

"Is he dead?" inquired Berkman.

"No he is not," answered McKelvey.

"Well, I am sorry for that," said Berkman.

McKelvey immediately ordered Berkman stripped and searched. While the sergeants were doing this Dr. Moyer, who was then city physician, noticed something in Berkmans' mouth. He wrenched the prisoner's mouth apart and found a cartridge containing nitro-glycerin.

It was a cartridge similar to the one Anarchist Ling used to kill himself just before he was to be executed in Chicago. McKelvey started to work to establish something of Berkman's identity. He learned Berkman was stopping at a hotel in Water street. A search of his rooms revealed a telegram sent to him by Carl Nold of Allegheny. Detective Shure went to Nold's room and found Herman Bauer, and brought him to the city. Nold was later found by Detective McKelvey at work in a store in Market street. Both Bauer and Nold were convicted, the later for distributing anarchistic literature.

At the trial it was proven that Berkman had visited the Fifth avenue building where Mr. Frick's office was located several days previous to the shooting. Nold was seen with him at that time. A number of other arrests were made, but the suspects were not convicted. McKelvey has visited Berkman a number of times during his incarceration. Berkman was always pleasant and never expressed any ill-feeling toward the officer who was instrumental in securing his conviction and also in sending his friends to the workhouse. At the penitentiary Berkman was known as prisoner A70.

It has often been reported that Emma Goldman, the famous female anarchist, was Berkman's sweetheart, and that it was she who induced him to make the assault on Mr. Frick. Emma Goldman's whereabouts are at present unknown. She has visited Pittsburgh several times since Berkman was convicted and each time it has been rumored that she was making some efforts in his behalf.

"SMOKE" WOODS IS DEAD.

Well-Known Negro With a Civil War and National Guard Record Passes Away.

Henry Woods, one of the best-known negroes in the neighborhood of Pittsburgh, died yesterday at the Homeopathic hospital from pneumonia. Woods, who was familiarly known as "Smoke," was born a slave in Virginia, 60 years ago.

At the outbreak of the civil war he ran away from his owner and became the servant of Capt. McGill of Knapp's battery, and served throughout the war in that capacity. After the close of the war he was employed for many years as a servant in well-known families, including those of Congressman John Dalzell and Sol Schoyer, Jr., of Swissvale.

For many years he was usually taken to the National Guard encampments as a cook by some of the Pittsburgh companies. He was also cook for the Iron City Fishing club. He maintained a home in North Braddock, where he is survived by his wife, Mrs. Maria Woods.

MARRIAGE LICENSES.

The following marriage licenses were issued yesterday:

C. J. Campbell, Elizabeth Davis; William Blaney, Lucy Williams; Maxwell H. Stewart, Sarah Clay; Julius Kersling, Wilhelmina Schweizer; George A. Swaney, Ellen McGrary; Herman P. Sell, Emma Fischbach; J. R. Coster, Sallie Phillips, all of Pittsburgh.

Elliott Donley, Margaret Tripot; Alfred Bernchfeld, Mary Hopple; H. F. Hogue, Margaret Shorts, all of Allegheny.

J. F. Ready, Erma Woods, Brackinridge.

William C. Nevin, Jessie M. McIntosh, Denver, Col.

Joseph L. Kountz, Alice Craig, Monongahela.

Paul G. Crum, Jessie McCullough, Kittanning.

Terrence M. Fogle, Clara K. Scheider, Mendelssohn.

Joseph Powell, Lizzie Thornton, McDonald.

William G. Hanley, Butler, Dorothy E. Martin, West View; Thomas H. Easton, Pittsburgh, Elizabeth G. O'Bryan, Allegheny; William Hale, Braddock, Louise Reder, McKeesport; Harry A. Cochran, Neville township; Hannah E. Kirk, Bellevue; Leonard Benson, Irwin, Maggie Alexander, Pittsburgh; William Stamp, Jr., Allegheny, Della Helmen, Pittsburgh; John Morgan, New England, Mary B. Stookes, Coal Valley; Fred K. Booth, Reynoldsville, Kathleen K. Phillips, McKees Rocks; Robert S. Algee, West Liberty, Elizabeth Volf, Brackinridge.

Always a Success.

The Pennsylvania Railroad Seashore Excursions of day coaches and parlor cars. The next one, July 27, leaves Pittsburgh at 8.55 a. m. Rate $16.00 in coaches, or $12.00 in Pullman cars when accompanied by usual Pullman tickets. Pullman accomodations can now be secured on application at this company's office, 366 Fifth ave., Pittsburgh.

HARD WORK FOR GUARDSMEN IN SUN

Camp in Perfect Shape for the Reception of Governor Today.

TYPHOID FEVER ON GROUNDS

SPECIAL TELEGRAM FROM
JOHN P. COWAN, Staff Correspondent.

ERIE, CAMP C. S. W. JONES, July 18.—A day of unceasing toil in the Second brigade tonight found its reward in an evening of music, mirth and banqueting for the guardsmen. Every command spent the hot hours of the morning and afternoon on the parade ground, and after a plunge in the lake the boys turned in to enjoy themselves. The best uniforms were brought out, the men's tents were decorated and the streets of the camp were policed to receive the pretty girls who are visiting the soldiers in Erie.

The Sixteenth and Eighteenth regiments are leading in the social affairs of camp. Mrs. Willis J. Hulings and her two daughters tomorrow will inaugurate a series of entertainments for the officers of Gen. Hulings' regiment. In every regiment something has been planned for the celebration of governor's day on Thursday.

Old School Holds Reunion.

The soldiers of Company B, of the Eighteenth, held a reunion tonight and among the guests were Col. L. T. Brown, Col. Frank I. Rutledge and other officers of equally high rank, who joined the roisterers in the company street. Capt. H. L. Cochran of Homestead is the company's commander and had planned the celebration as a surprise to some of the officers who owe their early military training to their experiences in Company B.

Companies K, L, M, and I of the Eighteenth, which were organized as a part of the old Seventeenth regiment during the Spanish war, tonight began the celebration of their seventh anniversary. Tonight the officers and men of Company K recalled the night seven years ago when they were sworn into Father Penn's service. The table where a luncheon was served was spread in the form of the letter K. Every soldier looked his best and joined in extending hospitality to their visitors. The officers of Company K and Capt. John B. Guthrie, Lieut. Curtis G. Hussey and Lieut. John C. McCullough. The other companies of the former Seventeenth will hold their reunions after inspection.

"Hail to the Chief."

Gov. Pennypacker's coming on Thursday, with Adjt.-Gen. Thomas J. Stewart and Maj.-Gen. Charles Miller, is eagerly anticipated. Excursions will be run from all the towns in the western part of the state and in the immense throng of visitors and the gathering of so many state politicians the governor will have an opportunity to announce the appointment of a successor to the late Secretary Fuller. It is authoritatively stated that the state has closed an option for a large strip of land in Gettysburg battlefield to be used hereafter for division encampments of the guard. This land will be used next year by the division and it is declared that Erie will witness the last brigade encampment in Pennsylvania.

Quartermaster John S. Purviher and Lieut. C. C. Williams walked down to the lake front this afternoon and erected the target which will be used in Battery B's shoot, an A triangular float. A sail has been hoisted and the gunners will endeavor to puncture this at 3,500 yards.

Typhoid in the Camp.

Private Peeters of the Mt. Pleasant company of the Tenth is laid up in the hospital with a broken ankle. Private George Caries of Company E of the Tenth has been removed to the Hamot hospital in Erie, suffering from typhoid fever.

The officers' mess table in the Fifth tonight was made especially inviting in a fish fry which followed a successful excursion which was made out into Lake Erie in a fishing launch by a dozen officers in the regiment. After spending three hours on the lake they returned with 18 pounds of fine sand pike. The people of Erie are clamoring to have the bands give concerts in the public square. The Fourteenth's band has been tendered several invitations, but as yet General Wiley has not issued an order for music outside the boundaries of camp.

No more drilling is to be done in front of headquarters. The parade ground is getting dusty and the clattering of the horses in the cavalry troops and artillery has filled the eyes of Gen. Wiley and his staff with sand. The general will have no more of it. This afternoon troop F, which was wont to drill on the hard ground before headquarters, went to the farthest opposite position in the field, and this afternoon Capt. Rees of the battery marked an invisible line which no horse or gun was allowed to pass. Both the battery and troop are making fine progress in drills.

Body of Albert Murray Arrives.

The body of Albert Murray, aged 48, who was drowned in the city reservoir of Clearfield, Pa., last Saturday, arrived at the home of his mother-in-law, Mrs. Elizabeth Coates, in Kittanning road, Etna, last evening, and will be buried from there today. Murray lived in Etna until two years ago, when he located in Clearfield. His family deny the suicide theory, but know little about how he met his death. Murray was born in Pine township, Allegheny county, and came to Etna when a small boy. He was a member of the Union Centenary Methodist Episcopal church of Sharpsburg, and is survived by two daughters, Elsie and Edith Murray of Etna; one son, Clarence Murray; three brothers, Harvey, William and Daniel Murray of Pittsburgh; three sisters, Mrs. Margaret Coleman of Allegheny, Mrs. Elizabeth Kenoble of the Fourteenth ward, Mrs. Anna Weisser of Etna, and his mother, Mrs. Barbara Murray of Etna.

Has Whooping Cough at 82.

SALINEVILLE, O., July 18.—(Special.) Mrs. Hannah Baker is recovering from whooping cough contracted from her grandchildren. Mrs. Baker is 82 years of age and never had whooping cough before.

The Death Roll.

Dr. John P. Sterrett.

Dr. John P. Sterrett, aged 79, of 6321 Penn avenue, a physician of national repute, died at his home early yesterday morning. Three weeks ago he sustained a serious injury to his knee which confined him to his bed and which led to his death. He was a brother of the late Chief Justice James Sterrett, and a brother-in-law of Judge John M. Kennedy. He was born in Middletown, Juniata county, and was the son of Robert Sterrett. His preliminary education was obtained in the public schools and at Tuscarora academy. He attended Jefferson college, Canonsburg, in 1845 and 1846, and began the study of medicine with Dr. Joseph Kelley, with whom he later practiced, after graduating from the University of Virginia in 1848. Later he established a practice in Johnstown, and then moved to Academia, where he practiced 20 years. In 1875 he transferred his practice to Port Royal and four years later came to Pittsburgh. In 1855 he married Miss Anna Kennedy, daughter of Dr. Kennedy. Five children were born of this union, all of whom are living: Robert M., James P., and John K., and Mrs. Mary Shuman of California, and Mrs. Lee C. Robins of Pittsburgh. He was a member of the Allegheny County Medical society, Pennsylvania State Medical society, American Medical association, East Liberty lodge, F. and A. M., East Liberty Presbyterian church and has also served as a member of Pittsburgh city councils.

Mrs. Levy M. Hamilton.

Mrs. Ella Chambers Hamilton, aged 53, wife of Levy M. Hamilton, died yesterday at noon at her home, 5201 Walnut street, East End, after several years' illness of paralysis. She was born in Pittsburgh and was a daughter of the late John B. and Martha Wirter Chambers. She was educated in the public and High schools of this city, later being graduated from Newell's Institute. Twenty-nine years ago she married Levy M. Hamilton, who, together with three sons, Lee, Dale and Parke, survive her. One sister, Mrs. Joseph S. Brown of this city, also survives. Mrs. Hamilton was a member of the Third Presbyterian church. Funeral services will be held at the house tonight at 8:30 o'clock, and will be in charge of the Rev. Dr. W. H. McElwan and the Rev. George Smith. The interment will be made tomorrow morning in the Uniondale cemetery.

Mrs. Anna M. Foley.

Mrs. Anna M. Foley, aged 70, died at the residence of George B. Kennedy, 5820 Rural avenue, East End, Tuesday night at 9:15 o'clock. Her maiden name was Anna M. F. Weyman. She is survived by one son, Fred J. McLaughlin, of West Etna. Funeral services will be held today at 2 p. m.

Mrs. Jacob Berner.

Mrs. Jacob Berner, aged 30, died suddenly at the home of her parents, 326 Tenth street, Sharpsburg, yesterday afternoon, after two hours' sickness of heart failure. She leaves her husband and a little daughter, 9 days old, besides her father and mother.

Obituary Notes.

Christian Garber Lowery, a public official of Hollidaysburg, Pa., for more than half a century, died there yesterday, aged 81.

Joseph T. Bender, chief of the Indian division of the interior department, is dead at his residence in Washington, aged 67 years. He had been in the department since 1869.

Charles Edgar Brown, postmaster at Cincinnati under the second Cleveland administration, former member of the Ohio legislature, police commissioner of Cincinnati and prominent as an attorney, died yesterday at Morgantown, W. Va., after a prolonged attack of diphtheria.

Gottlieb Topnich, a fireman aged 45, died at his home in Prospect street, Etna, yesterday, from pneumonia. He was born in Germany, and came to this country in 1882. After living in Johnstown and Allegheny he removed to Etna in 1898. He was a member of the First German Lutheran church of Sharpsburg. He leaves a widow and five children.

Mrs. Julia A. Turney, widow of Lucien B. Turney, died at Greensburg yesterday. She was 84 years of age. She was the daughter of the late William Gorges, a pioneer resident of Greensburg, and with the exception of a few years in Pittsburgh, had lived her entire life in Greensburg. She is survived by three children, Alice of Pittsburgh and Lucien and Julia of Greensburg.

Silas Tharp is dead at his home in Amwell township, Washington county, aged 75 years. He was a native of the county, a farmer and stock raiser and one of the leading Republicans of that section. His widow and the following children survive: Stephen of Pittsburgh, Jesse of Milton, Washington; Silas P. of Amwell township and Hiram Tharp of Greene county.

Chaplain George W. Collier, U. S. A., retired, is dead in Delaware, O., aged 80. In 1861 he was appointed chaplain of the Thirty-fourth O. V. I., serving through the war. He received his commission as chaplain in the United States army from President Hayes in 1879, and last year was commissioned major by President Roosevelt. He was chaplain-in-chief of the Grand Army of the Republic staff of Gen. John A. Logan.

Governor's Day Tomorrow—Grand Review. Second Brigade N. G. P. Encampment at Erie $3 Round Trip—Pennsylvania Lines.

"Governor's Day Special" leaves Pittsburgh 8:30 a. m., Allegheny, 8:35 a. m., Central time; returning leaves Erie, 6:30 p. m., Central time, tomorrow, Thursday, July 20.

Read about the "Word Hunt" on page three. $50 in prizes each week.

MARRIED.

WILSON-SERGEANT—On Tuesday, July 18, 1905, at the bride's home, by the Rev. John M. Gaston, Miss ELIZA L. SERGEANT and ROWLAND S. WILSON of Pittsburgh.

Vineland Grape Juice
is a wholesome tonic and beverage. Made from the choicest of grapes, by a process that retains all of the natural flavor, it has that deep rich color, so different from ordinary grape juice.
Vineland Grape Juice is not only a pleasing drink, but it is also a cure for many intestinal troubles. It's an appetizer, a stimulator, a tissue builder. For sale by druggists and grocers.
To realize just how good this grape juice is, send 10 cents for a trial bottle—not an ordinary small sample but the regular 10 cent bottle.
If your dealer cannot or will not supply you with Vineland Grape Juice, we will deliver, all charges paid, one dozen quarts for $2.25, or one dozen pints for $2.75.

B. & B.

Started in the first of the month to sell this st[illegible]wn, and we're doing it.

Sales thus far ahead of last July—but lots to be sold yet—and they're going to [illegible] If you read, and see the goods and prices you'll recognize that we're in earnest.

We're willing to take the loss—because it pays better than carrying over, which we won't do.

odd lines
—altogether about 75 pieces—great variety light and dark Cotton Taffetas and Cotton Foulards—some lines were 25c—neat silk styles—10c
Too many dark Navy and Pink 20 and 25c Irish Dimities, 10c
Imported double width 40 cent Pink and White Cross Cord Shirtings, 10c—for dresses, waists, shirts, boys' waists or children's wear this lot of fine goods is a case of Price to move a big lot in short order.

Most desirable lot fine light weight $1.00 Dress Goods, 50 inches wide, 50c, ever emptied out of shelves—neat, dressy light Grey, Tan, Blue, Brown and Oxford Mixtures.
Lot very superior Bradford Summer Mohairs and dressy Chene effects, 50c. Silver Grey and Aluminum, Grey with white single and double line stripes.

Lot of $1.25 broken lines of Paris fine Dress Check Voiles and Novelties, 50c—light and dark stylish things.
75c checked Voiles, made from fine sea island cotton—Black and White, Blue and White, Brown and White, broken and even checks, 40 and 45 inches wide, 35c
These are the finest goods that have yet been produced from cotton.
Several broken lines Dress Goods, 45 to 75-cent ones, at two prices, 15c and 25c

shelf emptying lot
—women's 65c high neck, long or short sleeve Vests, 35c
Extraordinary Lisle Vests, 20c—low neck, no sleeves—Richelieu rib.
75c extra large size Umbrella Drawers, 50c
50c Umbrella Drawers, 35c
Special Shelf Emptying lot low neck and no sleeves Vests, 10c

wrappers
much there, while good, a price is put on because there's surplus.
$1.00 Wrappers, 50c—light and dark prints—broken lines.
$1.50 and $2.00 light Lawn Wrappers, 75c—the only drawback to this wonderful offer is that only small women have a chance, as there's no size but 34 in the lot.
Lot $2.00 and $2.25 Lawn Wrappers and Kimonas, $1.50

muslin underwear
Shelf Emptying Prices on fine Bridal Sets—made of finest Nainsook, elaborately trimmed with pretty laces and embroideries—$24.00 Bridal Sets, $16.50—$36.50 Bridal Sets, $25.00—$50.00 Bridal Sets, $35.00
Very fine $10.00 White Lawn Petticoats, handsomely trimmed with laces and embroidery, $7.50
Fine $2.50 and $3.00 Nainsook Night-Gowns elaborately trimmed with laces and ribbon, low neck and short sleeves, $2.00
Fine $4.00 Cambric Night Gowns, trimmed with handsome embroideries, $3.00
Very fine $5.00 Nainsook Gown, low neck and short sleeves, handsomely trimmed with lace insertions, and ribbons, $4.00
Three pretty styles $2.00 Nainsook Night Gowns, high and low neck, lace and embroidery trimmed, $1.50
Lot of 75c Lace trimmed Corset Covers, 50c.

drapery stuffs
Odd lots and odd pieces we want closed out.
Semi-transparent Diaphania Cloth—imported Dollar Goods—Cream, Gold, Green or Rose, 50c
One piece Pink and one piece Dark Rose 35 cent 50-inch Satine, 18c a yard.
One piece each Green and Crimson 50 inch $1.25 Moire Bengaline Curtain Lining, 75c a yard.
Rose, Nile or Crimson 50 inch $2.75 Silk Armure Damask, $2.00 a yard.
Rose, Nile or Crimson $2.50 irregular cord Shaiki Silk Drapery, $1.85 a yard.
$1.25 Heraldic Tapestry—Red, Green, Blue—85c a yard.
$2.00 Oriental Silk Tapestry, India embroidery design, $1.00 a yard.
$1.25 Oriental Tapestry, 85c a yard.
Plain Red and Plain Green 50 inch Mercerized Tamatave or Corean Cloth, 75c a yard.
Green and Red 65c Lambrequin Tapestry, 24 inches wide, 35c a yard.
Six full pieces, all different, 48-inch Striped Oriental Tapestry, 25c a yard.

lawn mowers
The big demand for Lawn Mowers is in the Spring.
After that not many sold.
Any left is surplus—and very undesirable surplus—as it keeps quite a lot of money tied up with no chance to realize on it until next Spring.
Our surplus is priced to sell.
Chance for belated buyers.
$3.00 "Easy Cut" Lawn Mowers, $2.25—$3.50 ones, $2.50
$12.50 Pennsylvania Lawn Mowers, $10.50—$14.00 ones, $11.50
Shelf-Emptying a lot of Sink Brushes, at 1c each.
50 cent Wood Towel Racks, Oak or Mahogany finish, 25c
Lot 35c three-ring Towel Holders, 15c

Not a yard or piece of Summer Goods in Wholesale or Retail but what's to be sold.
Several part cases of 8 to 12½ cent light and dark Batistes, on retail counters at 5 and 6¼c
—better and prettier than ever sold at as little money.

AMERICAN BRIDGE EARNING MONEY

Benefits Result from Concentration Policy of U. S. Steel Corporation.

ONE OF THE BIG PRODUCERS

THE PITTSBURGH GAZETTE BUREAU
Herald Building, Herald Square,
NEW YORK, July 18.

The Wall Street Journal says the benefits that have resulted from the policy of the United States Steel Corporation in concentrating its plants and keeping them up to the highest point of efficiency is reflected in the present returns of the American Bridge Company over the last year or two. So far as earnings were concerned the American Bridge Company was a disappointment to the United States Steel Corporation at the time it was taken over. It was scarcely earning 3 per cent on its capital stock, which meant that it was contributing almost nothing toward the payment of dividends to the stockholders of the United States Steel Corporation.

The management of the Steel Corporation felt there was something radically wrong with a company that made such small returns on such a large gross business and immediately set about to improve its condition. Plants that could not be made to pay a satisfactory return under the most favorable conditions were dismantled and replaced by the largest bridge works in the world at Ambridge, Pa. The economic policy of the corporation was applied to the bridge company in every conceivable form, with the result that the subsidiary is now making what is regarded as a very good showing.

If the company was operating on an independent basis the preferred stock would be selling around par if its market valuation was based on actual earnings. It is admitted by interests identified with the American Bridge Company that its success is due to the policy of the United States Steel Corporation in cutting cost of operations to the minimum level.

In the early career of the United States Steel Corporation the Carnegie Steel Company, Federal Steel Company and National Tube Company headed the list in the matter of earnings, and on these three companies the Steel Corporation depended largely for dividends. However, the application of the corporation's policy of concentration and economy in operations has brought many other subsidiaries to the foreground as large earners.

The congested condition of the mills that turn out structural steel is hampering the operations of the American Bridge Company at present. The demand for structural steel is so urgent that the company is operating its works on a basis of less than 70 per cent of their maximum capacity. The rolling mills cannot make deliveries on specified time. When the fact is taken into consideration that the orders on the books of the American Bridge Company represent more than a year's work, the congested condition of the mills can be more fully realized.

The demand for structural steel is pronounced in every state in the union, with the exception of the New England states, which have been backward in the building line for several years. They are doing less new building than the Pacific coast. The building boom in New York, which collapsed about eighteen months ago, has been revived, and many big skyscrapers will shoot skyward before January, 1907.

MORE GOOD ROADS COMING.

County Commissioners Will Start Work on Six Thoroughfares Under the Flinn Law.

The county commissioners yesterday let contracts for improving five roads under the Flinn law. One other contract will be let this morning, the work of tabulating the bid not having been finished last night. County Commissioners Evans and Price and County Controller Cunningham, were present when the contracts were awarded. The accepted bids are 10 per cent less than the amount paid one year ago, and 25 per cent less than the rate of two years ago. The bidding was keen, 49 bids being offered in all. W. W. Kelly got three of the contracts and W. E. Howley two. The bids were as follows, the name of the successful contractor appearing in each case:

Versailles road, one mile, W. W. Kelly, $11,922; Hanley Construction Company, $12,-903 50; W. E. Howley, $15,625; Booth & Flinn, $18,590; Keeling & Ridge, $19,395.

Elizabeth and Monongahela City road, two miles—W. E. Howley, $22,769; Hanley Construction Company, $28,550; W. W. Kelly, $34,-412; McLaughlin Company, $36,750; Ott Brothers, $40,910; Ancorum Company, $41,165; Booth & Flinn, $41,370; Keeling & Ridge, $49,840.

Loomis Run and Mt. Nebo road, five miles—W. E. Howley, $61,468; Hanley Construction Company, $72,749 50; Booth & Flinn, $74,-176; W. W. Kelly, $77,496; Keeling & Ridge, $89,225; Ott Brothers, $95,840; Hill Construction Company, $107,286.

Three Degree road, three miles—W. W. Kelly, $39,116 60; W. E. Howley, $46,966; Keeling & Ridge, $50,510; Booth & Flinn, $50,511; Howley Construction Company, $54,801; C. M. Driver, $60,109; Ott Brothers, $74,738 80; Hill Construction Company, $50,991 80.

Noblestown road, five miles—W. W. Kelly, $61,385; Foley Brothers, $67,118; W. E. Howley, $70,129; Booth & Flinn, $78,370; Keeling & Ridge, $83,925; Ott Brothers, $84,270; C. M. Driver, $91,620; Zell Brothers, $91,990; Howley Construction Company, $98,687; Hill Construction Company, $125,706.

FRIENDS WILL AID HER.

Girl Killed Man Who Drove Her Into Immoral Life—Finds Sympathizers Among Women.

NEW YORK, July 18.—Berthe Claiche, the French girl indicted for murder in the first degree yesterday by the grand jury for killing Emil Gendron, pleaded not guilty today and was remanded for trial. No attempt was made to secure an early trial for the girl, and she will have to remain in prison until the fall session.

The girl, who says that for six years past Gendron made her lead an immoral life, and that she killed him to escape this slavery, looked very pale and wan when led back to prison. Sympathetic women who paid a lawyer to defend her during the preliminary examination have retained legal counsel for her during the coming trial.

HEARING WAS HEARD ON MR. BRYAN'S ACCOUNTING

INDIANAPOLIS, IND., July 18.—A hearing was heard in the probate court today on the acceptance of the account of William J. Bryan as executor of the estate of the late Philo S. Bennett. Counsel for Mrs. Delia Bigelow and George W. Cable, legatees filed formal objections to certain items in the account. Judge Cleveland reserved decision.

EX-PAPAL CHAMBERLAIN GETS LIGHT SENTENCE

ROME, July 18.—Sentence in the case of former Marquis Francis Macnutt, the wealthy American who was papal chamberlain of the Cloak and Sword until deprived of his title and office on the charge of disorderly conduct, was made public today. He is condemned to three months' imprisonment "with provisory liberty."

Week-End Chautauqua Excursions. Via Pennsylvania Railroad.

Special excursion tickets will be sold for afternoon trains every Friday, and all trains Saturday, to Chautauqua Lake, via Pennsylvania railroad, at rate of $3.00 from Pittsburgh and East Liberty, good to return until the following Monday, inclusive. These tickets will be sold to Chautauqua, Point Chautauqua, Bemus Point, Greenhurst, Celoron and Lakewood. Trains on Fridays leave Pittsburgh Union station at 1:10 p. m. and 11:00 p. m., and on Saturdays at 9 a. m., 1:10 p. m. and 11:00 p. m.

Real Estate and Farms.

A famous New York Hatter makes

Oetting Hats

$2.00 for the Best Straw Hats

We usually have difficulty in getting enough of these $2 hand-made straw hats at all times.

During June we cannot get any at all.

The shop that makes these for us closes up for the season on July 5th and remains closed until late in August.

We persuaded the maker to run his shop one week longer than customary, and make enough of these excellent hats for our July and August trade.

The hats are here now and we've marked them all $2, although they are worth $3, and that is what we would have to charge for them if they came to us during May or June.

To make this sale as attractive as possible, we will include all of our $2.50 and $3 Straws in this $2 sale.

The nobby small shapes, the attractive medium and the sedate large shapes are all here in the fine smooth split, or the nobby rough Sennit straws.

All hats carefully conformed and deliveries made anywhere, without extra charge during this sale.

Otto Oetting,

Two Stores,
FIFTH & WYLIE,

Getting Seasonable Goods At These Prices Is Like PICKING MONEY FROM THE TREES

Remember—These Are All This Season's Goods—Absolutely No Old Stock Is Here

Every detail of every article shows it to be a product of the present season.

We believe in being busy at ALL times. Therefore this sale. Summer is so well advanced that we are determined to dispose of all summer goods, and accordingly have reduced prices all along the line.

You Know Our Reputation
WEISSER'S NEVER DISAPPOINT

WEISSER'S RESTRICTION SALE!

Thursday & Friday

WILL PROVE THE BIGGEST Bargain Days of the Season

It Has Paid You to Wait For This Sale

Don't Come Today, But Come Tomorrow and Friday

We are busy today getting things in readiness so that there shall be no disappointment of any kind.

We want you to satisfy yourselves that these values NEVER have been equaled.

We call this a "Restriction" Sale because we are obliged to restrict the number of some articles that any customer may purchase. We want ALL customers to share in this great bargain event. If a limited number came and snapped up all of the more desirable bargains, we should hear no end of complaints from those who failed to get what they wanted. It is our purpose to treat EVERYBODY FAIRLY.

WEISSER'S NEVER DISAPPOINT

For example: Only two Washable Shirtwaist Suits at 85c will be sold to a customer—and only one white Linen Skirt at $1.50 will be sold at this price to anyone.

A careful reading of every item will convince you that this is eminently fair to all concerned.

Of course, a customer is privileged to make purchases in as many departments as he or she wishes, and is restricted only in the number of articles in each.

MAJORS CEMENT

IS THE BEST for Repairing Broken Articles, 15c Major's Leather and Rubber Cement same price.

OFFICIAL—ALLEGHENY.

Office of City Clerks.
City of Allegheny, Pa., July 15, 1905.

Notice is hereby given that the following ordinance was presented at a meeting of select council of the city of Allegheny, on the 14th day of July, 1905, and was referred to committee on public works.

LAFAYETTE WILLS,
City Clerk.

AN ORDINANCE—Authorizing and ordering the grading and macadamizing of Riverview avenue, Fifteenth ward, from the end of present macadam to Riverview park line, and providing for assessment and collection of the cost and expense thereof.

Section 1. Be it ordained and enacted by the select and common councils of the city of Allegheny, and it is hereby ordained and enacted by the authority of the same, That the grading and macadamizing of Riverview avenue, Fifteenth ward, from the end of present macadam to Riverview park line, is hereby authorized and ordered, and the director of the department of public works is hereby instructed to prepare specifications therefor, and the mayor and the said director are authorized to advertise for proposals for doing said work in accordance with such specifications, and award the contract therefor, according to the provisions of the acts of assembly in such cases made and provided.

The cost and expense of said improvement to be assessed and collected in accordance with the provisions of the laws of the commonwealth of Pennsylvania pertaining thereto and regulating the same.

Sec. 2. That so much of any ordinances as may conflict with or be supplied by the foregoing, be and the same is hereby repealed.

Office of City Clerks.
City of Allegheny, Pa., July 15, 1905.

Notice is hereby given that the following ordinance was presented at a meeting of select council of the city of Allegheny on the 14th day of July, 1905, and was referred to committee on surveys.

LAFAYETTE WILLS,
City Clerk.

AN ORDINANCE—Vacating a portion of the New Brighton road, Eleventh ward, from Shady avenue to Davis avenue, of a width of forty (40) feet, according to accompanying plan, and as herein described.

Section 1. Be it ordained and enacted by the select and common councils of the city of Allegheny, and it is hereby ordained and enacted by the authority of the same, That a portion of the New Brighton road, Eleventh ward, from Shady avenue to Davis avenue, be and the same is hereby vacated of a width of forty (40) feet, according to accompanying plan. The center line thereof being described as follows: Beginning at a point where the center line of the New Brighton road intersects the east line of Shady avenue; thence along the center line of the New Brighton road a distance of two hundred sixty-two (262) feet, more or less, to the north line of Davis avenue.

The damages caused thereby and the damages caused by the grade thereof and the benefits to pay the same to be assessed and collected in accordance with the acts of assembly in such cases made and provided.

Sec. 2. That so much of any ordinance as may conflict with or be supplied by the foregoing, be and the same is hereby repealed.

OFFICIAL—ALLEGHENY.

Office of Controller of Allegheny County,
Pittsburgh, July 12, 1905.

NOTICE TO CONTRACTORS.

SEALED PROPOSALS will be received at this office until 12 o'clock noon, Wednesday, July 19, 1905, for the superstructure and masonry of a steel highway viaduct over Hartmans run in Versailles township, near the residence of William E. Hartman; for filling approaches to bridge No. 2 over Douglass run at Douglass station and bridge No. 4 over Thompsons run at lands of Salmon heirs; for furnishing material and reflooring bridge No. 1 over Monroe run and bridge No. 2 over Thompsons run.

Steel highway viaduct over Hartmans run has extreme length of 850 feet.

All contractors before submitting bids should visit and examine the sites for proposed work to ascertain for themselves the conditions and requirements in each case.

Bids for viaduct superstructure shall be a lump sum.

Bids for masonry shall be by the cubic yard in place, price to include excavating, pumping, shoring, etc.

OFFICIAL—ALLEGHENY COUNTY.

Allegheny county will furnish all cement, loaded on cars at any railroad depot in the cities of Pittsburgh or Allegheny, the contractor to pay the freight.

Bidders must bid separately for masonry and superstructure.

Bids for filling approaches and reflooring bridges shall be in a lump sum for each bridge.

Bids shall be addressed to the county commissioners and indorsed "Proposals for Bridge Superstructure," "Proposal for Bridge Masonry," "Proposal for Filling Approaches" or "Proposal for Reflooring Bridges," as the case may be, and each proposal shall be accompanied by a bidder's bond, with two sufficient sureties, in the amount of the bid.

The right to reject any or all bids is reserved.

The party to whom the contract is awarded shall give bond, with two sufficient sureties, or the bond of a surety company, in double the amount of bid, conditioned on the faithful performance of the contract.

Plans and specifications can be seen and forms of bonds obtained at the office of Charles Davis, county engineer.

R. J. CUNNINGHAM,
County Controller.

CATCHER GIBSON'S HOME RUN WINS GAME FOR THE PIRATES

PIRATES AGAIN DEFEAT GIANTS

Case Pitches Great Ball, but Weakens in Seventh and Lynch Finishes in Fine Style.

GREAT PLAY BY BEAUMONT

[SPECIAL TELEGRAM TO THE GAZETTE.]

NEW YORK, July 18.—The games of the last two days have been responsible for a new name for the Pirates. They have been dubbed the "Salamanders." The visitors seem to fairly revel in the intense heat of the past week around New York, and today was no exception, in fact, it was hotter than yesterday. The visitors did not apply the calcimine brush as in yesterday's contest, the McGrawites managing to squeeze in a run in the seventh inning, thereby preventing a shutout. Score, Pittsburgh 1, New York 1.

Soho and "Hardscrabble" have been considered the hottest places this side of Yuma, Ariz. Today in comparison with the Polo Grounds they would compare very favorable with an Irishman's description of Duluth, who said the coldest winter he ever spent was a summer in Duluth. The torrid weather is having its effect on the crowds, as the Harlem meadow, with the thermometer around 94 in the shade, and shielded as it is from any breezes that may be stirring is the most uncomfortable place in the metropolis. Notwithstanding this the attendance was good, so eager is the New York fan to see a team that can make the Giants extend themselves that he will brave almost any old thing.

Manager Clarke's prediction made on his last visit to the home of the Giants that the Giants would have to beat his team to get the pennant, looks good if the last two games count for anything. But, should they win tomorrow's game from the champions, making it three out of four, and the same number already won from Brooklyn, there undoubtedly will be a hot race down the stretch for the National league pennant between the champions and the ex-champions.

This afternoon's contest was not much of a batting affair. What little was done was all on Pittsburgh's side, the Giants only getting five scattered hits.

The battery, Case and Gibson, for the visitors, was the whole works. Case's faultless pitching and Gibson's "helmiaur," as the Germans call a home run, in the fifth inning, which also proved to be the winning tally, were responsible for the locals' downfall. Although the Giants had been shut out up to this point they got their lone tally in the seventh inning. Changes were made at this point with kaleidoscopic rapidity. Strang went to bat for Mathewson, who was relieved in the next inning by Mowrey, Dunlay, "Mugsy" McGraw running for Bresnahan, who had singled. Lynch took Case's place in the box. All in all it was the most exciting inning of the game. McGraw's generalship went for naught, as told further down.

Sensational catches by Clymer, a throw to the plate by Beaumont, and Gibson's eastern debut were the fielding features of the game. The locals used two pitchers and a like number of backstops. Mathewson, who started the game, showed unmistakable signs of weakening. He was touched up freely from the opening, and only his wonderful support held him in the game as long as it did. McGinnity, who relieved him, held the visitors down to two hits and no runs in the last two innings.

Mike Lynch pitched the last two innings for the Pirates. The former varsity twirler never allowed the Giants a hit or a run, and fielded his position brilliantly, throwing three men out at first on drives on all sides of his anatomy.

Both Clymer and Leach got singles off Mathewson in the first inning, neither, however, scoring or getting beyond second base. Clarke sent a fly out to Dahlen. Wagner smashed the ball straight at Gilbert and Howard was thrown out at first by Dahlen. Brain opened the second with a single to center, but got no further than first, Beaumont, Gibson and Case, the next three batters, proving easy outs.

Clymer opened the third inning with a wallop to left for one base. He took second on Clarke's sacrifice. Mathewson, who covered first, was knocked down by Clarke and dropped the ball, but Clarke was called out for interference. He went to the bench amid hoots from the bleachers. Mathewson's hand was injured in the collision, and the game was postponed for several minutes. After a good rubbing he decided to go back, and was given the glad hand for his pluck. Leach sent out a nice single on which Clymer scored the first run of the game. Leach was caught too far on first, and while being run down was accidentally spiked by McGann. Wagner ended the inning by flying out to Donlin.

In the fifth inning Howard, Brain and Beaumont went out in the order named. In the fifth inning Gibson emulated Wagner's example of yesterday by winning the game with a home run hit. The Eastern league recruit clouted the ball away beyond the reach of Miller Donlin on the center field fence for the route. Notwithstanding the intense heat, this wallop chilled the grand stand. Case struck out. Clymer made a great sprint for first, but Gilbert's throw was a little too fast for him. Clarke was hissed for the bleachérites as he came up, but he expended it by setting the grass on fire with a single to center. Leach, who played second, by the way, closed the inning with a long fly to Donlin. This was enough, however, to win the game.

The Giants went out almost in one, two, three order. Indeed, Case only allowed them two hits in six innings. In the seventh, however, they got their lonesome looking tally, and that was all, notwithstanding six Giants reached the first sack. Devlin was walked by Case and took second on Gilbert's slow single to second. Bresnahan singled, scoring Devlin, but Gibbons was caught trying to make third. Strang batted for Mathewson and jammed a single to right.

McGraw was loudly cheered as he took Bresnahan's place on the paths. At this juncture Clarke sent Lynch in to relieve Case. Browne's grounder got between Leach's legs, but Beaumont was just what the doctor ordered, and by a swift and accurate throw to the plate he caught the Giants' manager hot-footing for home. Donlin was passed by Mike, and it was now up to McGann with the bases full. His knock was a high foul over near third base, which was easily captured by Brain. This was the last chance the Giants had, as Lynch held them in the palm of his hand after this.

In all probability Leever will face the Giants tomorrow, and as the pedagogue always has something in reserve for the champions, it looks like three straight from the Giants. The score:

JOHNSTOWN AGAIN WINS FROM ALTOONA NINE

Mountain City Players Show Poor Form in the Field—Harrisburg Takes Close Game from Williamsport.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

ALTOONA, July 18.—Johnstown hit the ball when Altoona was making errors and won the game in easy fashion. Miran would have been much more effective if his support had been better. Glendon, for Johnstown, was an unsolvable proposition, and the four hits scored off him would have been fruitless had it not been for errors. Score:

Altoona.	R.	H.	P.	A.	E.	Johnstown.	R.	H.	P.	A.	E.

HARRISBURG, July 18.—Lush weakened in the seventh inning and passed two men to first, after which Ritchie relieved him and three singles followed, giving Harrisburg three runs and the game. Score:

Williamsport.	R.	H.	E.
	0	0	0	0	1	0	0	0	0	—	1	5	2
Harrisburg.	0	0	0	0	0	0	2	0	1	—	3	6	1

COATESVILLE, July 18.—Terrible batting by Lancaster gave them an easy victory today. Cass, who was given a trial in the box by Coatesville, was hit safely six times in the fourth inning, and was succeeded by Feeney, who was hit hard in the fifth. Score:

Coatesville.	R.	H.	E.
	0	0	0	0	0	1	0	0	0	—	1	8	0
Lancaster.	0	0	0	0	5	2	0	0	0	—	7	15	2

YORK, July 18.—York's hits were bunched, while those of Wilmington were scattered. O'Neill's hitting was the only feature. Score:

York.	R.	H.	E.
	0	0	1	0	0	0	0	0	0	—	1	6	0
Wilmington.	2	0	0	0	0	0	2	1	2	—	7	10	1

THE COLLEGIANS BEATEN.

Hines' Pitching Proves Too Much for the Pittsburgh Boys at Cumberland.

CUMBERLAND, July 18.—(Special.)—The Pittsburgh Collegians lost their first game here today 3 to 2. Cumberland backed up Carl Hines' good pitching in faultless fashion. The Collegians made most of their hits with two men out. Shultz was in excellent form, too, but one bad inning, the second, when things broke wrong, cost him the game. With two out in the third, Price singled. Uptegraff doubled and Pfeifer scored them with a drive to left. Raley at first played a sensational game. The score:

Pittsb'gh.	R.	H.	P.	A.	E.	Cumb'land.	R.	H.	P.	A.	E.
Moffet, 2...	0	0	*5	5	1	Hooker, m..	0	0	0	0	0

Two-base hits—Uptegraff, Shults. Hit by pitched ball—Hugh Tate, Russell. Struck out—By Hines 9, by Shultz 5. Bases on balls—Off Hines 1. Double play—Price, Moffet and Duffy. Moffet and Duffy. Umpires—J. Guy and Reeder.

SAVE A SHUTOUT.

Homestead Finds McKeesport to Be a Good Thing.

Homestead had an easy time defeating McKeesport at the latter place yesterday 8 to 2. It was a shutout for the visitors until the ninth, when singles by Bennett, Ryan and Crum scored two men. Until the ninth Wild Bill Johnson allowed but three hits, Mike Bennett having two of them. Johnson himself had a three-bagger and two singles. The same teams will play at Homestead today. Score:

M'K'sport.	R.	H.	P.	A.	E.	Homestead.	R.	H.	P.	A.	E.

Mellon	6	2	.750	First Nat.....	0	3	.000
Colonial	3	3	.500	Farmers	0	2	.000

The Farmers National ball team went down to defeat at the hands of the Mellons at Friendship park last night, 15 to 2. The game was slow throughout and the Mellons clearly outclassed the Farmers at all points of the game. Mellons hit the Farmers' pitcher to all parts of the field, having a total of 11 hits, with two home runs and two three-base hits. Score:

Mellon.	R.	H.	P.	A.	E.	Farmers.	R.	H.	P.	A.	E.

BRADDOCK BEATS BUTLER.

Bunches Hits on Witherup and Lands the Game.

With Witherup, the wonder, in the pitchers' box, Braddock defeated the Butler nine yesterday at Edgar Thomson park, Braddock, by a score of 5 to 2 in an exciting contest. A peculiar feature of the contest was the fact that the first two batters up on each side in the game made doubles, the Butler man going out on a pretty double play, Braddock plays Butler today. The score:

E.T.Wks.	R.	H.	P.	A.	E.	Butler.	R.	H.	P.	A.	E.

DID NOT KNOW VOTER HAD MOVED

James Thomas, Charged With False Vouching at the Polls, Is Acquitted.

JOHN O'HARA'S EXPLANATION

District Attorney R. E. Stewart, who has already convicted three men of stuffing ballot boxes, will try every case on the list, no matter what party they represent. Judge Evans had several election cases before him yesterday.

James Thomas was tried for a misdemeanor, it being alleged that he had vouched for Charles Brandner as a resident of the Fifteenth ward when Brandner really lived in the Sixteenth ward. Members of the election board of the Third district, Fifteenth ward, testified to Thomas vouching for Brandner. Thomas, in his own defense, said that Brandner had lived in the district until last December and he did not know he had moved. Thomas was acquitted and the costs placed on the prosecutor, but the court set aside this part of the verdict. Brandner, prior to the trial of Thomas, had pleaded guilty to voting twice while drunk.

John H. Fuge, charged with a misdemeanor in connection with the Fourteenth ward election, failed to answer when called for trial. He has been out on bail, but his bond was forfeited on June 3, and a writ to bring him into court was issued yesterday. This is the case pushed by W. H. Stevenson.

Thomas Davis of the Thirteenth ward was to have been tried again yesterday on a charge of intimidating witnesses, but was given a continuance to secure witnesses. James C. Smith and Charles Crawford, convicted with Davis on Monday, were released on bail.

Two Diamonds in Dispute.

John E'ble was placed on trial before Judge Kennedy on a charge of larceny by bailee made by John O'Hara, who accused Eble of refusing the account for two $100 diamonds, which had been given into his keeping. This is the case which O'Hara attempted to have nol prossed a few weeks ago, and led Judge Kennedy to state in plain terms, in refusing the nol pross, that criminal court could not be used as a collecting agency as long as he sat on the bench.

Eble, it was alleged, had secured the diamonds from O'Hara by representing to the latter that he had been sued and needed the stones to put up as security to the person who went his bail. O'Hara claims Eble's story of the suit was untrue and that shortly afterwards he saw the diamonds set in earrings in Eble's wife's ears. O'Hara testified that a suit was brought against him by a girl shortly after he had made an information against Eble for the loss of the diamonds and that the latter had promised to "fix things with the girl" if nothing more was said about the diamonds.

"I was not guilty, your honor, of the charge made by the girl, but did not want to have any trouble, so I agreed to give Eble the diamonds, and to carry out my agreement went before you and made a monkey of myself in asking that you nol pross the case." The case is still on trial and will go to the jury this morning.

Acquitted of False Pretense.

A. E. Heinze was acquitted on a charge of false pretense made by George B. Schmidt, of East Lacock street, Allegheny. Heinze was alleged to have purchased a butcher shop from Schmidt for $275, of which he paid $85 and gave notes for the balance. Heinze, it was alleged, made representations that he owned considerable property in Allegheny, which it was claimed was not true.

Other cases were: Hinko Swarvotha, criminal libel, pleaded guilty; Clarence Coll, assault and battery, fined $15 and costs; A. G. Marshall, embezzlement, convicted; O. Green and G. F. Longabaugh, misdemeanor in selling adulterated pork sausage, acquitted.

William Poole, alias "Kid Foley," who was convicted of stealing a $500 diamond stud from Jacob Stevenson of Tarentum, about a year ago, during the March term of court, was sentenced to serve a term of two years in the penitentiary by Judge Shafer. Poole had made an application for a new trial after his conviction, which was refused by Judge Shafer. Poole was also charged with stealing $172 from Charles R. Nicholson of Tarentum, and pleaded no defense. He was sentenced two years to the penitentiary on each charge, the sentences to run concurrent.

Judge William G. Hawkins filed an opinion in the estate of John Herbert, deceased, dismissing a petition for partition. The court finds that the property was intended by the testator to be sold at a fair price, and the court says that while all parties might unite to take the land and thus avoid the delay and expense of a sale, yet they have no power to change the stamp which the testator gave to the property. Even if they united in taking the property, the court says, they would take as purchasers, and the court would have had no jurisdiction in partition. Some of the heirs had petitioned the court to divide the property, but this was opposed by others under the will.

Judge Shafer made an order adjusting the indebtedness of the school districts of Clairton borough and Jefferson township out of which Clairton was formed. The court apportions the indebtedness as follows: Clairton school district, $48,648; Jefferson township, $3,927.26. The adjustment was made necessary by reason of the formation of the borough out of the township.

File Affidavits of Defense.

Affidavits of defense were filed in two actions brought by boroughs against telephone companies to collect taxes imposed by ordinance. The Central District and Printing Telegraph Company answers the borough of Oakmont denying liability under the ordinance. It is said that the ordinance is to provide revenue by taxation for general expenses of the borough and the license fees are not based on the cost and expense the borough is put to for inspection, supervision and regulation of the defendant's poles, wires and business. It is alleged if other municipalities charged the same licenses, $1 on each pole and $2.50 on each mile of wire, the tax for the defendant's entire system would be over $125,000 annually.

The Allegheny County Telephone Company has answered the borough of Braddock, making similar denials to the first part of the C. D. & P. T. Co.'s answer to Oakmont borough.

Andrew Mattes sued his wife, Catherine Mattes, for a divorce, alleging infidelity.

An answer to a cross bill in the equity case of Josiah V. Thompson against Mary K. Grady and James B. Grady, her husband, has been filed by the former defendant in the United States circuit court. The suit is over the sale of coal lands. Mrs. Grady, in her answer, tells of two options given M. V. Stewart of Donora, Pa., the last being given in September last at $90,000. She avers that in this option a clause was inserted providing for an outlet of one acre extending to the center of Dunlap creek. This clause she had stricken out before signing. She also says that her husband in December notified Stewart not to exercise the option as the owners would undertake to make the sale themselves. Later Stewart notified her he had sold to T. H. Patton and Henry Marshall and the latter wrote that they had bought an option on the land. Mr. and Mrs. Grady live in California.

Jacobs Files Answer.

In the suit of the Versailles Gas Company to prevent Ignacz Jacobs and W. B. Hayder from interfering with employers of the company removing pipe from the defendants' farms, Jacobs filed an answer. He says that no harm will be done by preventing the pipe from being taken up, while to remove it will injure his farming lands.

For alleged false arrest Raeffallo di Blaso has sued Pasquale di Blaso for $5,000 damages. The plaintiff alleges that the defendant had him arrested on a charge of larceny and that the alderman before whom the case was brought discharged him.

A new trial has been refused by Judge Frazer in the case of William Carson and others against the city of Allegheny, an action growing out of the improvement of West End avenue. The viewers gave the plaintiffs $61.75 dnamages and charged benefits of $2,960. At the trial the jury found for the plaintiffs in $3,500. The city claimed that under the act of 1903 the viewers' report was prima facie evidence of the benefits sustained. Judge Frazer says this act does not affect the case, but that the question could be raised in a proceeding brought under the act of 1903.

Herbert M. Rheidaffer sued Margaretta Rodgers for $10,000 damages for injuries received by his six-year-old son. The plaintiff avers that he rented a house from the defendant and his son, he says, found some cartridges in the house. He says they exploded and injured the child.

Sue for $10,000 Damages.

Christian Wunderlich and wife sued the Pennsylvania Railroad Company, operating the Allegheny Valley railroad for $10,000. The plaintiffs own property at Twenty-eighth street and the Allegheny Valley and aver it is damaged by the close proximity of the railroad.

Mrs. Elizabeth Kernochan sued the Union Realty Company for $5,000 and her husband, Robert W. Kernochan, filed a statement in his suit for $10,000. The allegations in each case are similar. The plaintiffs aver that they leased a flat in the Buckingham apartments at $40 a month for six months. Kernochan became ill, and temporarily the plaintiffs aver they went to Philadelphia, sub-letting their flat for $50 a month, $40 of which was to be paid by the defendant direct. It is alleged the sub-tenants became in arrears and it is averred the defendant sold the plaintiffs' property, at much below its value on a landlord's warrant.

Executions issued: Mrs. S W. Dempsey vs. John M. Stewart, $500; German National Building and Loan association of Pittsburgh, vs. Charles Kerr, notice, $1,-108; same vs. James W. Kelly, notice, $5,-655; J. B. Hyndman vs. Lawrence Christ, $102; Life Protective Savings and Loan association vs. Linnie Neal, et al., $958; Birmingham Dime Building and Loan association vs. Alfred Owen, extr., et al., $1,057; M. B. Brace vs. Annie M. Heinen, et al., $156; C. Williams vs. Margaret E. Scott, et al., $201; Workingmen's Building and Loan association of Allegheny, vs. Caroline Wolff Levy, et al., $100.

MAY TRY JAHN AGAIN

Broke His Promise With the Court and Judge Evans Refused to Release Him.

Unless he pays costs amounting to $100, which are assessed against him by reason of four cases which were nol prossed and on which he promised the court to pay if the suits were allowed to be settled, J. Henry Jahn will probably be called for trial during the September term of court on each of the indictments. At the time Jahn's dealings held the boards in criminal and common pleas courts for several months last fall his attorneys had four of the informations nol prossed. Jahn promized faithfully to pay the costs in each of the cases if the indictments were quashed. The nol prosses were allowed by Judge Evans conditionally on Jahn paying the costs.

Monday when Mrs. Jahn attempted to secure her husband's release from jail by paying a fine of $50 and costs which had been imposed by Judge Evans, it was discovered that the conditional nol prosses had never been satisfied and were still pending against Jahn. Judge Evans, when he learned Jahn had not kept faith with him in regard to paying the costs, refused to grant Mrs. Jahn's request for his release.

Assistant District Attorney John S. Robb, Jr., said that the four nol pross cases, unless the costs were satisfied by Jahn, would probably be stricken from the record and could be placed on the trial list at any time.

Mrs. Jahn secured the $67 fine and costs she had paid to Sheriff James W. Dickson yesterday. Mrs. Jahn told the court that, thinking her husband's release could be secured on payment of the $50 and costs, she had practically sold everything she possessed, including her household goods, and if the money was not returned she was penniless.

Car Company Alleges Infringment.

The Pressed Steel Car Company has entered suit against the Standard Steel Car Company in the United States courts, alleging infringement of a car door mechanism invention which belongs to the Pressed Steel Car Company. The bill alleges that Chief Engineer C. A. Lindstrom of the Pressed Steel Car Company, on April 20, 1904, had issued to himself in behalf of the Pressed Steel Car Company, letters patents covering an improved car door mechanism, and that the Standard Steel Car Company in building cars for a number of prominent railroads, has infringed the claims of this Lindstrom patent. Heavy damages, an accounting and an injunction are asked.

NINE LIVES TRIBUTE TO WORK OF TWO FIRES

Gas Tank and Gasoline Do Deadly Work in Towns of the Northwest.

WABASHA, MINN., July 18.—Six persons were burned to death in a fire which destroyed the depot hotel here this morning. The dead:

MRS. A. HOFFMAN AND BABY.
ROBERT JOHNSON.
GERTRUDE STENTSHER.
REBECCA HERMAN.
JAMES HUNT.

A search for other victims of the fire is being made. The fire was caused by the explosion of a gas tank used for an illuminating plant. Mrs. Hoffman was the owner of the hotel.

NEWBERRY, MICH., July 18.—By a gasoline explosion in his house at McMillan, nine miles west of here, Dan Long was fatally burned, his three-year-old daughter was burned to a crisp and his wife broke her back by jumping from a second-story window and will die.

PROMOTER ARRESTED FOR FALSE PRETENSE

NORWALK, O., July 18.—(Special.)—Charles W. French was arrested here today on a warrant charging him with obtaining $17,000 from Nathan M. Herk, an Akron (Ohio) broker, under false pretense. French says he was not a party to the transaction, except as president of the Lake and River Railway Company, which he, at the time, was engaged in promoting.

Gen. Wood Is Convalescent.

BOSTON, July 18.—Gen. Leonard Wood, who recently underwent an operation at a private hospital in this city, left the institution today. Accompanied by Mrs. Wood, a trained nurse and a physician, he has gone to the country for a few days. He expects to sail early next month for Manila.

Kills Persistent Caller.

INGERSOLL, ONT., July 18.—Because he persisted in coming to her home, Mrs. Emiline Kyle today shot and killed David McGee and then went to the police headquarters and gave herself up. She said she was forced to shoot McGee to protect herself.

$3.00 to Chautauqua Lake and Return $3.00 Via Pennsylvania Railroad.

Every Friday for afternoon trains and Saturday for all trains via Pennsylvania railroad, tickets on sale for trains leaving Pittsburgh Union station at 1:10 p. m. and 11:00 p. m., Fridays, and 9:00 a. m., 1:10 p. m. and 11:00 p. m. Saturdays, good to return until the following Monday, inclusive. On sale at Pittsburgh and East Liberty.

AMERICAN GUNS DISSIPATE MOROS' FAITH IN CHARMS

Battle Story from Philippines Describes How Defiant Prophet and His Band of Savages Were Riddled Despite Anting-Anting.

[By Private Wire to The Gazette.]

WASHINGTON, July 18.—Before the rifles of American soldiery in the Philippines the faith of the Moros in the Anting-Anting is fast fading away. The Anting-Anting is a charm, sometimes a bit of Latin scribbled on a cloth by the priests of the Philippines, which is to be found on nearly every Filipino, who believes it will protect him from death at the hands of foreigners.

Mail reports from Manila tell of a battle between a detachment of the Seventeenth infantry under Lieut. H. P. Hobbs and a band of Moros under Panglima Pejam. The natives besieged a village on the island of Pata, where American authority was represented by Panglima Harriman, who straightway sent for military aid.

Lieut. Hobbs ordered the Moros to disperse, but Pejam was defiant and ordered the tribal prophet to the front. This naked savage struck his breast and announced he had made his followers invulnerable by giving them a bath in the sea. No army in the world he announced would be able to stop them.

Peace overtures from the American commander were all in vain. The Moros spread out in battle array. As soon as the American soldiery saw a fight was inevitable, a trooper raised his rifle and shot the prophet dead. When his body was later found, it wore, according to the mail accounts, a "look of unutterable surprise." Of the 75 natives who were killed each one wore an Anting-Anting of some sort, supposed to render them invulnerable in battle.

SEWICKLEY VALLEY TO HAVE NEW CAR LINES

State Issues Charters to Seven Trolley Companies Whose Capital Totals $100,000.

[By Private Wire to The Gazette.]

HARRISBURG, July 18.—The state department tonight issued charters to seven new street passenger railway companies in the Sewickley valley, with a total capital of $100,000, or $6,000 per mile. They are as follows:

The Ambridge, Edgeworth & Sewickley; Ambridge, Sewickley & Osborne; Ambridge, Dixmont & Emsworth; Ambridge, Osborne & Haysville; Ambridge, Haysville & Glenfield; Ambridge, Glenfield & Dixmont; Ambridge, Leetsdale & Edgeworth.

The incorporators are D. O. Black, W. H. Keech, W. D. Allison, E. B. Wilson and J. N. Jarvis. The united lines will be about 16 miles long.

FOURTEENTH WARD TEACHERS CHOSEN

Most of the Old Instructors Re-Elected and Several Vacancies to Be Filled.

The Fourteenth ward school board last night re-elected most of the old teachers. There are several vacancies, one being caused last night by the resignation of Miss M. A. Coleman. Her resignation was received after she had been re-elected, but was accepted. These teachers were chosen:

C. B. Baird, L. J. Hill, J. M. Hill, Agnes Jarboe, T. J. Crawford, Elizabeth Kearns, Julia E. Knieps, Hannah M. Jones, Elizabeth Jones, Edith Heckert, Jeannette Williams, Elizabeth Powers, Mary G. McRoberts, Laura V. Steel, Mary J. Polley, Annie E. Conrad, Mary L. Coyne, Anna Doherty, Annie Price, Ella Davis, Mary E. Davis, Eleanor Price, Annie M. Doherty, Emma Thompson, Carrie Hughes, Elizabeth Hughes, Maggie Small, Laura Holmes, Eleanor R. Reiter, Emma Hulme, Jessie H. Hardy, M. A. Coleman, Cora Smith, Margaret A. Owens, Clara Kirschbaum, Sara M. Wilkins, Mrs. M. L. J. Mercer, Margaret M. Naughton, Ettie Haddock, Anna L. Vickerman, Mary Thomas, Mrs. Ida A. Lockhart, Mary G. Holmes, Lizzie Miller, Alice A. Wilson, Eva M. Conrad, Anna S. Kinley.

The newly elected principal, Prof. J. M. Berkey was directed to make his headquarters in the Holmes building. The board decided to have a meeting at 2 o'clock p. m. on September 1, in the Holmes building. All the directors and teachers are to be present. The object of this meeting is to give the teachers an opportunity to meet the new principal and to have an exchange of views on questions affecting the schools of the ward. In the evening supper will be served.

FINES MASHER BEATER.

Man Who Protected Young Women Is Punished by Magistrate and Victim Fails to Appear.

According to a ruling by Magistrate George Moke yesterday, it costs money to resent the insults of a persistent masher, with the option of a jail or workhouse sentence.

Harry Scott of Allegheny was before the court, and, according to the evidence, Scott was returning from the East End on a street car with a young lady, when a stranger sitting beside them made insulting remarks to the young woman. Scott is said to have repeatedly cautioned the stranger to desist, and finally left the car to avoid him. The stranger is said to have also alighted and continued his attentions to the young woman, when Scott is said to have turned and placed a well-directed blow upon the stranger's nose with such effect as to break it.

Both were arrested, the stranger giving his name as F. J. O'Neill, and leaving a forfeit of $30, which he did not appear to collect yesterday morning. Magistrate Moke fined Scott $5 and costs, with an option of 10 days in jail, while the crowd in the courtroom gave signs of disapproval, and some one in the rear called out, "Rotten!"

STEEL POOLS TO MEET.

Series of Important Sessions Opens in New York.

The first of a series of meetings of the steel pools will open today in New York, and representatives of local interests left for that city last night. The beam association, or structural pool, is to meet this morning, while the plate pool meeting has been set for tomorrow. The rail and billet pools are also expected to fix prices before the end of the week.

No meeting of these associations has been held since February last, the April meetings having been passed. While steel men generally believe that present prices will be reaffirmed, the recent heavy demands lead many to believe that some prices will be advanced, in all probability the prices of structural steel.

LOSES MONEY SHE RAISED TO DEFEND HER SON

RICHMOND, IND., July 18.—Five hundred dollars, which Mrs Knapp had raised through hard effort, for the defense of her son, John Knapp, who is awaiting trial here for murder, has been lost in the wreck of the Commercial bank, at Hagerstown, Ind., and Mrs. Knapp is perhaps the most wretched and despairing of the 800 depositors who lost their savings in the institution.

Slot Machines Yield Rich Profits.

John Batbeora was yesterday sentenced 20 days to the workhouse by Justice George W. Giles of Homestead, on a charge of malicious mischief, preferred against him by the management of Kennywood park, where, it is alleged, Batbeora robbed nearly every slot machine on the grounds. Batbeora is said to have worked the machines by the use of a nickel to which he had a string attached. He would drop the coin in the slot machine, secure the merchandise from the machine and pull the nickel back.

More Crossings Are Wanted.

A conference has been arranged for next Saturday morning between a committee representing Braddock council and Superintendent S. C. Long of the Pittsburgh division of the Pennsylvania railroad regarding more crossings between Braddock and North Braddock. The railroad engineers have drawn plans for an overhead bridge at Thirteenth street and for a tunnel at Sixth street. Steps will be taken to improve the condition at Copeland, the only grade crossings between the two boroughs.

COAL COMPANIES PASS DIVIDENDS

Directors of Pittsburgh and River Corporations Leave Their Earnings Undivided.

STATEMENTS ARE GIVEN OUT

Dividends were passed yesterday by the directors of both the Pittsburgh Coal Company and the Monongahela River Consolidated Coal and Coke Company, the former meeting in quarterly session and the latter in semi-annual meeting.

That the passing of the dividend by the Pittsburgh Coal Company directorate was anticipated, was foreshadowed by a sharp break of $5 in that stock on the local exchange early yesterday. The meeting of the directors, held in the executive offices, 222 Fifth avenue, beginning at 2:30 o'clock yesterday afternoon, was attended by nearly the full board, and the vote to pass the dividend was unanimous.

President Francis L. Robbins, at the conclusion of the meeting, issued a short statement in which he set forth the following figures:

April earnings	$165,217 28
May earnings	209,538 60
June earnings (estimated)	230,000 00
	$574,555 88
Interest on bonds	304,550 00
Net earnings	$270,005 88

The balance of net earnings as above shown not only remains after the payment of interest on bonds, but also the apportionment to the sinking fund and all fixed charges which are substracted in the figures showing the earnings.

The company has outstanding $32,000,000 in preferred stock and $32,000,000 in common stock. The preferred is a 7 per cent stock, making the annual dividend requirement $2,240,000, or $560,000 the quarter. The above statement showing net earnings for the quarter to be $270,005 88 would indicate a shortage of $290,000 in meeting the quarterly dividend. The preferred stock, however, is cumulative, and all dividends in arrears must be met before a dividend is declared on the common stock.

It is said that the necessity for passing the dividend at this time is due to the recent competition in the bituminous coal fields, but it is added that with the current boom in the iron and steel trade and favorable conditions in the bituminous regions, the outlook is promising. Another cause for adverse conditions is said to be due to the fight last spring against the independents for the control of the lake trade, and with these conditions now removed, it is predicted that the next quarter will show better results.

At the meeting of the directorate of the Monongahela River Consolidated Coal and Coke Company, held yesterday morning, the figures were given covering the operations for the past eight months, which show net earnings of $209,005. For the first three months, beginning November 1 of last year, navigation was so poor that a loss was incurred, which was made up during the following four months, and the balance quoted above was shown. Following the meeting, President Robbins gave out the following statement:

At a meeting of the board of directors of the Monongahela River Consolidated Coal and Coke Company, held July 18, the following notice was given:

Whereas, There was a loss in the earnings of the company in operating its plants from November 1, 1904, for a period of four months, which loss was caused by the unusual conditions existing in navigation, the rivers being frozen for a period of over three months, rendering almost impossible the operation of its plants and the navigation of its steamboats, but during the next succeeding four months this deficit was entirely wiped out and estimating the earnings for the month of June, a net gain of $300,000 has been made covering the period from November 1, 1904, to July 1, 1905. Notwithstanding, it is considered advisable by the board of directors to defer action on the dividend at this time.

FRANCIS L. ROBBINS, President.

ROYAL SCANDAL TO BE AIRED IN CIVIL COURTS

Prince Philip Has Filed Petition for Divorce from Princess Louise of Belgium.

[Associated Press Cable to The Gazette.]

GOTHA, July 18.—Prince Philip of Saxe-Coburg and Gotha today filed with the provincial court a petition for a divorce from his wife, the Princess Louise of Saxe-Coburg and Gotha.

Princess Louise is the eldest daughter of the king of the Belgians. In 1897 she eloped with Count von Matassich-Keglevitch, a lieutenant of Austrian cavalry. Her subsequent confinement in a sanitarium and escape from her attendants caused sensations. A medical commission in Paris recently declared the princess to be sane and two days later it was announced that Prince Philip had decided to begin proceedings for a divorce which, should he win, would relieve him of paying the princess the allowance of $15,000 yearly upon which she had been living in Paris.

On the other hand, it was pointed out that winning the suit also might be disadvantageous to the prince, as the princess might put in a counter claim on account of her confinement in a sanitarium.

CABINET IS ATTACKED.

Manifesto Issued by Lower House of Hungarian Parliament Advises Non-Payment of Taxes.

BUDAPEST, July 18.—The coalition majority of the lower house of the Hungarian parliament today issued a manifesto attacking the Fejervary cabinet as unconstitutional and holding that the present government of Hungary is acting unlawfully. Therefore, the manifesto says, it is the duty of all good citizens to refrain from paying taxes, rendering military service or otherwise obeying the mandates of the government.

It warns municipal officials not to perform the duties laid down by the state authorities, and pledges, if they should be dismissed for failure to perform said duties, they will be reimbursed by the constitutional government when it is finally formed.

DROWNED IN WIFE'S SIGHT.

Sad Ending of the Annual Outing of the Hulse Family at Southampton.

SOUTHAMPTON, L. I., July 18.—The yearly outing of George A. Hulse and his family of eight had a tragic ending when Hulse and his 11-year-old son lost their lives by drowning, while Mrs. Hulse and the six little ones looked on, helpless to render aid.

The party had gone to the beach, and the boy was bathing. He was unable to swim, and when he ventured beyond his depth the father rushed to his assistance. Both were caught in a strong current and dragged down. With the aid of a clam digger, whom she found a mile away up the beach, Mrs. Hulse succeeded in getting the bodies ashore.

Pittsburgh Company Gets Charter.

DOVER, DEL., July 18.—(Special.)—A certificate of incorporation was filed here today for the Hubert Construction Company of Pittsburgh, to manufacture machines for tiling, etc. Also for better facilities for roofing, etc. The incorporators are W. G. Hughes, R. A. Bartholomew, Charles L. Taylor, all of Pittsburgh. The capital is $100,000.

WILL DISCUSS CHINA WITH J. P. MORGAN

China-American Development Company Will Learn What King Leopold Had to Say.

The Pittsburgh Gazette Bureau
Room 19, Postal Building.
WASHINGTON, D. C., July 18.

WASHINGTON, July 18.—At a meeting of the directorate of the China-American Development Company, to be held immediately upon the return to Washington of J. P. Morgan, will be disclosed the result of the financier's recent interview with King Leopold of Belgium, in Europe.

It is authoritatively learned that Mr. Morgan's object was to induce the king, who is himself said to be a large stockholder in the company, to fall in line with the American stockholders, who are in the majority and who have a tentative agreement to sell to China for $7,000,000, the concession for the Canton-Hankow railroad in China. The Chinese government has offered to buy this concession in or, failing in that, has determined to cancel the concession. The Belgian stockholders are loath to sell.

Sir Chentung Liang Cheng, the Chinese minister, recently concluded a tentative agreement with Mr. Root, acting for J. P. Morgan. The proposed sale was to have been considered by the directorate at a meeting which was to have been held on July 3, but it was postponed until Mr. Morgan's return.

MERCANTILE MARINE HAS DEFICIENCY FOR YEAR

Depression in Freight Rates Results in Wiping Out a Large Surplus.

[By Associated Press to The Gazette.]

NEW YORK, July 18.—A deficit of $1,142,923 for the year ended December 31 last, as compared with a surplus of $1,797,197 for the preceding year, is shown in a statement given out by the director of the International Mercantile Marine at its meeting at Hoboken, N. J., today. Both years included the insurance accounts.

President T. Bruce Ismay ascribes the poor showing made by the company largely to the continued depression in freight rates on the North Atlantic during the latter part of 1904. While passenger traffic has been large, the company's ships carrying to and from all European and American ports 26.81 per cent of the whole, earnings were seriously affected by the all-around cut in passenger rates.

President Ismay concludes with the statement that the outlook for the year 1905 is more favorable, the forecast of earnings for the first six months of the year indicating a large gain over the corresponding period not only of the year 1904, but of the year 1903 as well.

Swept Into River and Drowned.

LEXINGTON, KY., July 18.—The steamer Shamrock, plying about Valley View on the Kentucky river, while carrying a party of 20 excursionists up the river, ran into a rope stretched from a log boom. The rope swept Miss Nancy Carpenter into the river, and she was drowned.

Oil Can Still Dangerous.

Mrs. Rose Bankowiski, living in the rear of 2006 Penn avenue, started to light a fire in the kitchen stove yesterday morning and used an oil can. She was seriously burned by the explosion and the house was set afire.

Selected grains and perfect fermentation make

Old Quaker Rye

Pure and stimulating. Least reactive effect, due to its perfect aging.

Worth your while to get it.

REALLY DELIGHTFUL

a good sermon is all the better for a clear throat, chiclets keep the throat clear—you can speak better and can sing better if you use chiclets—try them to-day.

The Mint Covered Candy Coated Chewing Gum

TEN YEARS

THE STORY OF

My Wonderful Success

Reads Like a Fairy Tale, Yet Full of Convincing Truths

AN OPPORTUNITY OF A LIFETIME FOR THE INVESTOR

TAKE ADVANTAGE OF IT

I ask every reader of this paper to write me. I want to send you my free book entitled "Ten Years — The Story of My Wonderful Success." It tells about one of the greatest and most promising investment opportunities ever offered. It tells how my business grew from less than $25.00 capital to its present proportions.

I believe I have the best proposition from an investor's standpoint that could be placed before you. For ten years I have been teaching men and women to live according to the laws of Nature. My book is the history of my life. It shows what energy and ambition can accomplish in the world of affairs. It is intensely interesting to any man or woman who has a few dollars to invest in a legitimate enterprise.

I started business in the City of Brooklyn in 1896. My capital amounted to less than $25.00. My first year's business netted me over $1,000.00 Last year I paid dividends to my partners of 15 per cent. Five years ago my business had grown so large that I was compelled to remove to larger quarters. I am now at 63-65 Clark St., Brooklyn, N. Y., in connection with Hotel St. George. Experts pronounce my Institution to be the best appointed of its kind in the country. I estimate the equipment of The Mac Levy Institute of Physical Culture to be worth at least $40,000.00.

I want to have a building of my own that will enable me to accommodate my increasing business. To erect this building I need capital, but more important than this—to increase my business to the proportions which I desire, I need the co-operation of men and women throughout the country and the world.

CO-OPERATION IS THE SECRET OF SUCCESS

I recognize it. I believe that with thousands of co-operators throughout the country I can build my business to tremendous proportions to the benefit of the shareholders and myself.

The Mac Levy Company is incorporated under the laws of New York for $150,000.00. They are proprietors of The Mac Levy Institute of Physical Culture and The Mac Levy Gymnasium Equipment Company.

The last named branch of the business of the Mac Levy Company is comparatively new. I have been at work for several years to establish such a department in connection with teaching Physical Culture. The most difficult part of forming the Equipment Company has been accomplished. The business is now in condition to be pushed on a large scale. Hundreds of thousands of dollars are spent yearly on new gymnasiums and their equipment. The profits are large. A Company of this kind has an immense field in which to work. Competition is slight. It is evident that The Mac Levy Gymnasium Equipment Company can build up an enormous business.

The Mac Levy Company operates during the Summer months at Steeplechase Park, Coney Island, and at Arverne Hotel, Arverne-by-the-Sea, L. I., as well as at our Brooklyn Institute. It also does an extensive mail business. I teach people how they should live and exercise. My students are scattered all over the United States, and in English-speaking countries.

A PROBLEM

which arises in the minds of every man and woman is how to secure a comfortable income in the latter years of their life that they may reap the full benefits which such an income affords.

I have long thought that there are hundreds of people in moderate circumstances who would like to invest a few dollars in an institution of this kind. It is to such people that I intend this announcement shall appeal. I am offering a block of the Treasury Stock of this Company to the public at its par value. My reasons for doing this are that I wish to erect a building and to extend the business of The Mac Levy Institute of Physical Culture and The Mac Levy Gymnasium Equipment Company.

I WANT YOU AS MY PARTNER

I need your help and suggestions. I want you to work with me and help to secure a tremendous amount of new business.

I believe that if you could talk with me personally and go over the records of the business which I have done, see in black and white the figures which show the steady growth my business has experienced during the past ten years, examine my plans for future extension, and then look over the magnificent equipment of my Institute, you would want no further evidence that money put into this business would bring you the greatest possible returns consistent with safety and good management.

I ask you to write for my free book. I believe it will interest you. You have a few dollars that you want to invest. Why let it stand idle earning only 3 or 4 per cent that Savings Banks pay their depositors? Put it to work. Join it with mine. This Company ought to pay at least

TWENTY PER CENT DIVIDENDS within one year. Write for my book today. NOW.

MAC LEVY, President of the Mac Levy Co., Inc.,
Dept. G 65, 63-65 Clark St., Brooklyn, N. Y.

SOCIETY TURNS OUT FOR HORSES

Atlantic City Crowds See Fine Stock and Pretty Women in Saddles.

LIST OF THE PRIZE WINNERS

[SPECIAL TELEGRAM TO THE GAZETTE.]

ATLANTIC CITY, N. J., July 18.—The hottest day of the season greeted the opening of the Atlantic City horse show this afternoon, and forced the spectators to take to thin clothes while they watched the horses go through the paces on the tanbark. The animals appeared to bother little about the heat, and harness and saddle entries, as well as the agile, big timber-toppers drew the plaudits of the crowd in every event.

Alfred Gwynne Vanderbilt drove his own nominations, and employed the time between ring performances in sitting in cool spots in the paddock mopping his perspiring face and discussing with other exhibitors the chances for a cool wave for tomorrow. The Vanderbilt entries received no additional consideration on account of the high standing of their owner in the social world, and did not land a blue ribbon until the last event, when the scion of wealth guided a splendid gray four around the oval to his new coach venture against a team started by Mrs. J. B. M. Grosvenor of New York, and won the first trophy.

Jumpers Escape Damages.

"Dick" Donnelly and Sidney Holloway, both favorites with the Atlantic City gallery, rode a score or so of jumpers and hunters in the hurdle classes, which passed off with none of the usual sensations of falls and smashes. In the events for ladies' saddle horses the interest centered more in the women riders than in their mounts. Miss Belle Beach, Mrs. Beach, Miss Marion Holloway, Mrs John Gerkin and Miss Vera Morris all rode their entries, and Miss Holloway also had the honor of riding Lucille, from the Vanderbilt stables, for a red.

An incident of the day was a collision between Corinne, ridden by Mrs. Grosvenor, and May, ridden by Mrs. Gerkin. Before the riders could guide their mounts apart Corinne had received an ugly kick, which cut her shoulder, and may cause withdrawal of the horse tomorrow. Mrs. Grosvenor pluckily stuck to her mount, and landed the red ribbon. The awards:

Summaries:

How the Entries Fared.

Class 45—First, Pride, ch. m., Prudence, ch. m., Lohman Strauss, second, Saint, b. m., Sinner, b. g., Mrs. A. O. Vanheusen; third, Glenwood, br. g., Rosedale, br. g., Manning V. Selig.

Class 21—Two pairs ponies in harness. First, Tangerine, br. m., E. D. Jordan; second, Cockspurrow, b. stal., Mrs. John Gerken.

Class 1—Six roadsters, 4-year-old or over. First, Auditor, b. ch. g., Alfred B. Maclay; second, Lonora, b. m., E. T. Stotesbury; third, Preferred, b. m., E. T. Stotesbury; fourth, Myanna, br. m., D. L. Ward.

Class 23—Eleven saddle horses, 15 and not exceeding 15.3 hands—First, Petroleum, blk. g., Mrs. J. B. M. Grosvenor; second, Corrinne, ch. m., Mrs. J. B. M. Grosvenor; third, Mayo, ch. m., Mrs. John Gerken; fourth, Dixie, ch. g., Mrs. J. B. M. Grosvenor.

Class 44—Ten maiden harness horses, 15 hands and not exceeding 15.3—First, Eloquence, ch. m., J. F. Carlisle; second, Stanford, Oakland farm; third, Saint, b. m., Mrs. A. O. Vanheusen; fourth, Revenue, ch. g., J. F. Carlisle.

Class 7—First, Kitty Gray, ch. m., Nerina, ch. m., E. D. Jordan; second, Newsboy, ch. g., Shop Girl, ch. m., Mrs. John Gerken; third, Fascination, ch. g., Captivation, ch. g., Mrs. J. B. M. Grosvenor; fourth, Bouncing Charley, blk. g., Miss Proctor, br. m., Charles T. Proctor.

Class 41—Fifteen jumpers, open to all—First, Heatherbloom, b. g., Howard Willets; second, May Bell, br. m., Westchester farm; third, Jack Frost, roan g., Westchester farm; fourth, Red Raven, b. g., Westchester farm.

Class 8—Eighteen harness horses, over 15 and not exceeding 15.3 hands—First, Hildred, ch. m., E. D. Jordan; second, Lord Burleigh, b. g., E. D. Jordan; third, Laughing Water, br. m., Mrs. J. B. M. Grosvenor; fourth, Eloquence, ch. m., J. F. Carlisle.

Class 26—Eight ladies' saddle horses, 15.2 hands or over—Sports of the Times, br. g., W. H. Collier, first; Lucille, ch. m., Oakland farm, second; Geneva, blk. m., Mrs. J. B. M. Grosvenor, third; Nancer Starr, b. m., Willows S. Yare, fourth.

Class 37—Green hunters, middle weight, up to carrying 165 to 190 to hounds—First, May Belle, br. m., Westchester farm; second, Recruit, r. g., Upland Stock farms; third, Imp Ireland's Arrow, ch. g., Miss Vera Morris; fourth, Acis, b. g., Upland Stock farm.

GLASS WORKERS TO GIVE A HEARING TO TROUTEN

He Represents New Organization That Is Ambitious to Rival American Federation of Labor.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

WHEELING, W. VA., July 18.—At today's session of the American Flint Glass Workers' union convention in Martins Ferry, President Rowe and the assistant secretary reported having attended the meeting in Chicago to organize the industrial union, and the convention by vote decided to give a hearing on Thursday to W. S. Trouten, representing the new labor organization which is ambitious to rival the American Federation of Labor.

The engraving, iron mold and easter plate committees gave their reports on advance wages and changes in the rules. The punch tumbler stem ware mold workers, white liner, pressed, machine, jar and bottle committees will report tomorrow. The chimney committee will report Thursday.

It was announced Ottawa, Ill., had entered the contest for the 1906 convention. The others in the field are Lancaster, O., Kokomo, Ind., Cedar Point, O., and Morgantown, W. Va.

AFTER CAMPBELL'S SLAYER.

Detectives Bending Every Effort to Find Person Who Threw Stone Through Car Window.

The detective forces of the county, the Baltimore & Ohio railroad and the city of McKeesport have been searching since yesterday morning for the person who caused the death of Alexander C. Campbell, said to be a wealthy coal and lumber merchant of Charlestown, W. Va. He was killed by a large stone hurled through the window of a Pullman coach attached to the second section of the Duquesne flyer, which passed through McKeesport Monday night at 9:30 o'clock.

Last night Baltimore & Ohio Detectives Jackson and Stinning, arrested Richard Sullivan, aged 17, and Samuel Wilson, aged 17, both of McKeesport, charging them with throwing the stone. They will be given a hearing today before Justice Morgan of McKeesport.

Mr. Campbell was a brother of State Senator William Campbell of Charlestown, W. Va. He was about 36 years old. Senator William Campbell is expected at McKeesport this morning. It is the fifth case of a similar nature reported in McKeesport during the last few months, but the first one that has resulted fatally.

Services for Deaf Mutes.

On Saturday afternoon, July 22, the members of the Guild of St. Margaret's Deaf Mute mission will hold their annual picnic at Kennywood park. On Sunday, at 11 a. m. and 3 p. m., the Rev. Austin W. Mann, presbyter in charge of the mission since 1877, will officiate. The holy communion will be celebrated and infant baptism administered at morning service in the temporary parish house of Trinity church. At 7:30 p. m. a service will be held in Greensburg.

Always a Success.

The Pennsylvania Railroad Seashore Excursions of day coaches and parlor cars. The next one, July 27, leaves Pittsburgh at 8:55 a. m. Rate $10.00 in coaches, or $12.00 in Pullman cats when accompanied by usual Pullman tickets. Pullman accommodations can now be secured on application at this company's office, 360 Fifth ave., Pittsburg.

$2.00 to Cumberland and Return, Sunday, July 23rd.

Special train leaves Baltimore & Ohio station, Pittsburgh, 7 a. m.

SEEKS ATTORNEY TO ENFORCE LAW

Councilman Roenigk Hunting Legal Advice to Compel the Adoption of Car Fenders.

MOORE IS STILL HUNTING

Councilman A. G. Roenigk, chairman of the Pittsburgh board of trade committee appointed to employ means to urge Director Harry Moore to enforce the street car fender law, spent yesterday in consultation with attorneys with a view of bringing legal action to compel the director to have the ordinance applied. Meanwhile Director Moore declared himself as still being on his hunt for fenders "that will save lives."

The director is said to have declared yesterday that he does not want the street car company to spend its money foolishly on fenders that will not benefit the traveling public, and that any inference that the tests heretofore made were farces had not the slightest element of truth. The director concluded by adding that "no doubt the future will bring forth something that will meet the requirements." Director Moore also stated that he would order the adoption of any fender authorized by the courts.

Director Moore has declared that many of the fenders used in other cities are too wide to make the turns in the narrow streets of Pittsburgh, and in this connection the following writer suggests a folding fender:

ERIE, PA., July 17, 1905.

Editor Pittsburgh Gazette:

I have noticed from time to time that tests of street car fenders are being made in your city and that there has not yet been a suitable fender produced. Either Director Moore has not seen them all or does not want to adopt them.

The Erie Motor Company has a fender on the cars here that fills the bill in every particular. They did not put them on, though, until the city authorities compelled them to do so. When not in use the fender is hung up on the end of the car out of the way of everything. The motorman can, by pressing a lever with his foot, drop it down to the rail, where it will run along on small rubber wheels.

A person being struck cannot possibly get under the fender to the car wheels if he tried. The fender will pick up any live object and carry it until the car stops. This fender is simple and requires no traction expert to discover that it will do just what it is intended to do.

JOHN A. BROOKS.

LATEST RUMOR ABOUT THE DUQUESNE THEATER

It Comes from New Orleans and Is That "Parson" Davies is to Be the Lessee.

It was stated in a telegram received from New Orleans last night that Charles E. "Parson" Davies has leased the Duquesne theater in this city for five years, and that Pittsburgh and New Orleans will be important battlegrounds in the fight against the theatrical syndicate. E. F. Jackman, owner of the Duquesne theater property, last night denied that "Parson" Davies has taken a lease on the property, but admitted that Davies was here three weeks ago to inspect the theater. Jackman further stated that the Duquesne has not been leased by anyone up to date.

The theatrical syndicate is represented in New Orleans by Klaw & Erlanger's two houses, the Tulane and the Crescent. It is said the Lyric theater in New Orleans will play Mrs. Fiske and other Belasco attractions under the management of the Schuberts. Davies and Henry Lehman, owners of the Lyric, are now in New York, and it is reported they will probably stop in Pittsburgh on their return to New Orleans. It is said Davies intends to present the same attractions at the Duquesne as at the Lyric, and under the same management.

BATTLES WITH MOONSHINERS.

Bloody Encounters Fought in Kentucky With Makers of Mountain Dew.

OWINGSVILLE, KY., July 18.—(Special.)—A posse of revenue men led by C. N. Randall, destroyed six stills in Letcher county and were attacked by a gang of moonshiners led by Ben Brown. A desperate encounter took place, Brown being shot and wounded. Bloody trails lead into the mountains and it is thought more than one moonshiner was hurt. Granville Wallen, a noted moonshiner, was captured.

This was the second battle in Letcher county in a week. Two moonshiners were killed last week.

TO RAISE PRICE ON PAUPERS.

Westmoreland County Undertakers Organize to Increase Cost of Burials.

GREENSBURG, PA., July 18.—(Special.)—Undertakers of Westmoreland county met here today to effect a permanent organization. The following officers were elected: President, Harvey Cope, Vandergrift; vice president, A. H. Kelley, New Kensington; secretary, Edward J. Perry, Greensburg; treasurer, Homer Miller, Jeannette.

A committee was appointed to confer with the county commissioners relative to increasing the fee for burying paupers.

EPWORTH LEAGUERS WILL HAVE DELIGHTFUL TIME

The fourth annual steamboat excursion of the Allegheny City Epworth League union will be held next Saturday afternoon and evening. The steamer Island Queen has been chartered to take the party up the Monongahela to Elizabeth and return. A stop will be made at McKeesport to pick up any who wish to board the boat there, and a landing will be made at Elizabeth to give the excursionists an opportunity to visit the town. An orchestra has been secured to furnish music, and an entertaining musical and literary program will be given by good local talent on the return trip.

The steamer will leave the Market street wharf at 2:30 p. m., and is expected to arrive at Pittsburgh on the return trip at 10:15 p. m. The committee in charge consists of Robert L. Wickeline, chairman; George C. Johnston, J. C. Thoburn, and Herbert Williams.

RESULTS ACHIEVED FROM THEIR PLANS UNDERGO INSPECTION

Last Saturday afternoon the employes of the W. G. Wilkins Company, engineers and architects, accompanied by their families, went to Rock Point for an outing and inspection trip. The Wilkins company had charge of the construction of all the improvements made at the Rock Point resort for this season, and naturally all were interested in seeing in reality that which was so familiar in plans and drawings. Through the courtesy of the firm special coaches were provided as well as special arrangements for a trial of the many amusements found at the resort and a tour of the grounds. Last but not least came the banquet served by Mine Host Johnson of the Rock Point Inn. Places at the table were designated by favors which hit off the fads and hobbies of the guests.

Car Hits Mail Driver.

Patrick Golden, driver of an Allegheny mail wagon, was perhaps fatally injured by being struck by a Woods Run car yesterday morning, at Washington avenue and Sedgwick street. Golden had just taken some mail from a box and started across the street to his wagon. He was crushed between the wagon and the car. Several ribs and his collarbone were broken and he is injured internally.

Brilliant Close of Lawn Fete.

The close of the lawn fete which has been conducted by members of Company O, Fourth regiment, Sons of Veterans Reserves, on the Gibson place, North Canal street, Sharpsburg for the past week, was marked by a brilliant display of fireworks last night. The entertainment has been well attended and the company has netted large profits.

SOCIETY

WHILE Pittsburgh people at home have been sweltering in the heat of the last few days, some of their number have been cruising on Long Island sound and on the waters of the Atlantic. More than a dozen Pittsburgh steam yachts and schooner yachts are in commission in the east, representing the New York yacht club, the Larchmont, the Eastern Yacht club of Boston, the Corinthian Yacht club of Philadelphia and the Seawanhaka Corinthian Yacht club of New York. The club book of the New York Yacht club for 1905 gives in addition to the members of the club five flag members, who are women, their membership entitling them to carry the flag of the club. Mrs. Lucy C. Carnegie of Pittsburgh, who was the first woman flag member, is second in the alphabetical list, which includes Miss Eloise Breese of New York; Mrs. Robert Goelet of New York; Baroness Julia de Rothschild of Paris, and Miss Atala W. Thayer of Brooklyn.

William Rose Proctor's sloop yacht Mineola has been attracting a good deal of attention in the yacht races during the last two weeks. Sailed by Captain Barr, who captained the victorious sea-racing yacht Atlanta in the recent race across the Atlantic ocean, the Mineola also is showing its mettle. Mr. and Mrs. Proctor have a steam yacht, the Mermaid. Mr. Proctor is a member of both the New York and the Larchmont clubs. Thomas M. McKee's sloop yacht, the Senta, is in commission this season. Mr. McKee is a member of the New York and the Eastern Yacht club. The Thomas M. McKees with Mr. and Mrs. Henry Sellers McKee are staying at Magnolia, Mass., this season.

The Carnegie yachts include Mrs. Lucy C. Carnegie's steam yacht, the Skibo, the Nomade, owned by Coleman and Frank Carnegie, and the Hornet, Mr. and Mrs. George Lauder Carnegie's steam yacht.

Mr. and Mrs. Henry A. Laughlin are spending this summer at Cragside, Alexandria Bay, N. Y., and have with them their steam yacht Corona. The Cherokee is the name of the sloop yacht owned by James Laughlin, Jr., and his son, James Laughlin, III., while James Laughlin, Jr., is also the owner of the Flying Cloud. Samuel H. Vandergrift owns a steam yacht named Cherokee.

The Elreba, Mr. and Mrs. Harry Darlington's trim steam yacht, is well known on Long Island sound at Mamroneck and at Watch Hill. Mr. Darlington has also a sloop yacht, Hada, Jr., which is the pride of his son, Harry Darlington, Jr. George Lauder, Jr.,'s schooner yacht Endymoin is well known for its stanch seagoing qualities, winning third place in the recent ocean race won by the Atlanta. The Irene is a beautiful steam yacht, the joint property of Alexander R. Peacock and D. M. Clemson, which has been placed in commission this season and on which both families will entertain yachting parties during the summer.

Home From Tour of the World.

Mr. and Mrs. William J. White, Jr., arrived in New York on Monday after a six-months' tour of the world. They sailed from San Francisco last December, soon after their wedding, and have visited Japan, China, India and other countries of the orient, coming north to England by way of the European countries. They sailed from England on Saturday, July 8. It is expected they will reach Pittsburgh today. Mrs. White will be recalled as Miss Virginia Bughman, the eldest daughter of Mr. and Mrs. Henry Clay Bughman, of Pittsburgh, and Melrose farm, near Greensburg, Pa.

Curry-Jackson.

CONNELLSVILLE, PA., July 18.—(Special.)—Miss Annie M. Curry, daughter of Mr. and Mrs. John Curry, and Stanley F. Jackson of Everett, Pa., were married this morning at the home of the bride's parents, the Rev. M. A. Rice of the Methodist Episcopal church officiating. The bride was attended by her sister, Mrs. F. C. Bishop of Morgantown, W. Va., as matron of honor, John Curry, Jr., a brother of the bride, was best man. Miss Helen Williams of Uniontown, a niece of the bride, was flower girl, and Master F. Dewey Bishop, a nephew, ring bearer.

Quiet Wedding in the East End.

The marriage of Miss Estelle Brooks, daughter of Mrs. Ellen Elizabeth Brooks, and Dr. Francis M. Stratton of Spencer, O., took place yesterday at the home of the bride's brother-in-law, Mr. Howard R. Swearer, in Mellon street, East End. The ceremony was performed by the Rev. Dr. Odell. The wedding was a quiet one, and immediately after the wedding breakfast Mr. and Mrs. Stratton left for a wedding trip after which they will be at home in Spencer, O.

Spend Summer Abroad.

Miss Anna M. Smith and her sister, Miss Louise Smith, will leave Pittsburgh next week to spend the remainder of the summer abroad. Miss Anna Smith has just returned from Philadelphia where she attended the Art college, finishing her study with honor. Miss Louise Smith has attended St. Xavier's college the past year.

Married in Far-Off Manila.

GREENSBURG, PA., July 18.—(Special.)—Cards have been received in Greensburg announcing the marriage at Manila, P. I., of Miss Elvira Howe to Dr. John D. Young, formerly of Greensburg, of the United States marine hospital service. Dr. Young is a son of former City Engineer Cyrus T. Young.

Newspaper Man Is Married.

INDIANA, PA., July 18.—(Special.)—The wedding of Miss Clara Detwiler and Arthur W. Wilson of Johnstown took place this morning at 10 o'clock. The Rev. J. Day Brownlee officiated. The groom is a well-known newspaper man. Mr. and Mrs. Wilson will live in Johnstown.

Will Wed in August.

David K. Llewellyn, of Wilmerding, announces the engagement of his daughter, Miss Elsie M. Llewellyn, and George H. Corman of Oakland, Pittsburgh. The wedding will take place the last week in August at the home of the bride's father.

Announces Engagement.

Announcement is made of the engagement of Miss Alma Walter Rumsey and Randolph Kitner Roth, of Alder street, East End. Miss Rumsey is the daughter of Mr. and Mrs. Thomas O. Rumsey, of Wood street, Wilkinsburg. The wedding will take place in the fall.

Doings at Atlantic City

ATLANTIC CITY, N. J., July 18.—While the sporting and society interests of the resort have been centered in the opening of the horse show today, the great mass of vacationists found time for an early morning stroll with a dip in the cooling surf, which dropped several degrees in temperature, while the thermometer climbed high enough to make life on the beach front more pleasant for the cooling ocean breezes. The biggest crowd of the season made a record for the number of bathers, the fair color of some of the exposed arms and shoulders bearing witness to their owners being among newcomers of the last day or two.

A visitor who quizzed the lifeguard officials concerning the methods of the Atlantic City life-saving detail said he was an emissary from the government of Pittsburgh, who intended to place Atlantic City methods in practice for guarding the lives of the bathers in the Allegheny and Monongahela during the months when the small boy considers it his privilege to spend most of his waking hours in the water. The visitor explained that it might be decided to secure the services of one of the Atlantic City beach experts to command the crew, but so far there has been no information of any definite arrangement.

Representatives of big railway lines of the south and steamship lines to southern coast ports are here considering rates and tariffs for the coming year. Executive sessions are being held at Young's hotel, and the conference will probably last until Thursday, with sufficient intermissions to allow of the freight men enjoying a daily ocean trip.

E. D. Jerome of Pittsburgh, who is spending his vacation at the New Clarion, took out a party of friends for a day's sail up the coast and a visit to a number of neighboring resorts, his guests being Mr. and Mrs. Ira Jerome, Mr. and Mrs. Robert Mason and Mr. and Mrs. C. H. Sharp.

Mr. and Mrs. C. W. Shalleron of Strafford, Pa., who are at the Pennhurst this week, are entertaining Miss Martha Wentworth, one of the charming members of the younger Pittsburgh set.

Mrs. E. M. Paser of Pittsburgh is entertaining her daughter, Mrs. J. H. Hillman, at the Chalfonte. Mr. and Mrs. J. R. Barnes of Uniontown is at the Chalfonte with Miss Barnes, Miss G. Barnes and Miss F. Barnes for a stay to last until September.

Mr. and Mrs. R. J. Marory arrived here from Pittsburgh today with Miss Vida Marory, Mrs. E. O. Williams and Master Sidney Williams. The party is registered at the Scarborough.

Other Pittsburghers arriving today were: Carlton—I. N. Dickson, Mrs. S. T. Miller, C. A. Brackett.

Elsmere—I. S. Stuber, Mrs. Stuber, Miss S. E. Ott, A. C. Long, Mrs. Long.

New England—C. E. Miller, Mrs. Miller, A. W. McGhee, A. C. McGhee.

Morris—A. J. Hall, Miss T. C. Matthews, J. N. Brown.

Ethlyn—J. J. Lockwood, Mrs. I. H. Massey.

Revere—J. C. Phister, Miss Phister, S. K. Shaw, Jr., N. F. Lawrence.

Swansea—T. C. Matthews, Mrs. Matthews, A. A. Parker, A. C. Shiffner, I. M. Evans, V. C. Evans, H. C. Hughes.

Small Cottage—J. C. Kray.

Shelburne—J. H. Patterson, A. C. Haverford, H. C. Haines.

Holmhurst—N. M. Ervin, Mrs. Ervin, Miss Ervin.

Osborne—George W. Charles.

St. Clare—C. D. Ross, Mrs. Ross.

JEALOUS SWEDE FIRES BULLET INTO SLEEPER

Takes John Buchanan for His Rival, Kills Him and Then Escapes to the Woods.

John Buchanan, aged 21, a railroad brakeman, was shot and killed during a quarrel early yesterday morning, by Henry Anderson, a Swede, at the boarding house of Mrs. Mary Elder of Clairton. Anderson has been living at the boarding house for some months and was infatuated with Mrs. Elder, who is a widow. He was jealous of the attentions paid Mrs. Elder by another boarder. Anderson returned home early yesterday morning and entered the room where Buchanan and two other men were sleeping.

Mistaking Buchanan for his rival he shot him while asleep. Anderson then held the other boarders at bay with his revolver and escaped to the woods. The county detective force was notified and are now searching for him. Anderson is said to have a wife living in Fayette county and a sister in Second avenue, Glenwood. It is said he went toward McKeesport. Anderson came to this city Monday and bought the revolver with which he killed Buchanan. Anderson's real rival is said to have been working in the mines at the time Buchanan was shot.

After seeing four of his children die within the last two years, and with his wife and remaining two children seriously ill, David Scott, a well-known resident of Laneville, was killed by a train near Natrona, on the West Penn railroad, yesterday afternoon. He was 80 years old. His four children died from consumption and the last was buried June 13.

Joseph Sheldon, aged 67, who lived in a shanty boat at the foot of South Sixteenth street, a glassworker, was killed by a shifting engine in the yards of the American Steel and Wire Company, South Side, yesterday afternoon.

M'GOVERY KEEPS FAITH.

Promised Constable He Would Await His Return With Commitment, and Did So.

Justice of the Peace John W. Waterman of Castle Shannon last evening sent Constable James McPherson to the county jail with Joseph McGovery on a charge of disorderly conduct and resisting an officer. The constable reached the jail with his prisoner, but at the jail the deputy wardens refused to accept McGovery without the necessary papers. The constable and the jail officers had some words over the difficulty, and McGovery brought the controversy to an end by saying:

"Officer, you go back for the papers and I will wait outside the jail until you return."

The officer accepted the terms and went for the commitment. He returned two hours later, and McGovery was sitting on the court house railing opposite the jail. He was then locked up.

Craw-Fish Lodges in Boy's Ear.

Dr. C. C. Huff of Homestead yesterday removed a small craw-fish from the ear of Clifford, the 10-year-old son of Postmaster John Grien. The boy had complained of violent pains in his ear ever since he went swimming two weeks ago.

CHAUTAUQUA

CHAUTAUQUA, N. Y., July 18.—One of the important features here is the meeting of the Women's club, which is addressed by the most eminent speakers who come to Chautauqua. This morning Bishop George E. Vincent spoke on "Child Labor," particularly from a social side. After the close of the address, and in answer to questions asked, spirited remarks were made by various members, who upheld favorite philanthropists. Mr. Patterson of the National Cash Register Company was especially commended by a representative of Dayton for the improved conditions he has brought about among the working people.

Mr. Kyo Inui, a Japanese student at the University of Michigan, this afternoon lectured to a large audience on "The Progress of Japan." When Mr. Inui appeared upon the platform in his native dress he was given the Chautauqua salute by one of the largest audiences of the season. He is quite boyish in appearance and won his audience from the first.

Inui spoke of three distinct steps in the civilization of Japan—the stage of importation, the stage of adoption, and the stage of assimilation. He paid a tribute to the friendship of the United States and said it would always find a dear friend in the far east. In speaking of the various ways in which Japan excels, Mr. Inui said:

"We make the best gun powder in the world. If you don't believe it, go and ask the Russians." In closing he referred to the war with Russia and said: "This war has shown Russia where Japan was; it has shown the world where Japan was; it has taught the Russians what the students of western civilization can do, and it has taught the world the value of education." After the lecture Mr. Inui held an informal reception.

The open air band concert attracted the usual crowd, and that part of the lake near the hotel proved more popular than usual, owing to the extreme heat. A number of interested spectators enjoyed the games played by the kindergarten classes on the athletic field during the early evening. A. W. C. T. U. rally was well attended by the white ribbon wearers.

Is Saved by Life Guards.

Life Guards Manion and McCready, at Lock No. 1, yesterday saved Emil Mendler, aged 11, of 2326 Fifth avenue, from drowning in the Monongahela river. The boy fell off the float in deep water, and sank twice before the guards caught him.

Ayer's Pills

The dose is one, just one pill at bedtime. The result is a gentle laxative the day following. They cure indigestion, biliousness, constipation, for they act directly on the liver.

J. C. Ayer Co., Lowell, Mass.

Among the Clubs.

First Mothers' Meeting.

The first mothers' meeting in the Soho Settlement house will be held this afternoon. Invitations have been issued to all mothers in the neighborhood to visit the house. A quartet of singers has been secured and at the close of the afternoon tea will be served. During the afternoon Dr. Millie J. Chapman will give a very short talk on the physical care of children, and Mrs. George Porter, chairman of the settlement committee, will tell something of the purpose of the settlement house, but the greater part of the afternoon will be given up to social features and the getting acquainted with one another. These meetings will be conducted under the classes commence in October, the mothers' meetings, too, will be taken up regularly.

Large Party of Children at Valencia.

A party of 27 children are at the Lillian home, Valencia, for an outing of two weeks. Some of them are accompanied by their mothers. This party will remain until July 31, when they will come back to the city to make room for others, whose turn for two weeks in the country will come soon. The children at Valencia are always well and happy, and as nothing is required of them while there but to eat, sleep and play, they fill the requirements. There are plenty of attendants at the home and the children are at liberty to play all day long if they want to. It being understood that it is a vacation time with them.

Postponed Meeting on for Today.

The regular monthly meeting of the Pittsburgh and Allegheny Sterilized Milk and Ice association postponed from Monday morning, will be held this morning at 10:30 o'clock in the Bijou building. The location of the third distributing station will be decided upon today.

To James Adams, or his successor or successors in interest: Take notice that on June 17th, 1905, William J. Walker pres

PASSED THE DIVIDEND ON COAL PREFERRED

Stock Broke to 50, the Low Price of the Year, and Depressed the Rest of the Market. Dull Day in Wall Street.

By JOHN O. BAGLIN, Financial Editor.

The directors of the Pittsburgh Coal Company yesterday passed the quarterly dividend of 1¾ per cent on the preferred stock. The statement submitted to the meeting for the quarter showed earnings for the three months (June partly estimated) of a little more than $574,000. The fixed charges for the quarter were $304,650. The full dividend requirements for the quarter amount to $569,000, so that there was apparently a deficit in meeting these requirements of approximately $290,000. The statement issued by the Monongahela River Coal Company showed that owing to the embargo placed upon navigation and the consequent interruption to the operation of the plants of that company during the first four months of its fiscal year beginning November 1 last, there was a large loss in earnings during that period, and while for the four months of the fiscal year ended July 1 last earnings amounted to $200,000, it was deemed advisable to defer the semi-annual dividend on that stock. The Pittsburgh Coal Company, which owns a controling interest in the River Coal Company, did not, therefore, derive the expected income from the latter. This in connection with the competition in the coal trade from the increase in independent operations, cut down the earnings of the company and necessitated the action in passing the dividend on Pittsburgh Coal preferred stock.

The stock market foreshadowed this action by a violent break at the opening. On the local board initial sales were made at 55⅛, from which point there was a quick decline to 50⅝, followed by a slow recovery to 52¼, the market closing at 52 bid, 52⅛ asked. In New York the price touched 50, the lowest of the year, and the selling there was said to be for Pittsburgh account. The common stock declined to and closed at 12⅞.

The weakness in Coal preferred had a depressing effect upon the remainder of the list, although net changes were not important. River Coal preferred broke to 22¾ and recovered to 22¾, a net loss of 1¼ points. Crucible Steel common sold unchanged at 10⅝, while the preferred declined to and closed at 62⅜. United States Steel issues were dull and fractionally lower. Manufacturers Light and Heat and Pittsburgh Oil and Gas closed lower. Lustre Mining was strong, advancing to 25¾, closing at the top. United Copper also made a new high record by selling at 30½.

The New York stock market was extremely dull yesterday and prices closed lower all around. During the first half of the session the sales approximated 153,000 shares, and the total for the day was less than 275,000 shares. Unseasonably hot weather was given credit for quelling down the attendance of brokers and restricting purely professional trading, and the public was as apathetic as ever. London handled a few thousand shares, buying United States Steel, the Eries and Union Pacific, but the foreign markets were apparently as stagnant as our own.

The principal movement in prices was in the inactive list. National Biscuit was weak and broke from 60½ to 57¾, recovering to 59, closing at a net loss of 1½ per cent. The preferred closed at a decline of ¾ per cent. The weakness was said to be due to an attack made upon the stock in the Chicago market. United States Steel issues held relatively better than anything else, closing at a net loss of only ¼ per cent. Amalgamated Copper closed ⅝ per cent lower. The directors of Copper are scheduled to meet tomorrow, and there is some expectation of an increase in the rate of dividend.

In the railroad list the largest net loss was ⅞ per cent for Union Pacific and the largest net gain ¾ per cent for Pennsylvania. During the closing hour the trading was so dull that the tone of the market depended solely upon the operations of a few small professional traders, and was not significant of any change in general conditions.

The money market remained easy, call loans closing at 2¼ per cent. The commodity markets were irregular. Cotton declined, while wheat rallied from the extreme low point and closed steady. Farmers are rushing their grain to market at a rapid rate, however, the primary receipts of wheat yesterday amounting to 720,000 bushels, as compared with 883,000 bushels for the corresponding day last year. Bradstreet reported a decrease in the world's visible supply of 2,271,000 for the week.

FEATURES OF THE DAY

IN PITTSBURGH

Directors of Pittsburgh Coal passed the quarterly dividend on the preferred stock.

The market broke to 50⅝ here and to 50 in New York, the lowest of the year.

Semi-annual dividend on River Coal preferred also passed.

The rest of the market somewhat depressed and closed barely steady.

Luster Mining a strong feature, advancing to 25¾.

IN WALL STREET

Stock market extremely dull and rather heavy in tone.

Sales only 281,300 shares stock and $1,995,000 bonds.

The heat wave held responsible for the falling off in speculation.

Pennsylvania the only prominent railroad stock to close higher.

United States Steel common and preferred each lost ⅛ per cent.

NOTES AND COMMENT.

It was some time after the close of the market that the official announcement was made that the Pittsburgh Coal directors had passed the dividend on the preferred stock. The street was in a measure prepared for this action by the communication which President F. L. Robbins sent to the stock exchange and which was read from the rostrum, to the effect that the semi-annual dividend on Monongahela River Coal preferred had been passed, although the loss in earnings for the four months at the beginning of the fiscal year had been turned into a profit of $350,000 for the last four months. It was argued that if no portion of the 3½ per cent semi-annual dividend on River Coal preferred was declared, the regular rate would hardly be declared on Pittsburgh Coal preferred. The break in the latter which occurred early in the day also prepared traders for the passage of the dividend. Just before the market closed a trader paid 52¾ for the privilege of putting 50 shares Pittsburgh Coal preferred at 50 during the first 15 minutes of today's market, and this transaction caused some discussion as to the probable course of the stock today. When the announcement was made regarding River Coal preferred the stock declined to 22 and recovered to 22⅝, and 22 was bid for 1,000 shares. This price is equivalent to 44 for Pittsburgh Coal preferred, which has always had a wider market than River preferred. There was much difference of opinion as to the course of the market today. If the short interest is as large as estimated, buying to cover these contracts will prove a sustaining influence, and some traders thought that the market had already discounted the passage of the dividend. A small wager was made in one of the offices that the initial sale on the exchange this morning would not be better than 45, but other opinions were expressed that the market would be well supported around that price. It was thought that a good deal would depend upon what New York did. Judging from messages received by local wire houses, New York traders were feeling rather resentful over the recent course of the market, and accused Pittsburgh of unloading the stock. The dividend on Pittsburgh Coal preferred is cumulative, and all deferred payments must be made before any dividend can be paid on the common stock.

Crucible Steel preferred, American Window Glass preferred, Pittsburgh Coal preferred and River Coal preferred all on the non-dividend list. National Fire Proofing common in the same category. Pittsburgh Oil and Gas dividend cut in two, and Harbison-Walker Refractories preferred reduced from 6 to 4 per cent per annum. This is the record of the past two years, and it explains the narrowness and depression in the local market.

It was a typical midsummer market in Wall street. The small attendance of brokers at the stock exchange showed more interest in the discussion of the weather than in the market. A downward drift of a few eighths in an active stock was explained by the report that the principal trader in the stock had left the floor to lunge in whenever bath. The recovery in the stock was likely to follow the trader's return. Financial considerations of far-reaching consequence do not enter into the discussion of such a market. The bulk of the day's meager business was done in the first hour of the session.

There was nothing in the weekly crop bulletin of the weather bureau to disturb the recent confidence in the condition of the grain crops, but there was some upward reaction from the considerable decline in the price of wheat and the "hot winds" in Kansas factor made its belated entry into calculations in the wheat market.

In the allotment of the 50 million of Japanese bonds small subscribers receive the full amount in the subscription. Large applicants range down to 10 per cent of the subscription. No full statement of allotments will be made public for manifest reasons.

The Union Pacific dividend to be declared in the near future was much discussed in Wall street yesterday, and the continued belief that the stock would be placed on a 5 per cent dividend basis was modified in its effect by the question how far the increase had already been discounted in the price of the stock.

The recent demand for six months' time money was extended in that market for loans of some of the shorter periods and loan bills were offered in the foreign exchange market, with the effect in keeping down the price of exchange.

A leading continental paper, reviewing the Russian political and financial situation, says: "As to the present position of Russian securities in this market, our leading financial circles bear the responsibility of it, and the critical moment has now arrived in which public panic must be avoided. If the public perseveres in its sales, great depreciations in price may take place, which will be accentuated all the more when the public is cure in the humor of unloading. Without the intervention of the banks, there are no buyers forthcoming, as purchasers for carrying over, who supply what intervention is necessary in the ordinary course of events, are now non-existent. That being so, artificial support on the part of the leading financial houses will have to take place, and we can rest perfectly assured that it will."

In spite of the low level of stock commission business it was reported that a sale of a New York stock exchange seat had been effected at $90,000, an advance of several thousand dollars over the preceding price.

The department of agriculture has decided to disregard the June cotton report and to have a new report made up, the statistics being gathered at first hands throughout the cotton states.

The stamp tax on stock transfers netted the New York state treasury $440,200 during the month of June.

The $4,000,000 7 per cent cumulative preferred stock in the treasury of the American Woolen Co. has been given a par list and will be issued at par to stockholders of record August 1, payable September 1. This issue will make the total preferred stock outstanding $35,000,000, the limit authorized by the charter.

The activity displayed in the market for Allis-Chalmers shares in New York is beginning to attract considerable attention. Important developments are said to be pending in the form of a return to dividends on the preferred stock some time in the near future. There is no official authority for this, but the statement is made that earnings of the company are large and that a sufficient surplus is being accumulated over and above money now being expended for extensive improvements to pay a dividend at the regular rate of 7 per cent on the preferred stock.

Reports that a "melon" in the form of an extra dividend is to be cut by the Pullman company have been reiterated, but the stories lack official sanction. The last annual report of the company showed a large surplus and the present fiscal year, ending July 31, is expected to increase that item to a total well in excess of $20,000,000.

MARKET STREET SALE OF $30,000

Lawyers Realty Company Buys No. 104, and Deal Nets Owner $3,500.

A GOOD WILKINSBURG DEAL

The Lawyers Realty Company yesterday purchased the property at 104 Market street for $30,000. John B. Fitzgibbons of the Real Estate Corporation handled the deal, the sellers being S. Golden and Jacob Schein. These men, by the way, netted $3,500 on their investment of $26,500, made only about a month ago. When they bought the property it was freely predicted that they would make a handsome profit in the deal, as the price, although a good one compared with figures paid heretofore for Market street holdings, was very low compared with prices paid for similar property the location of which was not so good. The present figure is at the rate of $1,500 a front foot, or $25 a square foot, as the lot is 20x60 feet, extending back to an eight-foot alley. The three-story brick warehouse building on the lot is now vacant, and will be remodeled at once, so that it should rent readily for $2,000 or $2,200 a year. The movement in property in lower Market street and Water street started last month, and, judging by the inquiries now on hand, there may be some more interesting developments within a short time. Many brokers have contended for a year or more that these properties were entirely too low considering their location, and their judgment is verified by the large profits that have just been taken in this deal, and also in the re-sale of the Boggs & Buhl lot at 240-242 Water street, on which Theodore Cappell netted $8,000 after holding the property less than a month.

Woman Makes Wilkinsburg Sale.

It is not often that a woman figures in a real estate deal as a broker, but this distinction belongs to Miss Laura F. Crawford, who has just sold through the office of George Brothers the property of Miss Nancy B. D. Snodgrass at 715-719 Wood street, Wilkinsburg, for $27,500. The sale is of more than usual interest, too, because it establishes a record price for property on the west side of Wood street, between Franklin and South streets. The Snodgrass lot is 40x150 feet, which makes the price $687.50 a front foot. On the lot are three one-story frame store buildings, which are occupied by the Lazear stationary store, McGahan Brothers' novelty store, and the branch store of the W. B. Loveless Shoe Company. The buildings rent for $45 a month each. They were bought by Ralph Longenecker, who takes them for an investment.

James H. Graham has purchased from J. H. White a 10-room brick house on a lot 55x133 feet, facing on the east side of Craig street, near Center avenue, Fourteenth ward. The price is $34,000, or $680 a front foot. This is one of several good-sized sales that have been made in the vicinity of Craig street and Center avenue lately, and which are pushing up the prices of property steadily.

It is reported that Wood, Harmon & Co., owners of the Grandview allotment, have purchased from the estate of J. M. and James Bailey about seven acres of land at the south end of the Mt. Washington tunnel for $22,230, or about $3,250 an acre. The property will be used, it is said, for an addition to Grandview, which is practically sold out.

A $50,000 Addition for Pittsburgh Club.

The Pittsburgh club will soon have under way a $50,000 addition to its club house at 425 Penn avenue. Architects Alden and Harlow have awarded the contract for the building to Patterson & Shaw, who will make all haste in getting it finished before the winter season opens. The building will be erected in the rear of the present club house, and will be four stories high. The rooms will be handsomely finished in hard wood, and the older building will be thoroughly renovated to make it conform in appearances to the new structure. Architects Alden and Harlow have also awarded the contract to Patterson & Shaw for the stone residence which Eugene L. Magler will build in Shady avenue, E. End. The residence will be near the Mellon and Kennedy mansions, and will cost over $50,000.

The same architects awarded to the George M. Hogg Construction Company the contract for an addition to the school house at Edgeworth, to cost $20,000.

Architects MacClure and Spahr have been selected to design the proposed home of the University club which it is expected will cost $100,000. As announced in The Gazette six weeks ago, the club will probably locate at Fifth avenue and St. Pierre street, on the Schenley farm, although no articles of agreement have been signed. A meeting will be held August 28, when the details in the purchase will likely be arranged.

Architect Sidney F. Hechest has plans for a Roman Catholic church to be erected at Glenfield.

Closing Deals in Haste.

Brokers are hurrying to get their deals closed up before they leave for their usual summer vacations. Yesterday the deeds were registered in three large sales which were announced some time ago when the articles of agreement were signed. Theodore Kaufmann has secured title from John Goettmann to an improved property, 50x100 feet, at the southeast corner of Penn avenue and Thirteenth street for $70,000. Edward L. Riley now has title to an improved lot, 20x148 feet, at the northeast corner of Penn and Euclid avenues, Nineteenth ward, which he recently bought from Charles Donnelly for $40,000. The deal has also been closed for the Hannah Bedillion property, 18.10x50 feet, on the north side of Penn avenue near Ninth street, which Harry Davis bought for $75,000.

P. J. Edwards has purchased from Charles Schwanh a property 60x100 feet, at the northeast corner of Frankstown avenue and Continental street, Twenty-first ward, for $12,600.

Belmar place: Clarence A. Kurtz sold to Clyde N. Harper an improved lot, 25x138 feet, on the south side of Monticello street, Twenty-first ward, for $4,500.

Preble street: Adam Kaminski sold to Henry F. Rooper an improved lot, 30x120 feet, on the north side of Preble street, near Thirtieth street, Thirteenth ward, for $4,600.

Cypress street: Patrick Fitzgerald sold to Martin Kelly an improved lot, 20x100 feet, on the southwest side of Cypress street, near Edmond street, Sixteenth ward, for $2,350.

Cliff street: Thomas Logan sold to E. C. Harris an improved lot, 24x78 feet, on the north side of Cliff street, Eleventh ward, for $1,900.

Morningside: E. W. Kirkpatrick sold to George Zeuger 40x100 feet on the north side of Morningside road, Eighteenth ward, for $1,450.

Brookline Gets Another New Church.

The Rev. James Mechem, presiding elder of the Methodist Episcopal church, for the Church union of the Pittsburgh district, has just closed negotiations with the Freehold Real Estate Company for the purchase of lots 687, 688 and 689 on Brookline boulevard for $4,000. Under the terms of agreement a brick church costing $8,000 is to be completed within one year. Dr. Mechem says that plans will be completed about October 1, and is quite anxious to push matters as rapidly as possible, as he feels that Brookline will have a considerable population in the near future.

The Wool Market.

BOSTON, July 18.—Although the wool market is still quiet, it is believed that an active period is about to open. The larger manufacturers have not been heavy buyers, but enough of the smaller mills have been operating to make the aggregate of sales larger than for several weeks. In prices the market is notably strong. The continued firmness reported from the London sales is an important factor. Fulled wools are scarce. Territories have sold well. The range of prices is about as follows: Ohio and Pennsylvania XX and above, 26@27c; X, 25@26c; No. 1, 24@25c; No. 2, 22@24c; fine unwashed, 20@22c; three-quarter blood, unwashed, 25@26c; three-eighths blood, 25@26c; half blood, 25c; unwashed delaine, 29@30c; unmerchantable, 22@23c; fine washed delaine, 30@32c. Michigan—Fine unwashed, 27@28c; one-quarter blood, unwashed, 32@33c; three-eighths, 34@35c; one-half blood, 32@33c; unwashed delaine, 28c. Kentucky, Indiana, etc.—Three-eighths blood and one-quarter blood, 32@33c. Territory—Idaho, fine, 22@24c; heavy fine, 20@21c; fine medium, 22@23c; medium, 26@27c; low medium, 23@25c. Wyoming, fine, 22@24c; heavy fine, 19@20c; fine medium, 22@23c; medium, 26@27c; low medium, 26@27c. Utah and Nevada, fine, 22@23c; heavy fine, 18@20c; fine medium, 22@23c; medium, 25@27c; low medium, 27@28c. Dakota, fine, 22@23c; fine medium, 24@25c; medium, 26@27c; low medium, 25@26c; fine average, 23@24c; fine medium, choice, 25@26c; average, 21@22c; staple, 28@30c; medium, choice, 28@30c.

Pig Iron Certificates Market.

NEW YORK, July 18.—(Special.)—Bids were slightly higher in most cases early in the session of the pig iron market, but only moderate activity resulted, as holders were still strong. First call, 11 a. m.:

	—Regular.—		—Foundry.—	
	Bid.	Asked.	Bid.	Asked.
Cash	$14 90	15 00	$	$
July	14 55	15 00	14 85	15 15
August	14 50	15 00	14 85	15 15
October	14 50	15 00	15 00	15 50
November	14 50	15 00	15 00	15 50
December	14 50	15 10	15 00	15 50
February	14 75		15 15	15 76

Sales, 1 p. m. call: 200 tons Foundry September at $15 10; 100 tons Foundry October at $15 15.

There was no activity late in the session, although the market was slightly stronger. Second call, 1 p. m.:

FINANCIAL AND TRADE NOTES.

WASHINGTON, July 18.—Today's statement of the treasury balances in the general fund, exclusive of the $150,000,000 gold reserve in the division of redemption, shows: Available cash balance, $126,228,827; gold, $72,226,091; silver, $21,081,892; United States notes $18,022,950; treasury notes of 1890, $34,428; national bank notes, $19,079,420; total receipts this day, $1,246,585; total receipts this month and year, $28,025,855; total expenditures this day, $1,950,000; total expenditures this month and year, $30,760,000; deposits in national banks, $73,675,896.

NEW YORK, July 18.—(Special.)—The Sloss-Sheffield Steel and Iron Company and the Alabama Consolidated Coal Company have announced an advance of 50 cents a ton in pig iron. The Sloss-Sheffield has raised the price from $11 to $11 50, and the Alabama Consolidated from $11 25 to $11 75, which is equivalent to an advance of 50 cents a ton. There has been a pronounced change for the better in iron prices over last week, and manufacturers now seem convinced that the tide has turned.

WASHINGTON, July 18.—Newly national bank notes received today for redemption, $782,555; government receipts from internal revenue, $538,716; customs, $743,490; miscellaneous, $102,247; expenditures, $1,950,000.

NEW YORK, July 18.—The directors of the Bethlehem Steel Corporation today declared the first dividend on the 1st Preferred stock of 1¾ per cent as of July 1. The dividend is payable August 1.

Battleship Ohio Accepted.

WASHINGTON, July 18.—The navy department has finally accepted the battleship Ohio, flagship of Rear Admiral Train, commander-in-chief of the Asiatic fleet. The Ohio was built by the Union Iron Works of San Francisco.

SELECT EGGS MAKE AN ADVANCE OF HALF CENT

Product of the Hennery Is Getting Scarce—Prices on Produce Are Generally Down.

It will probably be a case of marked-down sale in the local markets today. Dozens of articles came down in price yesterday, only one going a trifle marked up. The most important advance was in eggs which were marked up a half cent. The reductions made, which were quite liberal, were confined entirely to fruit and produce. Groceries and the hay and grain markets held their own although there is said to be some shading going on in the flour line.

The day was a good one for business, and all dealers along the street were busy. The hot weather seems to be driving everybody to eating fruits and plenty of green stuff, to the loss of the butcher, but the gain of the partaker. As a result business has picked up wonderfully, and the heavy supplies are none too great. All stock received is coming in in good condition, despite the heat, and it is only an occasional car of berries or something similar which seems to have been heat struck.

Selected eggs have moved up and are now quoted at 19@20 cents. This is not surprising, as they are scarce even at that price. The butter market has also improved considerably this week.

HAY AND GRAIN.

Receipts.

Receipts yesterday were: Pennsylvania, 11 cars hay, 13 cars oats, 1 car corn, 2 cars feed, 1 cars straw. Baltimore & Ohio, 8 cars hay, 9 cars oats, 1 car corn. Pittsburg & Lake Erie, 1 car hay, 1 car feed, 1 car oats.

The market was firm yesterday in all lines. Light receipts have often made a slight drop which took place in the west, and the advance there yesterday will help strengthen the local situation materially. Oats are strong and in good demand. The absence of a number of dealers at the hay convention in Toledo robbed the market of a little of its activity, but the business outlook is unusually good.

Lower Southwest Operators Hoping for New Pool in Tyler County

Lower southwest operators are hopeful of developing a new pool on Sugar creek, Meade district, Tyler county. For some time there has been some oil work going on in that locality, and the wells are now in of nearing the sand.

Hook and Dent Brothers have drilled their test on the Mary Ann farm into the Big Injun and the hole was filled up 500 feet with shot. It will make a fine producer. On the same property the Crystal Oil Company has struck the test on the Margaret Thurman farm and is into the Big Injun, and has a show for a good producer. It is still drilling and may get a second pay. In the same locality, the Carter Oil Company's second test, on the Jones land, and on the James Dorgett farm, as well as the first test, on the Wick farm, the Keystone Oil and Gas Company's No. 1 on the T. H. Duvall farm, is producing 40 barrels a day. In Hancock district, Tyler county, the same company has drilled its test on the James A. Gorrell farm, located on Middle Island creek, into the Maxon sand, and has a show for a good producer.

In the Indian Territory, Pigeon county, the South Penn company has drilled the No. 4 on the T. A. Carpenter farm through the sand and developed nothing of a paying gas. It is now drilling in the top of the Berea.

In the Burning Springs district, Wirt county, Williams Brothers & Co. have drilled their No. 10 on the Gibson-Neal tract through the second Cow Run sand, and have a light show for it. In the same district, Wells & O'Neil have completed No. 18 on the Waitts tract, and have a fair well.

In Wood county, along the river front, the Oak Hill Oil Company has completed its No. 1 on the L. Uhl farm, and has a fair pumper. In the same district, Bennett & Co. have drilled their test on the M. A. Hanna farm through the Cow Run sand, and have a show for a five-barrel pumper.

In the Fayette district, on the Coal side, in Wyoming county, Sipes & Hoover have completed their No. 1 on the Hoover farm, and have a five-barrel pumper on the Big Injun, and the same district, Smith & Eddy have completed their No. 10 on the Mary E. Dodge farm and have a 15-barrel pumper in the Coal Run sand.

North of Marietta, the Fore Oil Producing Company's crew changed out its No. 1 on the Ormsbee farm, plugged the hole and moved the rig six or eight feet and drilled a new hole and got a rock outlet. The same company has completed a second test on the Charles Palmer farm and has a duplicate. No. 2, on the A. W. Partridge farm, has been completed, and is drilling for its fifth or Big Injun sand.

In the Clear Fork district, Wetzel county, the Fore Oil Company has completed a test on the William Wilson farm, and has a show for a five-barrel pumper in the Big Injun.

At Shinnston, Harrison county, the Hope Natural Gas Company has struck a good gas well on the M. Crabb farm, and has a flow of the Devil Creek gas in the Alexander pool. Hand Brothers, of Fairmont, have completed a well on the M. Crabb farm, and have

ALLEGHENY GETS FREIGHT STATION

Pennsylvania Railroad Will Erect Big Modern Warehouse on Church Avenue Property.

YOUNGSTOWN DEPOT UNIQUE

The Pennsylvania Railroad Company's property between Federal and Anderson streets and Church avenue and the Fort Wayne tracks in Allegheny will be used as a site for a freight station. For a long time there has been considerable interest manifested by the general public regarding the disposition the Pennsylvania would make of this valuable property, and even the railroad men themselves were in a quandary. There was a proposition at one time to use the property, or a portion of it, for the passenger terminal for the Fort Wayne suburban service and the West Penn trains, but this idea was not worked out for a reason that time left unexplained.

A few days ago all of the tenants of buildings on the two narrow blocks were served with notice to remove to other quarters, as the property was desired by the Pennsylvania. It was learned from an authoritative source that the property was to be used for a freight warehouse, and this was affirmed by a representative of the Pennsylvania railroad.

The new freight house will be not only a big improvement for Allegheny and Pittsburgh, by increasing the facilities for handling the merchandise freight here, but it will also do away with a grade crossing at Anderson street. Entrance to the building will be obtained by building elevated tracks from the Chestnut street yards, the elevated tracks crossing Anderson and Sandusky streets by overhead bridges similar to those of the Pennsylvania company adjoining. The complete plans for the building and methods of handling the freight have not been worked out in detail, but it is probable that large elevators will be used to raise the freight from the wagon floor to the car platforms along the elevated tracks. Another plan is to have the cars run to the level of the ground floor by an incline track. The whole structure will be inclosed under roof and will make a good improvement for that portion of Allegheny.

The lower portion of the freight warehouse will, of course, consist of two parts—one extending from Federal street to Sandusky street and the other from Sandusky street to Anderson street. It is likely that there will be a driveway extending through the whole structure lengthwise, and the most modern facilities will be installed for handling the merchandise freight. While the freight house will be intended primarily for the West Penn division business, it will also be used for business of other lines from Allegheny and Pittsburgh. For instance, as in the present methods, if a shipper wants to load a car of freight for some point on the Panhandle route, and the new West Penn freight station will be more convenient than the Panhandle freight house at Grant street, Pittsburgh, the car will be loaded in Allegheny and transferred to the Panhandle, either through the Pittsburgh yards or by way of the Fort Wayne and Ohio connecting roads to the new Scully yards for classification.

Owing to the tenants having been asked to vacate the premises, it is understood that the Pennsylvania will proceed at an early date with the erection of the new freight station.

B. & O. Has Unique Station.

The new station of the Baltimore & Ohio railroad at Youngstown is one of the most unique and at the same time most modern in the country. It is impossible for a passenger to go directly from the station to the train platforms, and thus many accidents that have been common at stations in the smaller cities will be lessened or entirely avoided. The Youngstown station has what is known as an "island" platform. Entrance to this platform is gained only by going through gateways that are guarded at all times, and up a short stairway to the platform between the passenger train tracks, which are fenced off so as to allow entrance in no other way. This method follows somewhat the idea of the German railway station for smaller cities. In having the gateways and allowing only patrons for the train departing to be admitted, the station rules in vogue in larger cities are enforced. The station building is a two-story brick and stone structure, with the waiting rooms, ticket offices and baggage rooms occupying the first floor, which is level with the street. The second floor, which is level with the tracks, contains railroad offices. Assistant General Passenger Agent Joseph P. Taggart, who returned from Youngstown last evening, said that he has never seen a better station on any railroad.

Interest in New Route.

Much interest has been manifested in the new route of the four-track line of the Pennsylvania railroad between Southwest Junction and Beatty station, as authorized by the board of directors at a special meeting on Monday. Owing to the fact that little information was given other than that a new route had been decided on to do away with Donohoe tunnel, except for east-bound freight traffic, the local Pennsylvania officials have been wondering whether the new route does away entirely with a tunnel. None of the local Pennsylvania officials know the details of the proposed line, nor do managers of the Pittsburgh offices of the two firms to which the contracts were awarded—the Columbia Contracting Company and the Drake & Stratton Company—know the plan. It is said that the change of route was made at the suggestion of officers of the Pittsburgh division, who know well the disadvantages of the Donohoe tunnel, which has been one of the worst points for operating on the whole division. Owing to the announcement that this tunnel will be used exclusively for east-bound freight trains, it is evident that the new route passes to the north side of the tunnel.

Reynolds Leaves Panhandle.

J. M. Reynolds, ticket agent for the Pennsylvania lines west at Steubenville, O., has resigned his position, effective August 1. Mr. Reynolds took this step because of his having been elected auditor of Jefferson county at the last election. His tenure of office will begin October 15 and will continue six years. Mr. Reynolds is known to almost every man connected with the Pittsburgh division of the Panhandle, and is also widely known among traffic men. He has been agent for the Panhandle passenger department at Steubenville for about 15 years, having been appointed ticket agent there as successor to Charles T. Mandel. His successor has not been named, but a man will likely be chosen within the next couple of days.

P. & L. E. Securing New Cars.

The first consignment of 1,000 coal cars built by the Pressed Steel Car Company for the Pittsburgh & Lake Erie Railroad Company, was delivered yesterday to the yards at McKees Rocks. These cars are of the flat-bottom gondola type, with twin hoppers, and will be used for both coal and ore hauling. They are a portion of the Lake Erie's equipment order for 1905. The remainder of the cars will be delivered at intervals between now and fall. This lot of cars will give the Lake Erie a good supply to meet the increasing demands for cars at the mines and mills.

Pennsylvania Meets Cut Rate.

The Pennsylvania railroad passenger department has decided to meet the cutting of the rate by the Pittsburgh & Lake Erie railroad for the Pittsburgh-Chautauqua business, and beginning next Friday, Division Ticket Agent James P. Anderson of the Buffalo and Allegheny Valley division of the Pennsylvania has been authorized to order the sale of tickets from Pittsburgh to Mayville, on Chautauqua lake, at the rate of $3. The tickets will be good from Friday to Monday inclusive. This rate will apply for week-end tickets throughout the summer season.

Railroad Notes.

Miss Jennie Smith, the railroad evangelist, spent a few hours in Pittsburgh.

J. H. P. Hughart, general manager of the Grand Rapids & Indiana railway, was here conferring with Pennsylvania lines officers.

W. H. McIntire, freight and ticket agent of the Pennsylvania lines at Stoneboro, Pa., accompanied by his son, were in Pittsburgh yesterday.

W. L. Wilt, chief clerk of the motive power department of the northwest system, Pennsylvania lines west, was in the city from Ft. Wayne.

The Pittsburgh & Lake Erie proposes to reduce the running time of some of its Pittsburgh-Youngstown trains to 75 minutes for the 68-mile run.

S. Lloyd Shank, chief clerk to District Passenger Agent J. K. Dillon of the Pennsylvania lines west, is confined to his home by illness, caused by the excessive heat.

George W. Mingus, Jr., resigned his position as clerk in the office of Vice President B. A. Worthington of the Wabash. Mr. Mingus has been associated with the road from its start of work into Pittsburgh. He was formerly in the transportation department of the Pennsylvania lines.
